SALES POLICY

Mercer's Marine products may be purchased from any of our Authorized Dealers throughout Canada (Certain product exceptions may apply). For the name of the Dealer nearest you, please contact us. You can also order directly from this catalogue or our website at www.mercersmarine.com

PRICING

As we aim to publish our catalogue bi-annually, price fluctuations may be inevitable. As a business in today's modern world, we are constantly faced with the challenges of an ever-changing global market, rising inflation rates, and most recently the detrimental effects that the covid-19 pandemic has had on our economy. Therefore, in turn, we are oftentimes unable to predict nor control product price adjustments. We would however, like to highlight that our website will consistently strive to provide the most current and up-to-date price list for our customers. All prices are in Canadian dollars, and do not include shipping charges or applicable taxes.

SHIPPING

We ship by courier, transport truck, post and coastal boat. We have negotiated special rates with many carriers which we will pass on to our customers. Please note, maximum weight shippable by post is 30kg and maximum length is 2 meters. Also, all liquids, paints, pressurized containers and flares cannot be shipped by post and some carriers may charge a **Dangerous Goods Fee** for these products.

PRODUCT SPECIFICATIONS

As manufacturers reserve the right to make changes to their product without notice, we cannot be liable for the accuracy of product information. To the best of our ability, the information provided in this catalogue is believed to be correct. We, however, wish to emphasize that for total accuracy on information, manufacturer's literature can be provided by request or by visiting the manufacturer's website.

TERMS & PRIVACY

We accept cash, Visa, Mastercard, & in-store Debit Card (Interac), Please be sure to have credit card number as well as expiry date when ordering. Products will not be shipped until credit card authorization has been obtained. Your privacy is important to us! We want you to know that we hold your financial and other personal information in strict confidence. We do not sell, share or trade our customers' personal information to marketing companies or information brokers.

RETURNS, EXCHANGES & WARRANTY

1. Returned goods must include invoice number and date of purchase.
2. **Goods must be returned, prepaid, within 30 days of purchase and must be in original condition and undamaged packaging.**
3. Warranties will be as stated by manufacturer unless otherwise stated by Mercer's Marine.
4. We can not accept returns on special order items, cut hose or cut chain.

Dear Valued Customer

The management and staff at Mercer's Marine are pleased to announce yet another publication of their traditional, user-friendly catalogue. As a proudly owned and operated 4th generation business in Newfoundland and Labrador (est.1957), we are always pleased to offer our much-appreciated customers a detailed and comprehensive publication of what our very diverse store has to offer. Since 1981, Mercer's has placed much dedication on its catalogue production, of which to date has been released every two years.

In addition, we are delighted to invite our customers to check out our website at www.mercersmarine.com. Here, our customers will find the most current up-to-date pricing, as well as our "live inventory" browsing, which allows customers to see current "in stock" and "out of stock" items. Due to ever-changing fashion trends and seasonal product transitioning, our website displays many clothing and footwear lines that are not included in our catalogue.

We would also like to inform our customers that mercersmarine.com is a mobile friendly online site. Shop 24/7 anytime/anywhere from your smartphone, tablet etc. Check us out on facebook/Instagram/tiktok to see what's currently trending at Mercers Marine!

We also suggest dropping by our store, meeting our staff, and enjoying a unique and pleasurable experience. We wish to thank you for your past support and hope to see or hear from you soon. If you have any questions or concerns about ordering from our website please contact our Website Manager, Donnie Bowring for assistance.

Best Regards

From the Management & Staff at Mercer's

Commercial Fishing Gear

TYPICAL HYDRAULIC INSTALLATION

A typical installation employs the simplest of hydraulic circuits. Minimizing the number and complexity of the components increases the system's reliability and durability, keeps costs to a minimum, and makes them easier to install and operate. Power to drive the hydraulic pump most often comes from the vessel's engine through a belt or direct system (with or without an electric clutch), but can also be provided by an auxiliary engine or, as in the case of an outboard engine powered or unpowered vessel, a portable hydraulic power unit that combines an engine, hydraulic pump, tank and filter in a single, compact unit.

1. Head Assembly
2. Work Lines - high pressure
3. Control Handle
4. Control Handle Connector
5. Control Valve
6. Hydraulic Fluid Tank
7. In-Line Filter
8. Return Line - low pressure
9. Pump Discharge line - high pressure
10. Pump Suction line - low pressure
11. Hydraulic Pump
12. Pump Mount Bracket

10" 90° HEAD ASSEMBLY

Maximum line pull 390lbs., maximum line speed 1060 fpm. Complete with 6 cu. in. displacement motor, cast iron aluminum mounting plate, cast bronze hub, painted steel discs, cast iron splitter, cast bronze rope deflector, and cast aluminum hub cover. Hydraulic motor fittings included. Shipping weight - 32 lbs.

44-452KChar-Lynn 101-1003P.O.R.

12" 90° HEAD ASSEMBLY

Maximum line pull 900lbs., maximum line speed 320 fpm. High torque model, used for hauling crab pots in deeper waters. Complete with cast aluminum mounting plate. This model has a 23 cu.in. displacement motor, cast bronze hub, painted steel discs, and a cast iron splitter. Hydraulic motor fittings included.

44-926KChar-Lynn 101-1008P.O.R.

Maximum line pull 585 lbs., maximum line speed 630 fpm. As above except with 12 cu.in. displacement motor. Shipping weight - 43 lbs.

44-453KChar-Lynn 101-1005P.O.R.

14" 90° HEAD ASSEMBLY

Maximum line pull 1500lbs., maximum line speed 390 fpm. Complete with 30 cu.in. displacement motor, cast aluminum mounting plate, stainless steel hub, painted steel discs, cast iron splitter, cast bronze rope deflector, and stainless steel hub cover. Hydraulic motor fittings included. Shipping weight - 76 lbs.

44-455KChar-Lynn 104-1434P.O.R.

10" HANGING HEAD ASSEMBLY

Maximum line pull 390 lb. Maximum line speed 1060 fpm. Complete with cast aluminum mounting plate with swivel eye. 6 cu.in. displacement motor, cast bronze hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 43 lbs.

44-520KChar-Lynn 101-1003P.O.R.

12" HANGING HEAD ASSEMBLY

Maximum line pull 950 lb. Maximum line speed 315 fpm. High torque model designed especially for crab fishing and other applications where heavy line pull is needed. Complete with cast aluminum mounting plate with swivel eye, 23 cu.in. heavy duty displacement motor, cast bronze hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 51 lbs.

44-470KChar-Lynn 103-1008P.O.R.

Maximum line pull 900 lbs. Maximum line speed 320 fpm. Same as above except with 23 cu.in. displacement motor. Shipping weight - 48 lbs.

44-469KChar-Lynn 101-1008P.O.R.

Maximum line pull 585 lb. Maximum line speed 630 fpm. Same as above except with 11 cu. in. displacement motor. Shipping weight - 44 lbs.

44-445KChar-Lynn 101-1005P.O.R.

14" HANGING HEAD ASSEMBLY

Maximum line pull 1500 lb.
 Maximum line speed 390 fpm. Still the mainstay of the inshore crab fishery. Has stainless steel hub to withstand the strongest pulls. Complete with cast aluminum mounting plate with swivel eye. 30 cu. in. displacement motor, stainless steel hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 103 lbs.

- 44-446KChar-Lynn 104-1434P.O.R.
- 44-447KExcel 30.....P.O.R.

15" HANGING HEAD ASSEMBLY

Extra heavy duty cast iron discs. Cast bronze hub and machined grease passage. Hub and motor shaft are protected by a stainless steel hub cover with grease fitting and neoprene gasket. Also accepts any of the motors currently offered on our 14" haulers. Shipping weight 182 lbs.

- Maximum line pull 2050 lbs.**
- Maximum line speed 340 fpm. 30 cu. in.
- 44-1502KParker TFO-475P.O.R.

17" HANGING HEAD ASSEMBLY

Maximum line pull 2500 lb.
 Maximum line speed 480 fpm. The ultimate when nothing less will do. Handles the deepest and heaviest hauls with ease. Complete with cast aluminum mounting plate with swivel eye. 60 cu. in. displacement motor, cast bronze hub, painted steel discs, and cast iron splitter. Hydraulic motor fittings included. Shipping weight - 230 lbs.

- 44-448KChar-Lynn 112-1069P.O.R.

FAIRLEAD ROLLERS

Solid machined aluminum rollers with bronze bushings and stainless steel shafts.

- 44-451K5" dia - 17" heads 216.00

REINFORCING DISC

A steel disc used on the outside of the plates on a 14" crab hauler. Strengthens plates and prevents cracking of plates around the bolt holes.

- 44-549K14" only 148.00 ea.

DISC LINERS

The perfect item to protect your hauler head investment. Simply install a pair of these between your hauler discs and replace these liners as they wear, not your hauler discs. Made from 1/16" thick steel and galvanized for corrosion resistance, inside surfaces of liners are scored to avoid line slippage.

Hauler Head Assembly Replacement Parts

Please use the chart above to select the correct part for your hauler head assembly. This diagram is intended as a guide only. Multiple items are available in various different materials. Make sure you choose the correct part number you need for the material you require. The quantities required for some parts such as shims and bolts vary for different head assemblies.

- 1.) Backing Plate
- 2.) Hub
- 3.) Disc Set
- 4.) Disc Shims
- 5.) Hub Cover Gasket
- 6.) Hub Cover
- 7.) Disc Bolts
- 8.) Splitter Shim
- 9.) Splitter
- 10.) Splitter Bolts
- 11.) Rope Deflector Assembly
- 12.) Motor Mount Bolts
- 13.) Motor Fittings

GALTECH CONTROL VALVE (Q-35 SERIES)

This 3 position valve has a maximum flow rate of 12 gpm and a maximum pressure rating of 3000psi. Great for smaller hydraulic system needs. The main line has a #8 ORB in port with a #8 ORB out. The work lines are #8 ORB. Valve comes complete with handle.

- 44-1518K.....3 Position Detent365.00
- 44-1519K.....3 Position Spring Centre295.00

GALTECH CONTROL VALVE (Q-75 SERIES)

This marine grade valve has a maximum flow rate of 22 gpm, with a maximum pressure rating of 3625 psi. The main line uses a #10 ORB in, and a #12 ORB out port size, along with #10 ORB work ports. The valve is standard with a double 3 position spring centered configuration. However can be modified to detent with the purchase of a detent kit. Supplied complete with handles.

- 44-1530K2 x 3 position spring center.....655.00
- 44-1533K.....Detent kit85.00

GALTECH CONTROL VALVE (Q-95 SERIES)

This rotary spool valve has a maximum flow rate of 32 gpm and a maximum pressure rating of 3000psi. Rotary spool offers great speed control. The main line has a #12 ORB in port with a #12 ORB out. The work lines are #12 ORB. Valve comes complete with handle.

- 44-1540KRotary Spool.....675.00

GALTECH CONTROL VALVE (Q-75 SERIES)

This marine grade valve has a maximum flow rate of 22 gpm, with a maximum pressure rating of 3625 psi. The main line uses a #10 ORB in, and a #12 ORB out port size, along with #10 ORB work ports. Valve is available in 3 position detent, 3 position spring center, or 3 position spring center motor spool depending on your application. All models are supplied with handle.

HYDRAULIC POWER PACKS

A lightweight system powered by the renowned Honda 4-stroke gasoline engine. Proven reliability and endurance in the marine industry. Systems include Honda engine, Hydraulic pump/tank and return line filter. Units are completely assembled. Supplied with either stainless steel or marine aluminum tank and mount.

HONDA 5.5 HP – 5 GPM
Stainless steel hydraulic tank
 5.5 HP Honda GX160 engine, 5 gpm hydraulic gear pump. 3 gallon hydraulic tank.
 Approx. size: 20”H x 19”L x 16”W.
 Approx. dry weight: 55lbs.
 44-501AP.O.R.

HONDA 9 HP – 8 GPM
Stainless steel hydraulic tank
 9 HP Honda GX 270 engine, 8 gpm hydraulic gear pump. 5 gallon hydraulic tank.
 Approx. size: 23”H x 21”L x 18”W.
 Approx. dry weight: 85 lbs.
 44-379AP.O.R.

HONDA 13 HP – 11.3 GPM
Aluminum hydraulic tank
 13 HP Honda GX390 engine, 11.3 gpm hydraulic gear pump. 8 gallon hydraulic tank. Approx. size: 23”W x 26”L x 25”H. Approx. dry weight: 120 lbs.

METARIS HYDRAULIC GEAR PUMP

20 gpm. @ 1200 rpm, maximum pressure 2500 psi. 1" keyed shaft. This pump is commonly referred to as the "fish pump" and bolts directly to a 200 or 250 ft.lb. clutch, by using a SAE "A" 6-bolt round flange. Pump operates in either direction.

44-606K3000 Series.....749.00

ALUMINUM PUMP BRACKET

44-124Kfor TB Pumps.....	97.50
44-123Kfor TC Pumps.....	97.50

HYDRAULIC GEAR PUMPS

An exceptionally compact and lightweight pump for their capacity. Terrific for many low flow applications such as hydraulically driven washdown and water pumps and portable hydraulic power units. Simple, efficient pressure loaded design - few moving parts. Highly tolerant to fluid contamination and extremely reliable under cold weather operation.

ADJUSTABLE ALUMINUM PUMP BRACKET

44-339K.....410.00

Parker

Model D14

5.0 gpm @ 3600 rpm, max. psi 2500.

5/8" ORB inlet - 1/2" ORB outlet.

Shaft size 1/2". 4-bolt mounting. Clockwise rotation.

44-573K.....452.00

Parker

Model D22

7.9 gpm @ 3600 rpm, max. psi 2500.

5/8" ORB inlet - 1/2" ORB outlet.

Shaft size 1/2". SAE-A 2-bolt mounting. Clockwise rotation.

44-574K.....452.00

ADJUSTABLE STEEL PUMP BRACKET

44-628K.....299.00

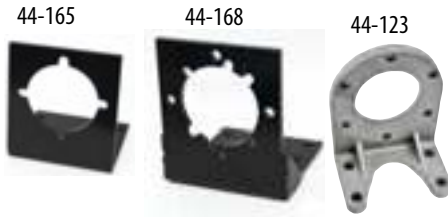

PITTS BELT DRIVE ELECTRIC CLUTCH

Model H24V90 - 90 ft.lb.

Static torque rating of 90 ft. lbs. 6" dia., 2 groove pulley for 1/2" v-belts. 5000 rpm max., 4 amp draw. Designed to fit Gresen TB pumps.

12v. clutch for 3/4" keyed shaft & "A" 2 bolt style pump mount

44-939K.....For "C" mount.....P.O.R.

OGURA

250 FT. LBS. CLUTCHES

The OGURA clutch series offers both reliability and affordability. The new spring design makes this clutch bi-directional and can be converted from 1" bore to 3/4" bore, 7/8" keyed or splined drive by adding an insert. The 1" bore is double keyed for a quick fix in a damaged keyway situation.

Following the design of our extremely popular and reliable 250' lbs. "TC" mount clutch, Mercer's Marine introduces the same great clutch in a "B" mount configuration. You can now easily bolt the clutch to any "B" mount pump and bracket with 2 bolts for a very strong and quick installation. All fit standard 1" keyed shaft.

OGURA

450 FT. LBS. CLUTCHES

The OGURA 450 and 1000 Ft. Lbs. clutches have all the same advantages as the 250 Ft. lbs. clutch with the exception that it requires an insert (see below) to convert the 1 3/4" bore to your pump specifications, making it one of the most versatile clutches in the industry. All 450 & 1000 Ft. Lbs. clutches are direct drive.

PETROWRAP ANTI-CORROSION TAPE

Petrowrap Tape has been developed for long term protection of metal surfaces that are underground, underwater, or exposed - even in the most severe environments. It consists of a cold applied system of petrolatum-based PetroWrap Anti-Corrosion Tape, PetroWrap Primer, and, where contouring is necessary, PetroWrap Mastic. PetroWrap adheres to surfaces without heating, even on damp and/or indifferently prepared areas. 50mm wide x 10m

44-1072K.....	High pressure.....	11.95
---------------	--------------------	-------

HYDRAULIC TANKS

Heavy duty construction, complete with 1 1/4" suction & return ports. Complete with breather cap and 3/8" drain plug.

XLE-PERFORMER ROPE

XLE is made from the highest quality polyester yarns with marine finish on both core and cover. The balanced core to cover construction insures that XLE will remain easy to handle and splice while offering maximum abrasion resistance. Color fast cover yarns are solution dyed Firebrite 2000 polyester available in red, blue and black. This strong, low stretch double braid is ideal for all running rigging applications on performance cruisers and racing boats. 100% polyester double braid. **Approx. 600 feet per coil.**

SPECTEC-12 SYNTHETIC ROPE

SPECTEC-12™ is a hollow braided 12-strand rope using 100% Spectra fiber. It is designed with single ply construction. Spectec-12 yields one of the highest strength to weight ratios available in a synthetic rope. It comes standard with a urethane coating that provides additional abrasion resistance while remaining easy to handle and splice. SPECTEC-12™ has a Gravity of 0.98, Very High Strength, Low Elongation, Easy Handling, Fully Spliceable. SPECTEC-12™ is commonly used for Wire Rope Replacement, Mooring Lines, Winch Lines, Pulling Lines and Rigging Lines.

PREMIUM DOUBLE BRAIDED NYLON DOCKLINE

These light- and heat-stabilized lines are made from strong, multifilament nylon fiber that can absorb sudden shock loads without breaking. These dock lines offer greater wet strength and abrasion-resistance than other nylons, and are spliced for added strength. Resistant to UV light, rot, oil, gasoline, grease, marine growth, mold, mildew, and most chemicals.

BROWNELL "HT" TWINES

This twine holds the knot you tie in it. Once tied, it will not tighten or loosen due to its unique bonding agent, which will not wash out. C-1 is the best twine available for hanging most types of fish nets, in particular monofilament gill and shrimp nets. It is suitable for use with polyethylene netting. The bonding gives the twine very high abrasion resistance. Non slip, heat treat coated. Supplied in 1 lb. balls.

SINGLE EYE POLY BUOYS

The original POLYFORM™ all purpose buoy/"all round" fender with its well-known blue, rib-reinforced ropehold. Produced from the best marine grade Vinyl material by use of Provinor's in-house developed Welcotec moulding technology. The specially designed, solid and multiple rib-reinforced ropeholds guarantee the highest breaking strength available. POLYFORM™ buoys/fenders are designed to stand up to the most demanding use in commercial fishing, aquaculture and for general marking and floatation applications and they are a "must" for the protection of larger recreational crafts and yachts.

66-110A	Yellow P.O.R.

POLYFORM 2 EYE FENDERS

Outstanding quality, heavy duty twin-eye seamless fenders. Rotomoulded by use of our in-house developed and patented Polymatiq technology that ensures supreme control over the fusion process and guarantees an absolute even wall-thickness. Multiple rib-reinforced solid rope holds safeguard the highest breaking strength available. Resistant to all weather conditions. Tested in temperatures ranging from -30C to +60C.

	Dia. X Length

ESTERPRO SINKING TRAWL ROPE

Esterpro is a combination rope manufactured using continuous strands of high strength Polysteel fiber as an inner core being enveloped with specially matched polyester fibers. Offering more than 40% higher tensile strength than typical poly combo ropes and no lead core. It will not harden with age, has superior abrasion resistance, low elongation, excellent heat and UV resistance to rot and mildew. (samples available on request)

Knives & Sharpeners

COMMERCIAL FISHING GEAR

Accusharp Knife & Tool Sharpener.

Finally a knife sharpener anyone can use. Simple and Easy. Sharpens knives in about 10 seconds with no mess or oils. Sharpening blades are diamond horned tungsten carbide for years of reliable use.

STURDYMOUNT KNIFE SHARPENER

The AccuSharp SturdyMount Knife Sharpener mounts easily to cutting boards, kitchen counters, filet boards, workbenches, butcher blocks, cleaning tables, you name it. No more messy oils or stones.

22-408R.....14.95

AUGERSHARP SHARPENER

The AugerSharp Ice Auger Sharpener is the Ice Fisherman's dream. If you ice fish, you know what work it is when your auger blades are dull. Now you can spend more time fishing and less time drilling holes in the ice.

22-412R.....14.95

ACCUSHARP KNIFE & TOOL SHARPENER

A fast and easy way to sharpen knives, tools and equipment.

22-409R.....White.....14.95

22-410R.....Camo.....20.95

ACCUSHARP PULL-THROUGH KNIFE SHARPENER

This commercial grade knife sharpener combines our diamond-honed tungsten carbide sharpening blades with fine ceramic rods. The heavy duty, ergonomically designed handle with the rubber over-molded grip provides a stable and comfortable platform for sharpening all your knives.

22-438R.....Orange/Green.....30.95

SHEARSHARP / SCISSOR SHARPENER

ShearSharp is an amazing device designed to take the mystery out of sharpening your general purpose scissors, hedge clippers and tin snips.

22-413R.....12.95

ACCUSHARP REPLACEMENT BLADES

These blades fit all of our products except ShearSharp. We use only the finest American Made carbide available, and Diamond Hone to a mirror finish for the best possible sharpening edge. The result is the finest line of carbide sharpeners on the market today at any price. These blades are reversible for double life and most users report an average life of 5-10 years between replacements. Beware of other brands that use cheap imported carbide! Insist on AccuSharp!

22-415R.....9.50

ACCUSHARP DIAMOND PADDLE SHARPENER

This double-sided sharpener features an aggressive coarse diamond grit surface, a fine diamond surface for honing and finishing, and also includes a groove for sharpening hooks and darts. The folding handle allows you to fold and store your sharpener with ease.

22-437R.....40.95

GARDENSHARP TOOL SHARPENER

The GardenSharp Tool Sharpener is designed to sharpen all those single edged, hard to sharpen items in your tool shed, such as lawnmower blades, pruning shears (secateurs), limb loppers, hoes, shovels, scythes.

22-414R.....14.95

ACCUSHARP SHARP'N'EASY

2 step ceramic knife sharpener. Features pre-angled coarse and fine ceramic rods that maintain an accurate edge. Just 3 or 4 strokes across the coarse rods restores the edge, then 3 or 4 strokes across the fine rods finishes and polishes the edge for a smooth sharp finish. Lightweight. Rubber molded grip and feet for safety. Lanyard hole, allows for easy attachment to string or cord. Only 2 1/2" x 2"

22-424R.....6.95

ACCUSHARP DIAMOND PRO 2-STEP KNIFE SHARPENER

Features pre-angled coarse diamond and fine ceramic rods to sharpen, restore, and then polish a blade's edge. The diamond rods are aggressive enough to sharpen all types of blades. The flip side consists of two ceramic rods used to finish and polish the edge for a smooth, sharp finish. The Diamond-PRO 2-Step exterior is made of brushed aluminum and finished with a rubber molded grip and rubber feet for safety.

22-418R.....19.95

ACCUSHARP SHARPENING STEEL

Fast-sharpening and long-lasting Sharpening Steel will keep all your household knives properly honed. The rubber over-molded handle ensures a secure grip with the collar guard for additional safety.

22-430R.....9"24.95

ACCUSHARP DIAMOND ROD SHARPENER

The AccuSharp® Diamond Rod Sharpener is an unbreakable diamond-coated steel rod used to sharpen all kinds of knives, including serrated edges. The retractable rod is engineered with a cone-shaped end for use on serrations and tight spaces. The diamond-coated steel rod also has sharpening grooves for use with all kinds of hooks, darts, and pointed objects and comes complete with a shirt pocket clip for easy storage.

22-403R.....17.50

ACCUSHARP TRI-STONE SHARPENING SYSTEM

This rotating, three-stone system is equipped with coarse diamond, medium alumina-oxide, and fine ceramic stones and an angle guide to assist in maintaining a consistent angle. The base features slip resistant feet, but can also be attached to a work surface if preferred.

22-436R.....71.95

ACCUSHARP DIAMOND SHARPENING STEEL

Fast-sharpening and long-lasting, the AccuSharp® Diamond Sharpening Steel will keep all your professional knives properly honed. The durable diamond surface quickly returns the edge of a good blade in around 10 strokes. The rubber over-molded handle ensures a safe and secure grip, and the collar guard safely keeps hands out of the way. Available in 9 inch and 14 inch.

22-434R.....9"50.95

ACCUSHARP POCKET STONE

Offers traditional sharpening for all kinds of straight-bladed knives. The aggressive cutting feature can sharpen all types of steel. The Stone also comes equipped with a groove to sharpen all varieties of hooks and darts and comes complete with a handy AccuSharp carrying pouch with a built-in belt loop for convenience.

22-405R.....9.95

ACCUSHARP 4-IN-1 KNIFE AND TOOL SHARPENER

Combines every sharpening necessity into one pocket-sized unit. Featuring coarse tungsten carbide sharpening blades and fine ceramic rods, the unit comes with a retractable diamond-tapered rod used for deep serrations. The rod also has a groove for all of your hooks and darts. Plus, the unit comes with a retractable flat diamond stone for users who prefer a continuous surface for their sharpening needs. Molded rubber feet to keep the unit steady while in use.

22-417R.....22.95

ACCUSHARP WHETSTONE/SHARPENER

Includes two sharpening stones for traditional coarse and fine sharpening, plus a convenient bottle of honing solution, all in a single kit. The product features a 3" fine and a 3" medium natural whetstone plus a 1 oz. bottle of superior honing solution. The stones and honing solution stay organized and ready for you each time you need to sharpen your knives and tools.

COMMERCIAL FISHING GEAR

NORTH SEA WINTER NITRILE COATED GLOVES

Nitrile rubber offers good puncture and abrasion resistance and stands up extremely well to chemicals and oils. Specially formulated to stay flexible in cold conditions, so gloves will not stiffen, crack, or lose their oil-resistant properties even in extreme cold. The full winter-fleece lining cushions hands while keeping them warm and dry.

ATLAS TEMRES 282

Warmth, Breathability, and Flexibility have all been combined into a Liquid-Proof glove. The TEMRES provides the wearer with protection from liquids in cold conditions while still allowing them the comfort of a breathable glove. The abrasion-resistant polyurethane coating and insulated acrylic liner were specially designed to retain warmth while reducing perspiration. The thin, yet durable coating maximizes comfort and flexibility in very cold environments. Nitrile was added to the fingertips to increase protection. Launder at 40°C (104°F) using a neutral detergent.

SEASTAR POWER ASSIST STEERING SYSTEM

SeaStar Power Assist steering brings automotive-type steering comfort and control to powerboats. The addition of a Power Assist unit will greatly reduce steering effort and enhance the boating experience for everyone. The SeaStar Power Assist steering unit is designed for use with SeaStar manual hydraulic steering systems and is suited for all heavy / high torque steering applications. (See diagram below)

Features

- Dramatically reduces wheel torque
- Easy to install
- Simple 'add on' to an existing SeaStar manual system (optimal performance achieved when used with SeaStar 1.4 – 2.0 pumps)
- OEM or Retro fit
- Compatible with power purge system
- Reverts to manual mode in the case of power loss.
- Suitable for use with autopilots
- 12v or 24v operation
- Wall or floor mounted
- 15' Wiring harness, and mounting bracket included
- Ignition protected (SAE J-1171)
- ABYC, CE, NMMA, ISO 10592 Approved

SINGLE CYLINDER HYDRAULIC POWER STEERING SYSTEM

Complete assembly consisting of a single cylinder with stainless steel cylinder rod, bronze tiller arm and cylinder mount, suitable for most boats up to 45 ft. Offering 45 degrees of rudder in each direction. Solid bronze tiller arm and bronze cylinder mount. Tiller arms are bored for rudder shafts ranging from 1 1/4" - 2". No steel bushings to rust, seize or crack. Clevis pins are stainless steel and complete with grease grooves and stainless steel grease fittings. All fasteners are stainless steel.

Capilano

Teleflex Hydraulic steering systems are Atlantic Canada's first choice.

It is essential that a correct matching of helms, rams and other related products be achieved for maximum performance and safety. Give us the information and our staff will recommend the correct match for your boat.

SEASTAR CAPILANO HELM PUMPS

The SEASTAR/CAPILANO series of helm pumps allow the user the freedom to adjust the number of turns required from hard over to hard over, thus allowing the operator to react to different weather conditions and maneuvering requirements. Both pumps have port size of 3/8" NPT.

SEASTAR HELM PUMPS

Helm rotor supported by three roller bearings for durability. Ball bearing piston race for smooth operation. Easily replaceable shaft seal for fast field repair. 1/4" NPT ports. Built-in lock valve for positive rudder lock, no extra plumbing. Patented bleed tubes make bleeding the helm a snap. Internal air pocket eliminates oil expansion overflow. Integral relief valve.

SEASTAR 1 "FRONT MOUNT" HELM PUMP

Compact, stylish design. 1.7 cubic inch displacements. Convenient front of dash fill. Small 3.0" hole cutout on dash. Complete with elbow fittings and ORB to NPT. For light displacement boats up to approx. 30'.
42-441K HH5271-3 945.00

SEASTAR 1 "TILT MOUNT" HELM PUMP

5 wheel positions allow adjustment to most comfortable steering position. 48 degree tilt range (18 down - 30 up). 1.7 cubic inch displacements. Convenient front of dash fill. Complete with elbow fittings. For light displacement boats up to approx. 30'.
42-033K HH6541-3 1485.00

BAYSTAR "FRONT MOUNT" HYDRAULIC STEERING HELM

Super low friction, fixed displacement helm pump from the world's foremost manufacturer of manual hydraulic steering systems. Provides 4 1/2" turns lock-to-lock when used with Baystar outboard cylinder. Suitable for use on outboard installations up to 150HP. Requires a 3" diameter cut-out. 1/4" NPT ports. 3/4" standard taper shaft.

42-620K HH4314 620.00

SEASTAR 1 "REAR MOUNT" HELM PUMP

Behind dash mounting configuration. 1.7 cubic inch displacements. Top of dash fill point. Complete with elbow fittings. For light displacement boats up to approx. 30'.
42-032K HH5261-3 1075.00

SEASTAR 1 "PRO-TILT MOUNT" HELM PUMP

Pre loaded dual taper bearings ensures minimal excess free play. Smooth operation and feel. Shaft seals to prevent water ingress. 48 degrees of tilt articulation. 5 positive lock positions. Compact footprint. Maintenance free. Fits most styled and formed dashes. For light displacement boats up to approx. 30'.
42-438K HH6489-3 1550.00

BAYSTAR "TILT" HYDRAULIC STEERING HELM

BayStar allows you to install all of the safety, reliability and comfort of hydraulic steering onto your boats rated to a MAXIMUM of 150 HP (total). Displacement: 1.4 cu inch. Shaft: 1/2" threaded. Mounts:(3) 3/16" diameter holes. Cutout: 3" diameter. Designed for smaller outboards. 4.5 turns from lock-to lock. Super low friction helm for smooth comfortable steering.

42-621K HH4315 995.00

SEASTAR 2 HELM PUMP

Specifically designed to be used on smaller fishing vessels involved in the Lobster and Crabbing Industries. The Commercial Helm Pumps are designed with a stainless steel shaft and heavy duty shaft seal and wiper. This new shaft and seal help protect the Helm Pump from the abrasive effects of sediment that is brought on board by the operator handling Traps or Pots. 2.4 cu.in. displacement. For light displacement boats up to approx. 36'.
42-442K HH5224 Commercial 1275.00

2.4 cu.in. displacement. For light displacement boats up to approx. 36'.
42-440K HH5272 Front Mount 1075.00

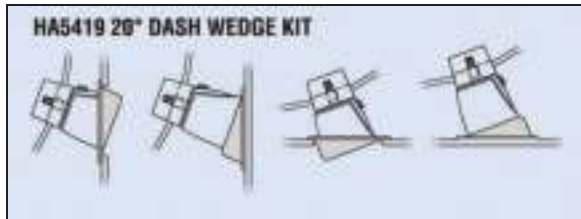

Replacement Helm Nut Kit

Includes nut, key, shaft seal, and seal plate.
42-306P HP-6032 18.95

SEASTAR OIL

For use with SeaStar I & II Systems. 1 litre.
42-029K 31.50

20° Wedge Kit

This kit is designed to mount the helm at a 20° angle to the mounting surface. 4 possible mounting configurations are available.

ELECTRIC TRIM TAB SYSTEMS

Lenco Electric Trim Tab Kits make your boat ride smoother, drier, faster and with increased safety. The Lenco ballscrew design is more reliable, three times more powerful and features an instant response, which makes them very user friendly compared to typical hydraulic systems. 12V -high torque, 5 amp motors are completely enclosed within a high impact UV resistant cylinder case. Lenco fast response electric actuators are fully submersible with all plug & play waterproof Deutsch connections. Trim Tab blades are 12 Gauge - 304 SS with a 5/8" flared trailing edge and 1/8" diameter hinge pin. Kits include standard actuators with 5/16" SS bolts. **Please Note : Switches Sold Separately**

NEW XTREME SSX176 MECHANICAL STEERING KITS

Smoothest and lowest steering effort mechanical helm offered in the market place yet still offers easy installation.

- Complete steering system including new helm, high efficiency XTREME™ steering cable design and new style bezel.
- Quick connect feature on both steering cable and spent travel tube for easy quick installation.
- Installs in same mounting pattern and bracket location as current SeaStar Solutions® steering systems.
- Smallest footprint possible to accommodate small/tight dash helm stations.
- This kit contains : 1 - SHX7606P, XTREME NFB helm, Bezel kit and mounting hardware.

1 - SSCX64XX, Steering Cable.

Installation Guidelines for Teleflex Rotary Mechanical Steering Systems

New Installation:

Measure cable routing path from wheel center line to engine connection, as follows :

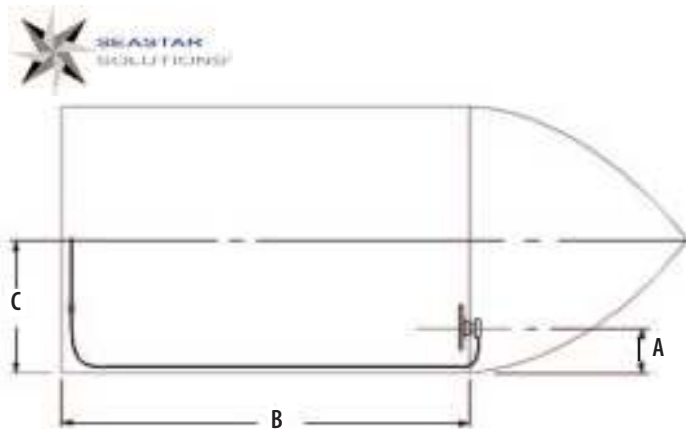

A = Center line of wheel to gunwale (or deck, if routed downward),

B = Dash to transom,

C = Gunwale to centerline of cable connection at centered tiller.

For Cable installations through the Engine Tilt Tube: Add A, B & C + 6", and round up to the next foot. Order that cable length.

For Cables Mounted to Transom, Splashwell or Stringer: Add A, B & C, then subtract 6" and round up to the next foot. Order that length cable.

How to Measure SSC62 Steering Cables from Teleflex

Replacement of Existing Cable

If possible, find part number stamped on the plastic jacket of the old cable. If you removed the old cable, measure for the replacement cable as follows:

For Rotary Steering Cable Replacement, Measure Existing Cable as follows: Measure plastic cable jacket ("Y" dimension, shown in above drawing) in inches, add 18" and round up to the next foot. Order that length cable..

SCHMITT VISION FX STAINLESS STEEL WHEEL

316 cast stainless steel. Stainless steel finger grip rim. 3/4" tapered shaft. (Centre Faux nut sold separately)

- 42-104M13 1/2" Dia. - NO KNOB219.00

Kobel products have a global reputation for durability and performance, and are constantly being improved upon. Most of our products are patented, evidence of the Kobelt commitment to better design and efficiency. We are unique in the marketplace as we are the only manufacturer providing a non-corrosive product for the marine environment. Using the best materials for construction and skillful engineering have enabled us to offer our customer the best warranty in the industry.

KOBELT ENGINE CONTROLS

Twin lever MEDIUM DUTY controls

This medium duty control is one of the most used in Atlantic Canada.

Requires connection kit.

Model 2009 for either single or twin stations. 3" cable stroke.

42-287K.....Model 2009..... 818.00

KOBELT ENGINE CONTROLS

Twin lever HEAVY DUTY controls

This heavy duty control is designed to move the stiffest of throttles and clutches. Constructed of all bronze and stainless steel. Trouble free!

Model 2011 Suitable for single or twin stations. 3" cable stroke.

Requires connection kit.

42-288K.....Model 2011..... 1060.00

KOBELT CABLE CONNECTION KITS

1 kit required for each cable.

Replacement control knobs

42-495M.....Red..... 12.50
 42-496M.....Black..... 12.50

MT-3 CONTROLS

Dual function, single lever for single engine applications. Dual function, dual lever for twin engine applications. This rugged, top mount control allows one hand to control all engine functions. Start and warm ups are done by pulling out the control lever in the neutral position. This disengages the clutch and allows the throttle to advance forward in the neutral position, thus allowing an increase in RPMs. Returning to the neutral position re-engages the clutch. Built in friction drag to prevent throttle slippage and creep, neutral safety switch to prevent starting in gear. Uses TeleflexMorse 33C / 3300 series cables.

Single lever / Clutch and throttle for single engine
 42-499M.....CH-5310P 610.00

Twin levers / Clutch and throttle for twin engines
 42-500M.....CH-5300P 1075.00

Replacement control knobs

42-495M.....Red..... 12.50
 42-496M.....Black..... 12.50

ECONOMY CONTROL

Exceptional value! Solid brass, chrome-plated. Dual station capabilities. Use either 33C / 3300 or 43C / 4300 series cables.

Not a Teleflex or Kobelt product

42-065R.....299.00

SINGLE LEVER TOP MOUNT CONTROLS

The 7500 series controls offer options that most top mount controls in the market do not. The standard items on these controls are the shapely and balanced hand grip that gives you a very smooth yet solid feel. The neutral safety switch, and the neutral warm up button. These controls can not only use the 3300/33C style controls cables, but will accept most OEM control cables without adaptation.

No Trim

How to Measure Control Cables "Measure Twice. Order Once"

Outboards:

Measure from control along unobstructed cable routing to the center of outboard. Add 4 feet to allow for loop which provides unrestricted engine movement. Round up to the next foot and order required cable part number.

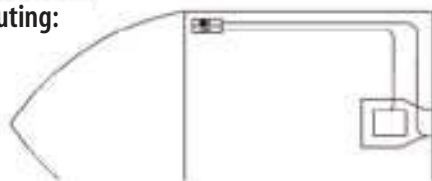

Typical Outboard Cable Routing:

Inboards & Stern Drives:

Measure from control along unobstructed cable routing to shift and/or throttle connection. Round this dimension up to the next foot and order required cable part number.

Typical Stern Drive (I/O) or Inboard Cable Routing:

CCX189 MERCURY GEN 2 CONTROL CABLES

Premium Mercury generation 2 cables. Designed to fit Mariner, Mercury, Mercruiser any other engines using the Mercury 2003 to present 4000 series controls.

DRIVESAVERS

- A flexible, non-metallic impervious barrier between transmission and shaft that reduces drive train vibration and noise, blocks electrical currents from the water and helps control damage and misalignment from torsional engine movement.
- The DriveSaver absorbs the extreme shock and torque of collision and breaks apart, leaving transmission and engine intact.
- Works under normal conditions for the life of the drive train, with no lubrication or maintenance
- Installs quickly without cutting or machining shaft ; seperate drive flanges, insert coupling, align and bolt.

PLUS RATED DRIVESAVERS - PR MODELS

- For more powerful commercial diesel engine applications
- Model may vary according to gear reduction ratio.

PACER PUMPS

Pacer Pumps

All Pacer pumps share these same quality features: Self-priming with a maximum suction lift of 25ft. Self flushing volute. Built in check valve to prevent back flow. Self lubricating shaft seal. Stainless steel internal fastenings. Light weight and portable. Complete wet end (body,volute, impeller, bracket) made from corrosion resistant glass and reinforced polyester. Buna-N O-ring Seals.

PERKO**PERKO WATER INTAKE STRAINERS**

PERKO Water Strainers are designed for easy installation and cleaning. Features include mounting lugs cast into both sides to assure universal mounting, four outside tie rods and a 304 stainless steel strainer basket to minimize electrolysis. Screen hole size diameter .007 inches, 46% open area. Hinged lugs for the cast bronze cover permit easy removal and cleaning of the strainer basket. A drain plug in the bottom casting is provided for easily removing sediment and draining for winterizing.

GROCO VANE PUMP

GROCO Vane Pumps are self-priming, instantly reversible, and are capable of operation in either direction. Relatively high flow (more than gear pumps) makes them suitable for general purpose duties such as deck-wash, bilge pumping (filtered inlet), fuel transfer, ballast transfer, and oil change. 1/2" NPT. Max GPM = 6.5. Breaker DC = 30 amp(12V Model)/15 amp(24V Model)

32-151P.....SPO-60-N 12V.....639.00

32-152P.....SPO-60-N 24V.....649.00

GROCO CIRCULATING PUMP

Silent running, simple to service and operate, and can handle small solids without pump damage. They provide high GPM flow but relatively low pressure. Will not self-prime; a flooded inlet is required. Max GPM is 17. Inlet is threaded 3/4" NPT. Discharge is threaded 1/2" NPT inside. Garden hose adaptor included. Motor is "Ignition Protected" and has a #316 stainless steel shaft. Continuous duty mechanical shaft seal.

32-153P.....CP-20 12V.....439.00

32-154P.....CP-20 24V.....459.00

WATER PUPPY

Cast bronze body with reusable O-ring. End cover seal. Ports have 1/2" internal pipe thread and 1" external hose barb. Includes 2 adaptors for garden hose. Self priming from 2 to 4 feet. 12V, 6.8 amps, 379 G.P.H.

MASKA V-BELT PULLEYS

MASKA Quick Mounting V-Belt sheaves are made from fine grained grey iron castings with accurately machined and polished grooves, carefully balanced to provide true running, vibration free operation. Fitted with tapered bushings, MASKA sheaves are fast and easy to install - or remove.

To form a "Complete Pulley", you require one sheave and one bushing.

All pulleys will accept 1/2" (A) Belts or 5/8" (B) Belts. Diameters shown are for "B" belts. Deduct 1/2" for "A" belts.

38-228R.....	1 1/2"	16.50

1.5" THRU-TRANSOM SCUPPER

The rubber flapper opens to drain water out and closes to prevent backwash. Acetal construction.

For 1-1/2" I.D. hose.

Dimensions 6-1/4" L x 2-7/8" dia.

Max. Hull Thickness 3-1/8"

Installation Hole Size 2"

Caution: Thru-Hull connectors are designed for installation above the water line only.

BILGEFLEX BILGE PUMP HOSE

Shields Bilgeflex is a single layer corrugated polyethylene hose. It is resistant to mild chemicals and salt water and there is a clamping cuff every foot. This hose is primarily used for bilge pump discharge. Do not attach to thru hull fitting below the water line.

- 38-026R.....3/4"0.95 ft.
- 38-027R1 1/8"1.15 ft.
- 38-028R1 1/2"1.95 ft.

BILGEVAC BILGE PUMP HOSE

Shields Bilgevac is a black PVC hose with a flexible vinyl helix. It is very flexible, abrasion resistant and is resistant to mild chemicals and saltwater. This hose is primarily used for bilge pump discharge and drains (sinks, shower, scupper, and livewell). Do not attach to thru hull fitting below the water line.

- 38-021R.....3/4"2.15 ft.
- 38-022R1 1/8"2.75 ft.

BLOWER VENT HOSE

Vinylent Ducting Hose is PVC supported by anodized wire helix. It is resistant to UV and the ozone. This hose is primarily used for venting of bilge fumes.

- 38-795R.....3"0.95 ft.
- 38-796R.....4"0.95 ft.

SANITATION HOSE

Shields Super PVC Sanitation Hose is smooth off white PVC with a vinyl helix. It contains an anti-fungus/bacterial agent to inhibit odour causing growth. It is resistant to mild chemicals, saltwater, and permeation. This hose is primarily used for toilet to holding tank (self draining lines) and holding tank pump out. It has a five year limited warranty. Do not use ethylene glycol based anti-freeze in hose.

- CAUTION – Do not use for potable water.
- 38-030R.....1"6.50 ft.
 - 38-029R1 1/2"6.95 ft.

FUEL LINE HOSE (FIRE-ACOL)

Shields Fire-Acol 15 – Low Permeation Fuel Hose has a special design NBR tube with an embedded plastic barrier layer to limit permeation. The design of this hose provides easy coupling insertion and the NBR/PVC cover is weather and UV resistant. The hose is also polyester reinforced and fire-resistant. This hose is primarily used for fuel feed (gasoline up to 85% ethanol blended fuels/diesel/bio-diesel all blends). The temperature range is -20°F to 212°F.

- 38-032R.....3/8"3.90 ft.
- 38-033R1/2"5.25 ft.

"PREMIUM" G. PURPOSE HOSE

100% rubber. Soft and bendable, used for engine cooling, plumbing, pumping, etc.

- 38-668R5/8" I.D.4.45 ft.
- 38-669R3/4" I.D.4.95 ft.
- 38-670R1" I.D.5.60 ft.
- 38-671R1 1/4" I.D.10.95 ft.
- 38-672R1 1/2" I.D.13.50 ft.
- 38-673R2" I.D.16.95 ft.

FUEL LINE HOSE (OUTBOARDS)

Silverado 4000 Outboard Fuel Line is resistant to ethanol blended fuels. This hose is EPA and CARB compliant. Silverado 4000 has a THV barrier layer to prevent permeation, polyester reinforcement for strength and a weather and UV resistant CPE cover. The gray color keeps hose cooler and helps prevent vapor lock. This hose is for above deck primer bulb applications, and is NOT fire retardant.

- 38-035R.....3/8"2.95 ft.

FUEL TANK VENT HOSE (FIRE-ACOL)

Fire-acol fuel vent hose resists gasoline/alcohol blended fuel and is fire resistant. It features a weather/UV resistant NBR/PVC cover. This hose is primarily used for fuel vent lines (gasoline up to 85% ethanol blended fuels/diesel fuels). It meets USCG Type A2 requirements for pleasure boats and meets SAE J1527 Type A2, ISO 7840 Type A2 and NMMA/CE Type accepted standards. The temperature ranges from -20°F to 160°F.

- 38-037R.....5/8"4.25 ft.

LAY FLAT WATER DISCHARGE

100% PVC water discharge hose. Easily coiled and stored away.

- 38-674R.....1 1/2" I.D.1.19 ft.
- 38-675R.....2" I.D.1.49 ft.

FUEL FILL HOSE (FIRE-ACOL)

Shields Fire – Acol – Fuel Fill Hose resists gasoline/alcohol blends and is compounded for low permeation. It is abrasion resistant and it is reinforced with wire helix imbedded between plies of HD synthetic cord. This imported hose is primarily used for fuel fill (gas or diesel) and is for pleasure boats only. It meets SAE J1527 Type A2 and ISO 7840 Type A2 NMMA/CE Type Accepted standards.

38-174R.....	2"	20.95	ft.

FRESH WATER HOSE

All Clear Polyester Reinforced Red Tracer PVC Tubing has a clear heavy wall FDA formula vinyl. It has a polyester braid reinforcement and 250# psi burst pressure. This hose is primarily used for pressurized water system supply (hot or cold), drain lines (sink, shower, icebox), wash down pump connections and head intake.

38-786R.....	3/8"	1.20	ft.

HEAVY DUTY BILGE/WATER HOSE

Shields Vac Extra Heavy Duty/Commercial Grade Hose has a smooth cover and clear FDA formula PVC with a white vinyl helix. It is rated for full vacuum and is resistant to mild chemicals and saltwater. This hose is primarily used for bilge pump intake and discharge, potable water tank fill, drains (sinks, shower, and scupper), livewell intake and drain, and sanitation (intake, vent and pump out). This hose is utilized for below the waterline connections. Do not use glycol based antifreeze in hose. Do not use in pressurized water systems.

TRANSOM EXHAUST FLANGE & FLAPS

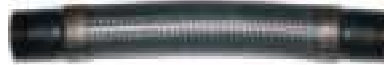

Cast bronze with integral flange.

38-246P	3"	219.00
38-247P	3 1/2"	365.00
38-248P	4"	399.00

Rubber Flaps

Prevent water from coming back through your exhaust. C/W S.S. clamp.

38-274R	For 2 3/8" to 3" exhausts	10.95
38-275R	For 3 1/2" to 4" exhausts	12.95

STAINLESS STEEL EXHAUST BELLOWS

Use on dry exhaust systems.

This unit absorbs dry exhaust vibrations. Manufactured from 304 or 300 stainless, it's a corrugated flex hose with stainless steel braided covering, 18" long.

Available with male pipe thread ends or welded nipples.

Welding Nipples

Order No.	Size	Price
44-1486M	2" x 18"	P.O.R.

PAR MAX PUMPS

- Efficient, high-flow, self-priming pump serving 2 outlets
- Multi-diaphragm design self primes to 1.8m vertical lift, can run dry without damage
- Supplied with snap-in ports for hose
- Quiet running
- Motor protected by automatic thermal overload cut-out

- Includes bypass feature to provide smooth, quiet flow, No need for accumulator tank
- Connections: for 1/2" bore hose
- Dimensions: 9.1" long x 4.2" wide x 4.2" high
- Fuse Size: 10 amp

PAR MAX 2.0 PUMP

- Output: 2.0 gallons/minute open flow
- PRESSURE SWITCH - cuts out at 2.1bar (30psi)
- Maximum Current: 6.0 amps

PAR MAX HD PUMPS

These Heavy Duty models feature a heavy duty motor and cast aluminum lower housing which allow for long-life, even at high pressures.

- Efficient, high-flow, self-priming pump serving multiple outlets
- Multi-diaphragm design self primes to 3m vertical lift, can run dry without damage
- Supplied with snap-in ports for hose

- Protection Class (IP Rating): IPX6
- Includes bypass feature to provide smooth, quiet flow. No need for accumulator tank

- Connections: for 1/2" bore hose
- Quiet running, smooth flow

PAR MAX 4 HD PUMP

- Output: 4 gallons/minute open flow
- PRESSURE SWITCH - cuts in at 1.7bar (25psi) - cuts out at 2.8bar (40psi)
- Dimensions: 4.7" H x 5" W x 9.6" L
- Fuse Size: 15 amp

Pumps, Hoses & Plumbing

MARINE EQUIPMENT

FLOJET

HIGH VOLUME WATER PRESSURE SYSTEM WITH ACCUMULATOR TANK (4.5 GPM)

Integrated pump and accumulator tank system
 •Compact design installs easily in convenient locations
 •May be mounted vertically or horizontally •Supplies 4.5 GPM (17.0l/Min) up to 6 GPM (22.7l/Min) with fully charged tank •Can run dry without harm •FDA materials in pump and accumulator tank for drinking water •Self-priming up to 10 ft. (3.1 M) •Includes assorted ports for easy installation •Accumulator tank has total volume of 1.1 Gal. (4.1 Lt.) •Dimensions: 7.2”h x 11.3”w x 12.8”l
 •Pressure Shut Off: 40 PSI (2.8 bar)

- 32-303P.....12V, max. amps 10975.00
- 32-304P.....24V, max. amps 5999.00
- 32-299P.....115V, max amps 1.5995.00
- Repl. Pressure Switch
- 32-307P2090-10471.95

FLOJET

PRESSURE WATER SYSTEM (3.3 GPM)

Delivers smooth, steady water flow from 1 to 3.3 GPM without the need for an accumulator tank •Pumps over 3.3 GPM •Special internal bypass feature eliminates pulsating water and pressure switch chatter •Designed for up to 5 fixtures •Runs dry without harm to the pump. Self priming to 6 ft suction lift. C/W snap-in ports for 1/2” hose barb and 1/2” thread (QEST Type)

- Dimensions: 3.75”h x 6.3”w x 8.2”l •Pressure shut off 35 PSI.
- 32-296P115V, 0.4 amps@10PSI336.00
- Repl. Pressure Switch
- 32-307P2090-10471.95

FLOJET

HIGH PRESSURE WATER SYSTEM (4.5 GPM)

Flojet’s premium plus water pressure system has become a favorite for both recreational and commercial users •Self priming, smooth flow operation •Includes plug in fittings for 3/4” hose barb and 3/4” garden hose •Pump inlet strainer •270 GPH capacity •Pressure shut off 40 PSI. Self priming to 10 ft suction lift.

- 32-298P115V, 0.5 amp @ 10 PSI475.00
- Repl. Pressure Switch
- 32-307P2090-10471.95

ACCUMULATOR TANK

This Accumulator Tank is intended for installation in any pumped water system controlled by a pressure switch.

The Accumulator Tank smooths water flow and reduces on/off cycling of the pump by lessening the variation in pressure and flow between the pump and the outlets in the system.

- 32-179P30573-0000156.00

For replacement pressure switches for pumps not shown in this catalogue, please contact us with the Pump Model #

JABSCO WASHDOWN PUMP & NOZZLE (4 GPM)

12 Volt. Connections: for 1/2” and 3/4” bore hose and US GHT. Fuse Size: 20 amp. Maximum Current: 11 amps. Output: 15 litres/minute (4 gallons/minute) open flow. PRESSURE SWITCH - cuts out at 4.1bar (60psi). Efficient, high-flow, self-priming pump. Multi-diaphragm design self primes to 2.4m vertical lift, can run dry without damage. Supplied with snap-in ports for hose 1/2” and 3/4” and 3/4” US Garden Hose Thread (1 pc). Strainer and Trigger Nozzle included. IPX6 rated. Dimensions: 9.4” long, 4.2” wide, 3.8” high

- 32-315PQ401J-118N-3A279.00
- Repl. Pressure Switch
- 32-204P16470-006051.95

INLET WATER STRAINER

Keeps debris from entering your water system. Features stainless steel, 40 mesh screen and transparent threaded cover, allowing for easy cleaning. 1/2” hose barb ports.

- 32-313P33.75

MANUAL GALLEY PUMP

Chrome plated zinc alloy, plastic body, above base 5” high, full body 10” high, use 3/8” hose. Manual operation.

- 32-076R69.95

STAINLESS STEEL ROUND SINK

10 1/4" I.D. x 11 1/2" O.D. x 7 1/8" Deep

BARKA RECTANGULAR SINK

13" x 13" x 7" Deep
32-205K.....304.00

GALLEY FAUCET

An exceptional quality faucet constructed of heavy-duty chrome plated brass with swivel spout. 1/2" male pipe thread. Uses 1/2" coupling and insert adaptor to connect to 1/2" hose.

32-074P.....82.00

Adaptor fitting

Adapts above faucet from 13mm to 1/2" hose barb.
32-160P.....5.25

TWIN FAUCET

Same high-quality as single faucet(32-074). This unit is designed for boats with hot and cold water systems. Comes with adaptor for 1/2" male pipe thread. Uses 1/2" coupling & insert adaptor to connect to 1/2" hose.

32-075P.....133.00

SINK DRAIN

Drain fits both "Round" sinks above. Designed for 5/8" hose.

32-077K.....28.50

FLUSH MOUNT SHOWER UNIT

Manufactured from high tech plastic material. Flush mount design allows for installation in transom or head. Spray shower head comes with water conserving button and 10' of hose. 10.3" W x 5.75"H x 4.65"D.

32-334P.....299.00

HOSE ADAPTOR

38-265P.....1 1/2" pump to 1 1/8" hose.....13.95

IN-LINE CHECK VALVES

Prevents water back flow.

38-700P.....Heavy Duty, 1 1/2" hose.....34.50

32-103P.....Medium Duty, 1" and 1 1/2" hose.....8.95

SHOWER & BASIN FAUCET

An attractive style faucet for use in either basin or shower. Hot/Cold. Pull out flexible extension hose is approx. 4' in length. Supplied with 2 fittings which accept 1/2" NPT coupling.

32-065M.....172.00

WHALE FAUCET/SHOWER COMBO

Ideal for tight interior spaces. Robust ABS construction. For pressure or microswitch systems. For use with all types of galley pumps. Multi-function spray head with 1.7 m retracting hose. Water flow can be temporarily shut off on shower head.

•Hose Size: 1/2" Threaded •Depth beneath surface: 3-1/8" •Base plate: 6-3/4" x 2-1/2"

32-064K.....149.95

500/800 GPH BILGE PUMPS

These pumps offer quality features while keeping size to a minimum. These Rule pumps are unmatched in pumping power and longevity. Uses 3/4" discharge outlet.

500 GPH
Dimensions: 3.9" high x 2.5" x 2.9"

32-099PRepl. Strainer15.95

GENERAL PURPOSE PUMPS

This model is designed for use as a washdown pump, but can also be used for fire fighting. This unit is not self priming and must be mounted below the waterline. Although not designed as a high pressure pump, it delivers lots of water.

Requires 1 1/2" intake and discharge hose.
32-015P12v, 15.5 amps, 3800 gph468.00
32-314P24v, 6.9 amps, 3700 gph479.00
32-016P32v, 5.0 amps, 3700 gph522.00

RULE-MATE AUTOMATIC BILGE PUMPS

Automatic Bilge Pumps feature a pump and a non-mercury float switch in a single, compact housing. There is no on/off cycling and therefore, no power use until the pump comes on. The pump remains on until the float drops and the pump senses no load against the impeller.

1 1/8" discharge hose.
32-337P12v, 4.8 amps, 1500 gph379.00
32-338P12v, 8.4 amps, 2000 gph489.00
32-339P24v, 8.4 amps, 2000 gph499.00

ECO-FRIENDLY RULE-MATE AUTOMATIC BILGE PUMPS

Connections: For 3/4" or 1" bore hose on inlet and outlet. Straight or 90° Elbow. Fully automated bilge pump with integral sensor. Back up feature to prevent dry running if sensor is fouled, pump reverts to 2.5 minute cycle mode. Compact pump for smaller vessels. Back flow prevention to reduce the amount of water left over in the bilge. Quick release inlet strainer allows rapid cleaning. Ignition protected and built in thermal cut-off.

32-335P12v, 1.8 amps, 500 gph119.95
32-336P12v, 3.8 amps, 1100 gph211.95

LOPRO 900 GPH BILGE PUMP

900 GPH Low Profile Bilge Pump. Fits in hard to reach places. Threaded discharge ports with multiple fittings available (3/4", 1" & 1 1/8"). Features a tricuspid check valve to minimize back flow of water. Height of the pump is only 2-1/4". The entire discharge body swivels up to 180° for ease of installation. The hose attached can also swivel 360° to route the hose perfectly.

Non-automatic, requires float and or panel switch to automate.
32-024P12V, 4 amps93.95
Automatic
32-025P12V, 4 amps126.50

DRY BILGE PUMP - 4GPM

Drains the bilge almost dry. Filter-free design. Self-priming to 9.5'. Able to run dry without damaging the pump. Up to 4.0 GPM flow. Back flow prevention. Connections for 3/4" hose barbs. Rotating pump head and ports. Compact and simple design. 3/4" (19 mm), plastic, 90° thru-hull fitting included.

32-236P DB412, 12V, 8 amps.....429.00

LIVEWELL PUMP "STC" TOURNAMENT SERIES

Removable motor cartridge. For Thru-Hull Applications Straight 4 3/4" (121mm) Pickup Tube. Flow Rate 800 gph (3028 lph). Discharge 1 1/8 inch (28.6 mm). Voltage 12 Vdc. Amp Draw 2.8 amp. Fuse Size 5.0 amp.
32-355PModel 403-STC (Straight)107.50

LIVEWELL PUMP "C" TOURNAMENT SERIES

Removable motor cartridge. For Thru-Hull Applications Angled 4" (102mm) Pickup Tube. Flow Rate 800 gph (3028 lph). Discharge 1 1/8 inch (28.6 mm). Voltage 12 Vdc. Amp Draw 2.8 amp. Fuse Size 5.0 amp.
32-357PModel 403-C (90 degrees).....107.50

RULE-A-MATIC FLOAT SWITCH

Year after year this switch is the choice of most yachtsmen, commercial fishers and boatbuilders the world over. For use with pumps drawing up to 14 amps.

32-091P69.95

SUPERSWITCH

The RULE Super Switch is designed for the toughest applications. Good for all voltages up to 110v. Sets the industry standard. C/W built-in fuse.

32-011P 101.50

ECO SWITCH

An ecologically sound automatic bilge pump switch, featuring non-mercury design. As water rises in the bilge, air is forced up the tube which is attached to the switch. The air pressure activates the switch and controls the pump. There are no moving parts, all wiring is out of the water and there are no submerged electrical connections. For pumps drawing up to 20 amps.

32-350P12V.....117.00

32-351P24V.....120.00

RULE IN-LINE SUBMERSIBLE PUMP 500GPH

Multi-application submersible for water and diesel. Delivers 500GPH. Pumps fresh, sea water and diesel. Rapid diesel refueling and transfer with no spillage. Easy pump-out in tight areas. **water transfer; deck showers; general wash-down; baitwell tank aeration.** Robust, slim-line with clip on easily cleaned filter. Continuous duty. Pump size 1 1/2" Dia x 6 1/2"L. Supplied with 13 ft of hose and power cable. Removable shut-off nozzle for inline installation if required.

32-168P Pump Only, 12V, 6 amps.....115.50

32-169PComplete Pump Kit.....169.00

RULE INFLATOR/DEFLATOR PUMP

Inflates a typical four man dinghy in as little as 50 seconds. 12v, 25amps, maximum. 2.6psi, 20 CFM. 10ft.cable length with battery clips. Pre-lubricated and sealed bearings to ensure long life. Supplied with an adaptor for all major inflatable boats. Grip pad for one handed operations.

32-175P	12V	142.00
32-176P	Inflator Adaptor Kit	19.50

AMAZON UNIVERSAL HAND DIAPHRAGM PUMP

The Amazon hand pump from Jabsco gives 1320 gph flow rate. Excellent solids handling capability. Quick release clamp ring gives quick access for blockage clearance. Includes one push-fit elbow which swivels 360 degrees for flexible installation. Connections for 1-1/2" hose. Comes with detachable handle.

HIGH WATER BILGE ALARM

This unit consists of a float switch and an indash gauge that features visible & audible alarms. This unit allows unmanned compartments to be constantly monitored. For additional compartments just add a Rule-A-Matic switch.

- 32-094P12 volt139.00
- 32-106P24 volt139.00

3-WAY BILGE PUMP SWITCH PANEL

Very attractive rocker switch design. Controls any pump equipped with an automatic float switch. This unit features a black plastic panel, has a built-in fuse holder and an internally lighted rocker switch with 3 positions (automatic, off, or manual) with Rule "fail-safe" spring return to "off" from the "manual" position.

- 32-294P12V63.95

3 WAY BILGE PUMP SWITCH PANEL

Controls any pump equipped with an automatic float switch. Toggle has 3 positions (automatic, off, or manual) and has a "fail-safe" spring return to "off" from the "manual" position. Panel is black stainless steel and has red indicator light and fuse holder.

- 32-092P12V62.50
- 32-093P24V & 32V64.95

WATERPROOF BILGE PUMP SWITCH

3-position rocker switch has auto/off and spring control to manual position. Comes with indication LED's. Uses AGC fuses. Aluminum face plate is 2"W x 3 1/2"H.

- 32-037R12V15.95

ROTARY BARREL PUMP

Diamond brand

Comes with pipe and 8' of vinyl discharge hose. 18L per minute capacity.

- 32-067M69.95

3-WAY BILGE PUMP SWITCH

Material: ABS, Black. Voltage: 12VDC. Auto-Off-Manual switch with spring return from manual position.

- 3 1/4" x 2 7/16"
- 32-039R25.95

3-WAY BILGE PUMP SWITCH AND ALARM

Material: ABS, Black. Voltage: 12VDC. Auto-Off-Manual switch with spring return from manual position. Has bilge level alarm. 4 1/2" x 2 7/16"

- 32-040R32.95

ENGINE OIL CHANGE PUMP

Comes with 1/4" hose to fit dipstick hole. Brass and neoprene construction.

- 32-066R26.95

ELECTRIC DRILL PUMP

A great little pump from JABSCO designed to pump most liquids and especially useful for Engine Oil Changes. This pump will pump hot oil and comes with 3' of 1/2" discharge hose and 40" of 1/4" hose suitable for dipstick hole. Two 3/4" garden hose adaptors are also supplied. Fits into 1/4" or 3/8" drill. Drill not included.

- 32-110PCap. - 200 GPH89.95

"LITTLE PAL" UTILITY PUMP

Compact multi purpose hand pump does many draining and liquid transfer jobs, yet small enough to fit into a tool box. Includes 2 feet of hose and draw tube for draining crank case oil through dipstick tube.

- 32-332P99.95

SHOWER DRAIN BOX

A compact, full capacity shower drain system. Automatically turns on after the water starts, and shuts off when the water is removed. Activated by a Rule-A-Matic® float switch. Other features include a clear screw down cover, a removable strainer for easy cleaning, and an internal check valve to prevent back flow.

- Flow rate : 800GPH. Discharge : 3/4".
- 3 Inlet Ports Accept 3/4", 1", 1 1/8" & 1 1/2"
- 32-348P12V258.00
- 32-349P24V265.00

MANUAL MARINE TOILET

This Jabsco Manual Toilet is both functional and stylish. The pump assembly is angled forward to provide a natural smooth stroke while the convenient dry bowl selector is easy to operate. The base assembly is fully skirted to eliminate the debris traps associated with most toilets. The 2" pump body is made of white cycloac and can be installed on the left side if required. All fasteners are stainless steel and bronze.

1 1/2" outlet & 3/4" intake.

MACERATOR PUMP

These pumps are the ideal answer to simple holding tank pumpouts. The macerator section grinds waste into small particles so it easily passes through the pump's 1" hose barbed discharge port. The pumps are self-priming and can empty a typical 30 gallon (115 litre) holding tank in less than 3 minutes. The intake port with 1 1/2" NPT can be screwed directly into a tank's female discharge fitting or the pump may be positioned remotely for installation versatility.

38-284P12 volt**350.00**
 38-302P24 volt**375.00**

VENTED LOOPS

Used where toilets are installed below the waterline to prevent siphoning.

DOMETIC 962 PORTABLE TOILET (2.5 GAL)

The simple, self-contained and adult-sized SaniPottie 962 Portable Toilet provides recreational boaters with convenience and user-friendly performance. The bellows-style flush delivers a bowl-clearing rinse every time. Its durable, easy-to-clean construction and secure locking side latches ensure a reliable performance for a long time. 2.5 gal. (9.5L) waste tank capacity. (12 1/2" H x 14 1/2"W x 16 1/2"D)

38-730PModel 301096206.....179.00

Powerful Flushing at the touch of a button without constant pumping or batteries. High-strength ABS . Prismatic tank level indicator allows easy tank level monitoring construction withstands harsh environments; smooth, easy-to-clean finish. Push-button flush clears bowl instantly. Full-size seat for comfort; latching lid for security.

RACOR. DIESEL FUEL FILTER/WATER SEPARATORS

"Fuel is your biggest expense, don't make it your biggest headache as well"; install a RACOR Filter in your fuel line today. We have models from 30 GPH to 360 GPH. RACOR's Turbine Series are available in single or double manifold series which allows for isolation of one unit, while servicing the other.

You can determine your engine's approximate fuel flow rate by using this simple formula: Fuel Flow = HP x 0.18

RACOR.

MODEL 500 FG

Flowrate: 60 GPH. 3/4" - 16 SAE Ports.

Complete with 2 micron element. Plastic bowl.

44-144M..... 459.00

MODEL 900 FH

Flowrate: 90 GPH. 7/8" - 14 SAE Ports.

Complete with 2 micron element. Plastic bowl.

44-148M..... 649.00

MODEL 1000 FH

Flowrate: 180 GPH. 7/8" - 14 SAE Ports.

Complete with 2 micron element. Plastic bowl.

44-151M..... 725.00

RACOR.

MODEL 500 MA

Flowrate: 60 GPH. 3/4" - 16 SAE Ports.

Complete with 2 micron element. Plastic bowl, comes with metal shield.

44-654M..... 565.00

MODEL 900 MA

Flowrate: 90 GPH. 7/8" - 14 SAE Ports.

Complete with 2 micron element. Plastic bowl with metal shield.

44-655M..... 850.00

MODEL 1000 MA

Flowrate: 180 GPH. 7/8" - 14 SAE Ports. Complete with 2 micron element. Plastic bowl with metal shield.

44-596M..... 815.00

RACOR.

MODEL 75/500 FGX

Flowrate: 120 GPH, 3/4" - 16 SAE Ports, pressure differential gauge and isolation valve, complete with 2 micron elements. Plastic bowls.

RACOR AQUABLOC ELEMENTS

Always rely on Racor Aquabloc replacement elements. Elements are available in 2, 10, and 30 micron protection ratings. The lower the micron rating, the finer the protection. The 2 micron element (SM) is for secondary/final filtration and has brown end caps. The 10 micron element (TM) can be used for primary or secondary/final filtration and has blue end caps. The 30 micron element (PM) is for primary filtration and has red end caps.

PERKO

PERKO P-TRAP VENT VALVE

Stainless steel escutcheons, aluminum shaft & polymer body with splash guard and flame arrestor. Allows vapor to vent from tank during thermal expansion of fuel and while refueling. Allows fresh airflow into the tank during thermal contraction of fuel and when engine is running. Protects canisters and fuel systems from water. Deflector style vent opening reduces water volume entering assembly. Internal P-Trap and check valve prevents water from passing through assembly into fuel system. Straight hose connection.

5/8" hose. Max Hull thickness 1"

38-149R.....58.00

"SWINGARM" ELECTRIC FUEL SENDERS

Gather fuel level information the same way as the mechanical sending units. It connects to a dash mounted gauge without a conversion capsule. Internal components will not rust or corrode.

For Tanks 6" to 12"
42-812R.....035722-1049.95
For Tanks 12" to 24"
42-813R.....035729-1052.95

"REED SWITCH" ELECTRIC FUEL SENDERS

Collect fuel level information more consistently than swingarm senders. They achieve this by taking the measurement from the float(which is a moving part). However, the fluctuation is much less because the range of motion is much less. Stainless Steel construction provides efficient performance.

For Tanks 7"
42-815R.....035774-10114.95
For Tanks 9"

ALUMINUM OUTBOARD MOTOR BRACKET (15HP)

Up to 15hp - 132 lbs max - 10" of lift - 2 or 4 stroke engines

Adjustable outboard motor bracket is designed for 2- and 4-stroke motors up to 15 HP or 132 lbs. Constructed of hard-coat anodized aluminum and hand adjustable with the turn of a knob. Stainless steel torsion springs counterbalance the motor weight making adjustments a breeze. 10" of travel and 5 vertical running positions let you fine tune the motor height for optimal performance. Meets ABYC Standards.

STAINLESS STEEL HD OUTBOARD MOTOR BRACKET

Up to 15hp 4-stroke or 20hp 2-stroke
132 lbs max - 11" of lift

Adjustable Stainless Steel outboard motor bracket. Works with 4-Stroke motors up to 15hp or 2-Stroke motors up to 20hp, max weight 132lbs. Twist-knob Safety Locks provide increased torque rating while helping secure bracket in place. Built extra-tough and extra-wide for secondary, higher-torque, four-stroke engines. Motor's weight is counterbalanced by heavy-duty stainless steel torsion springs for easy lifting. Boasts a 2" thick, weatherproof and maintenance-free polypropylene mounting board along with aircraft-type stainless steel hardware. Four-position lock bar and 11" of travel allow for a better range of trim adjustment. Meets ABYC Standards.

90-326P.....Model 55-0408S.....499.00

ALUMINUM OUTBOARD MOTOR BRACKET

Up to 20hp - 115 lbs max - 11" of lift - 2 stroke engines

The adjustable bracket is designed for motors up to 20HP or 115 lbs max weight. Heavy duty, light weight aluminum is designed for fresh water use on both power boats and sail boats. Manual operation means no power is required to raise and lower your auxiliary outboard motor. Spring loaded (11" of travel with 5 stops).

Motor pad is 8.5" x 10.5" x 1.75"
90-328P.....Model 55-0021.....318.00

SWIM PLATFORM OUTBOARD MOTOR BRACKET

Up to 20hp - 2 & 4 stroke engines

Constructed of black powder coated aluminum and can be adjusted to fit most platform heights and motor shaft lengths for optimum prop depth and performance. Comes complete with transom support bar for weight support and torque resistance.

INFORMATION GUIDE

We can supply custom made doors and windows in most sizes. When ordering, please advise us on "Cutout Size". This is also known as "Rough-Stud Opening". To determine if you require a left or right hand door, note the following: When viewing the door from "OUTSIDE" your vessel, HINGES on the left indicate LEFT HAND door, HINGES on the right indicate RIGHT HAND door. Remember, these marine doors open "OUTWARDS" only. Powder Coating available by special order. Allow 10 weeks delivery.

Available by special order. DSG "Sliding Doors". Please call for details.

Freeman Marine hatches are used on a wide variety of fishing boats, tugs, barges, rescue craft and other workboats. The hatches are fast acting and easy to use. Simply grasp the handle and pull, the shaft slides into place, and with less than a quarter turn, completely disengages the locking mechanism. The dogs and linked handle do the work smoothly in just a second. Our easy lift system allows simple removal. With the locking mechanism disengaged, the hatch is resting on the deck ring and can be lifted out with one hand.

- Watertight hatches are designed to seal up to 30 foot intermittent head, the double sealing gasket seals tighter under pressure.
- Dogging mechanism assures smooth consistent action, no binding or jamming.
- Hatch comes complete with deck trim ring.

HOT WATER HEATERS

Heat your water by running your engine's cooling water through the built in heat exchanger. Also has 120 VAC x 1500 Watt electric heater for dockside use. Constructed of aluminum tanks and insulated stainless steel housings. Unique to Force 10 is the addition of a temperature control valve (TCV Optional). It controls coolant flow through the heat exchanger, preventing excessively high water temperature and reducing the risk of scalding. Complete with ignition protected controls and pressure relief valve. For convenience, all connections are located on the same side of the units. "GALVANIC ISOLATOR" is highly recommended.

Galvanic corrosion is not covered under warranty. UL marine approved.

FUEL PUMP

Adjustable pressure pump with built in regulator makes it ideal for internally vented systems. Prevents excessive fuel pressure build up from occurring at carburetor. Reduces chances of vapor lock. For non fuel-injection applications. An ideal pump for oil stoves when a gravity fed system is not possible or preferred. Adjustable from 1.75 to 5 psi. Factory set at 2.5 psi.

INFORMATION GUIDE Lights with lever control assembly, E-length of 8 1/2" are for maximum ceiling thickness of 4 1/2". If ceiling thickness exceeds 4 1/2" you will require "E" length assembly of 15 1/2".

19" SOLAR-RAY SEARCHLIGHTS

All Aluminum - White Perko*Kote Finish - 32, 120 or 230 Volts

The 1900 Series - Solar-Ray Searchlights are designed and built with the commercial users in mind, where maximum size and brilliance count. These units are constructed of marine aluminum with heavy duty castings and heavy gauge reinforced bodies for extra durability. They are finished in our white PERKO*KOTE finish; an advanced process that eliminates the need for painting while providing a scratch resistant and chip-proof surface for painting when necessary to match the color of the vessel.

Available with Lever/Gear or Distant Electric Remote Controls. All models feature halo deflectors, parabolic glass mirror reflectors for maximum light output and ventilation covers for quick dissipation of heat to help prolong bulb life. Hinged front doors have quick release stainless steel latches to provide easy access for bulb replacement.

Supplied without socket or bulb - See below for components to suit your requirements.

PRECISION "WIRELESS" CONTROLLED SPOTLIGHT

The innovative Marinco Precision Wireless Controlled Light addresses the most common issues found in marine-grade spotlights. In doing so it has become the most versatile, durable, consistent and easy-to-use spotlight on the market. Its unique, totally enclosed housing design protects all critical components from moisture, salt, shock and vibration for long-lasting operation. Easy snap-in mount system. Whether mounted upright or suspended upside down, you get 370 deg sweep rotation and 120 deg tilt (75 deg up, 45 deg down) in a durable IP56 weatherproof housing. Inside, a brilliant 100 Watt H3 Halogen lamp with an optimized parabolic reflector pierces the ultra clear lens to provide a consistent light pattern. **Universal 12 & 24 Volt circuit (shipped with 12 Volt bulb installed / 24 Volt bulb included).**

L.E.D. SPOT WORK LIGHT

LED Spot Light, 9-60 VDC. Wattage: 45W. Die cast aluminum housing, S.S.201 bracket. LED Type: 15 x 3W cool white LED. Color Temperature: 6000K. Effective Lumen: 3000LM. IP67 waterproof.

Size: 6.5" x 4.2" x 3.2"

- 30-653R.....57.95

L.E.D. WORKLIGHT

Die casting aluminum, acrylic lens, S.S. 304 bracket. LED Type: 6 x 3W "CREE" Cool white LED. LED Lifetime: 50000hrs. Beam Angle: 60°. Effective Lumen: 1260LM. Wattage: 18W. Voltage: 10-30 VDC

Size Approx. 4 1/4" x 3 7/8" x 2 7/8"

- 30-655R.....69.95

L.E.D. SPOTLIGHT

Material: Die Casting Aluminum. PC Vacuum- Coated Reflector. LED Type: 12 x 3W Cool White LED.

Lifetime: 50000hrs. Beam Angle: 40°.

Color Temperature: 5000-6500K. Wattage: 30W.

Effective Lumen: 710LM. Voltage: 9-56 VDC.

Waterproof IP66. Bracket Allows for Back & Forth Tilt Adjustment. Pre-Wired with 30cm Cable, UL1430, 18AWG

Size Approx. 6 1/2" Dia.

- 30-650R.....249.95

HIGH POWER L.E.D. WORKLIGHT

Made of Aluminum, With PC Outer Ring. Rating: Multi Voltage 9-56V DC/12W With 6x3W (5000-6500K) Lambertian. Pre Wired with 2M PU Cable. Bracket allows full tilt & 360 rotation adjustment. Operation temp: -20 to +60 degrees Celcius. IP66. Size Approx. 6" x 5 3/4"

- 30-649R.....84.95

Rhyno outdoor LED flood lights are mounted in a high quality aluminum alloy housing with corrosion resistive coating, complete with stainless steel bolts and screws. The lenses are tempered glass with a silicone rubber gasket. These lights replace the equivalent of up to 10 times the power of incandescent lights with energy savings of up to 90%. Approximate lifespan: 50000 Hours

LED HIGH POWER SPOT LIGHTS

LED HIGH POWER 12.5" 300W SPOT LIGHT

This High-Power Spot Light module mounts where the light is needed and the driver module mounts safely away out of reach from harsh environments. The spot light module is made of 1070 pure aluminum and the mounting bracket is Stainless Steel. With the appropriate electrical components, the spot light and drive modules can be mounted up to 50 feet away from each other.

Specifications:

- Watts: 300
- Input Volts: 110 – 277 VAC
- Input Amps: 2.5A @ 120 VAC
- Lumens: 41,191 @ 5000K
- Beam Angle: 30°
- Color: Black
- Rating: IP66
- Face Area: 12.5"
- Certification: UL, CUL
- Light shade included.

30-841K110/227V x 500W1560.00

LED HIGH POWER 14" 500W SPOT LIGHT

This High-Power Spot Light module mounts where the light is needed and the driver module mounts safely away out of reach from harsh environments. The spot light module is made of 1070 pure aluminum and the mounting bracket is Stainless Steel. With the appropriate electrical components, the spot light and drive modules can be mounted up to 50 feet away from each other.

Specifications:

- Watts: 500
- Input Volts: 110 – 277 VAC
- Input Amps: 4.17 @ 120 VAC
- Lumens: 87,129 @ 5000K
- Beam Angle: 30°
- Color: Black
- Rating: IP66
- Face Area: 14"
- Certification: UL, CUL
- Light shade included.

24 CIRCUIT AC/DC PANEL

This panel is designed for boats with both AC and DC electrical systems.

The "AC" part of the panel has 8 circuit breaker positions with reverse polarity indicating red LEDs and a 0-150 volt AC voltmeter. 1, 30 amp double pole AC main breaker and 3, 15 amp breakers are provided. There are 3 AC blank positions available.

The "DC" side of the panel has 16 circuit breaker positions. 10, 15 amp breakers are provided along with 6 blank positions. 8 to 16 volt DC voltmeter with a 3-position switch to monitor up to 3 battery banks and a 0 to 50 amp ammeter are included. Accepts optional backlight system model 8065 (3 required). Comes with 30 AC labels and 30 DC labels. 14 3/4" W x 10" H.

Model 8084

28-474M 12 VDC / 120 VAC.....1420.00

13 CIRCUIT DC PANEL

Comes with an 8-16 DC voltmeter with 3-position switch to monitor up to 3 battery banks and a 0 to 50 amp DC ammeter with remote shunt. Includes 10, 15 amp breakers and 3 blanks. Ready for installation of optional model 8065 backlight system (two required) 30 labels included. 10 1/2"W x 7 1/2"H.

28-478M.....Model 8068, 12 VDC.....899.00

13 CIRCUIT AC PANEL

Comes with a reverse polarity indicating red LEDs, 0 to 150 AC voltmeter and a 0 to 50 AC ammeter with remote sensing coil. Supplied with 1, 30 amp (double main) breaker, 8, 15 amp breakers and 3 blank positions. Pre wired and ready to accept model 8065 backlight system (2 required). Comes with 30 AC labels. 10 1/2"W x 7 1/2"H.

28-472M #8076 - 120 VAC895.00

10 CIRCUIT DC PANEL

Same specs. as the 13 circuit panel above only supplied with 7, 15 amp breakers and 3 blanks. If installing optional "BACKLIGHT SYSTEM, only 1 model 8065 is required. 30 labels included. 5 1/4"W x 11 1/4"H.

28-477M.....Model 8082, 12 VDC.....710.00

8 CIRCUIT AC PANEL

Comes with a reverse polarity indicating LEDs. Supplied with 1, 30 amp (double main) breaker, 3, 15 amp breakers and 3 blank positions. Accepts model 8065 backlight system. Comes with 30 AC labels. 5 1/4"W x 7 1/2"H.

28-470M.....Model 8027, 120 VAC.....365.00

8 CIRCUIT DC PANEL

All buses installed and fully pre-wired. Comes with 5, 15 amp breakers and 3 blanks. Accepts optional backlight system model 8065. 30 labels supplied. 5 1/4"W x 7 1/2"H.

28-476M.....Model 8023, 12 VDC.....359.00

CIRCUIT BREAKER TOGGLE GUARD

Protects circuit breakers from accidentally being switched ON or OFF. Fits all standard single pole circuit breakers. Mounting screws supplied. Two toggles shown in photo.

28-072RModel 4100.....5.75/Each

WEATHERDECK FUSE PANELS

Designed for flybridge and open cockpit applications. Independent label backlighting circuit for remote lighting and dimming. Constructed of corrosion resistant materials and weather resistant face plate. Panel can be mounted in four different orientations. Integrated ATO/ATC fuse based circuit protection.

28-513R.....4 Pos. #4304 (3.875" x 4.3")143.00
 28-514R.....6 Pos. #4306 (3.875" x 6")199.00
 28-515R8 Pos. #4308 (3.875" x 7.7")283.00

WEATHERDECK DIMMERS

Designed for flybridge and open cockpit applications. Independent label backlighting allows switching and dimming. Constructed of corrosion resistant materials and weather resistant face plate. Compatible with all Blue Sea Systems Digital Dimmers. Each panel can be mounted in four different orientations. Push button thermal trip, manual reset, 15 amp breakers.

28-510R4 Pos. #4374 (4.25" x 4.3")176.00
 28-511R6 Pos. #4376 (4.25" x 6")216.00
 28-512R8 Pos. #4378 (4.25" x 7.7")305.00

BREAKER PANEL BACK COVERS

Lightweight and easily installed cover provides insulation and mechanical protection for exposed panel backs. Black ABS material is easily drilled.

 28-484R..... #4028 (7 1/2" x 10 1/2")125.95

12V DC SOCKET AND DUAL USB CHARGER

This panel has 1 12V socket that can supply up to 15 Amps and 1 dual USB socket that can supply up to 2.1 amps. Great for charging cell phones, tablets, and other electronic devices. Can integrate into Blue Sea 360 Panel Systems. 4.75" H x 4.88" W x 1.50" D.

28-1306PModel 1478.....103.95

BACKLIGHT LABEL SYSTEM

Model 8065 fits panels with 3, 5, or 8 label positions. Model 8069 fits panels with 10 positions. Backlight board is mounted between the two bus blocks on the back of the panel; boards connect to 12VDC supply via #6,18AWG leads. Each label backlight draws only 5 mA.

28-481R.....Model 8065, 12 VDC32.95
 28-482R.....Model 8069, 12 VDC34.95

WATERPROOF SWITCH PANELS

Especially designed for flybridge or open cockpit applications. Heavy 1/8" aluminum face plate with two part polyurethane slate finish. Waterproof Contura switches with "ON" indicating LEDs embedded in switch. Supplied with waterproof mounting gaskets and set of 30 DC labels (not backlightable). Accepts AGC fuses up to 20 amps.

SAFETY HUB 150 FUSE BLOCK

An ignition protected fuse block with screw termination safe for use on gasoline powered boats. Accepts four AMI or MIDI Fuses for high-amp circuits up to 200A. Accepts six ATO or ATC Fuses for circuits up to 30A including bilge pumps, electronics and lights. Sealed cover protects fuses from the harsh marine environment and satisfies ABYC/USCG insulation requirements. Negative bus provides common location for negative connection.

28-487RModel 7748.....215.00

ML-ACR AUTOMATIC CHARGING RELAY

500 Amp magnetic latching (bi-stable) relay automatically combines batteries during charging and isolates batteries when discharging and when starting engine. Includes ML-Series Remote Control Contura Switch PN 2146. Automatically manages the charging of two large battery banks. Allows paralleling of battery banks for emergency starting. 500 Ampere continuous rating to support high-output alternators. LED output to remotely indicate when batteries are combined, isolated, in voltage lockout, or in Start or Engine isolation.

28-1310R12V - 500 Amps379.00

AUTOMATIC CHARGING RELAY

12/24V DC 65A

The Mini Automatic Charging Relay is designed to manage the charging current from alternators up to 65 Amps found on most outboards and many inboard engines.

Start Isolation protects sensitive electronics by temporarily isolating house loads from the engine circuit during engine cranking, protecting the house circuit from voltage sags and spikes.

The compact design allows for three mounting styles: surface, rear, or panel mount. The M-ACR is also available as a module in a Custom 360 Panel.

Features

- Senses charging on two battery banks
 - Pull off and snap on insulating cover
 - LED indicates ACR status
 - 1/4" x .032" male quick connect terminal for ground
- 28-571R.....(Model #7601)121.95

FUSE BLOCK SYSTEM

Polycarbonate base with clear cover. Cover insulates all conductive parts, satisfying ABYC / USCG requirements. Label slots are recessed and accept standard Blue Sea labels. Tin-plated, copper buses and beryllium copper fuse clips give full 30 amp rating per circuit. Max amperage for the total fuse block is 100 amps. Max voltage is 32VDC. 6 circuits. 3 1/4"W x 5"H x 1 1/4"D.

28-488RModel 5015 (with ground)66.50
28-489RModel 5018 (w/o ground).....56.50

ATC

Clear insulating cover with label recesses accept Small Format Labels. Cover Satisfies ABYC/USCG requirements for insulation. Tin-plated copper buses and fuse clips give 30 Amperes rating per circuit. Accepts ATO and ATC fast acting blade fuses. 20 write-on circuit labels included. Tin-plated copper buses and fuse clips give 30 Amperes rating per circuit. Accepts ATO and ATC fast acting blade fuses.

BATTERY ISOLATORS

These solid state devices allow you to connect your engine alternator directly to both batteries without fear of overcharging or of one higher-charged battery discharging into the other lower-charged battery. Using this unique device, the batteries are electrically isolated from each other. Both your batteries are always automatically being charged whenever the engine is running. For 6, 12, 24, 32 volt negative ground systems with one alternator and two batteries.

May not be exactly as shown.

SAMLEX 10 AMP. AC/DC POWER SUPPLY

This high efficiency AC-DC power converter provides a highly regulated output DC voltage of 13.8 Volts at 10 Amps with an AC input of 120 Volts, 60 Hz.

These advanced switch-mode DC power supplies were designed specifically for use with land mobile radio. The power supplies produce clean reliable power and are highly filtered to suppress RFI. The unit comes with a detachable power supply cord with NEMA 5-15P plug. Features include over-current, short-circuit and over-voltage protection. The AC-DC power supply conforms to FCC Part 15(B), class B digital device.

GALVANIC ISOLATOR

Galvanic Isolators will interrupt galvanic current flow with other boats at a marina when installed on a boat which is connected to AC Shore Power. This technology maintains AC safety ground and solves the most common forms of corrosion and premature zinc loss within a boats bonding system. Unit installs easily and does not require a dedicated monitor to verify the operational status of the galvanic isolator. We strongly recommend the use of this product when installing hot water heaters. Used with 30 Amp Shore Cord Applications.

CENTAUR CHARGERS

Three isolated outputs simultaneously charge three battery banks at the full rated current. Provides three stage charging with internal temperature compensation. All models will operate without any adjustment over a universal 90–265 VAC, 45–65 Hz input voltage range. Aluminum epoxy powder coated cases with drip shields and stainless steel fittings withstand the rigors of heat, humidity and salt air. Circuit boards are protected with an acrylic coating for maximum corrosion resistance. A dip switch selects the optimum charge/float voltages for flooded lead-acid, gel or AGM batteries.

Model 12/20

12 VDC, 20 Amp continuous output. Recommended for batteries from 80 to 200 Ah capacity.

Dimensions: 14"H x 8.5"W x 4.3"D

28-1050A.....558.00

Model 12/30

12 VDC, 30 Amp continuous output. Recommended for batteries from 120 to 300 Ah capacity.

Dimensions: 14"H x 8.5"W x 4.3"D

28-1051A.....619.00

Model 12/40

12 VDC, 40 Amp continuous output. Recommended for batteries from 160 to 400 Ah capacity.

Dimensions: 16.8"H x 9.4"W x 5.3"D

28-1052A.....759.00

Model 12/60

12 VDC, 60 Amp continuous output. Recommended for batteries from 240 to 600 Ah capacity.

Dimensions: 16.8"H x 9.4"W x 5.9"D

28-1053A.....820.00

Model 12/80

12 VDC, 80 Amp continuous output. Recommended for batteries from 320 to 800 Ah capacity.

Dimensions: 19.9"H x 10"W x 5.2"D

28-1054A1360.00

Model 12/100

12 VDC, 100 Amp continuous output. Recommended for batteries from 400 to 1000 Ah capacity.

Dimensions: 19.9"H x 10"W x 5.2"D

28-1055A1665.00

Model 24/30

24 VDC, 30 Amp continuous output. Recommended for batteries from 120 to 300 Ah capacity.

Dimensions: 16.8"H x 9.4"W x 5.3"D

28-1056A.....959.00

Model 24/40

24 VDC, 40 Amp continuous output. Recommended for batteries from 160 to 400 Ah capacity.

Dimensions: 19.9"H x 10"W x 5.2"D

28-1057A1250.00

Model 24/60

24 VDC, 60 Amp continuous output. Recommended for batteries from 240 to 600 Ah capacity.

Dimensions: 19.9"H x 10"W x 5.2"D

28-1058A1430.00

"CHARGE PRO" BATTERY CHARGERS

Microprocessor and software control for precision, fully automatic 5-stage performance charging. Dedicated battery charging, sensing and control per bank. Expanded LED charge status monitor. Wiring and battery fault detection. 100% waterproof (IP67) and shock resistant for all fresh and saltwater applications. Built-in safety: reverse polarity, over-current, over-voltage, over-temp, and ignition protection. In-line fuses for maximum DC wire protection.

BATTERY MAINTAINER

Charge batteries 1.2 Ah to 40 Ah, maintain batteries 1.2 Ah to 125 Ah. Energy savings mode automatically shuts off the charger when the battery is charged, then periodically monitors the battery and turns back on when the battery falls below 12.9 V. Maintainer can safely stay connected to the battery for long periods of time. LED's let you know when the power is ON, battery is being charged, and when charging is complete.

28-750P58.95

BATTERY MAINTAINER

Provides 0.75 AMP charging, ideal for seasonal vehicles. Auto shut-off. Short circuit protected. Input 120 VAC output 0.75 AMP. Suitable for lead acid, wet maintenance free and gel batteries. Supplied with alligator clips, ring terminal and quick connect fittings.

28-028M.....28.95

Mini OLED Digital Monitors

Monitors essential electrical system parameters on a bright, waterproof, daylight readable OLED screen

- Compact size enables mounting in any convenient location.
- Reverse polarity protected
- Mounts in a common 1-1/8 in hole

DC Ampmeter (Model 1732)

- Convenient amperage monitoring
- Monitors -100A to 100A DC
- Positive or negative side wiring
- Includes Shunt

28-503P139.95

Temperature Monitor (Model 1741)

- Convenient temperature monitoring
- Temperatures range from -40°C to 125°C
- Measures in Fahrenheit or Celsius
- Includes Sender

28-504P106.95

DC Voltmeter (Model 1733)

- Monitors DC voltage on a bright, waterproof, daylight readable OLED screen.

28-505P76.95

VICTRON INVERTER/CHARGERS

Phoenix Multiplus

MultiPlus is a powerful true sine wave inverter, a sophisticated battery charger that features adaptive charge technology and a high-speed AC transfer switch in a single compact enclosure.

Multiplus 12/2000/80

Input 9.5–17 VDC; output 120 VAC, 60 Hz. Continuous output power 1,600 W, peak power 4,100 W. Battery charge current 80 Amp, starter battery charge current 4 Amp. Battery connection M8 studs.

Dimensions: 20.5”H x 10”W x 4.9”D

28-1065A1660.00

Multiplus 12/3000/120

Input 9.5–17 VDC; output 120 VAC, 60 Hz. Continuous output power 2,000 W; peak power 4500 W. Battery charge current 120 Amp, starter battery charge current 4 Amp. Battery connection M8 studs, 120 VAC connection 6-ga. screw clamp.

Dimensions: 19”H x 10.2”W x 8.6”D

28-1066A1985.00

Multiplus 24/2000/50

Input 19–33 VDC; output 120 VAC, 60 Hz. Continuous output power 1,600 W, peak power 4,100 W. Battery charge current 50 Amp, starter battery charge current 4 Amp. Battery connection M8 studs.

Dimensions: 20.5”H x 10”W x 4.9”D

28-1068A1699.00

Multiplus 24/3000/70

Input 19–33 VDC; output 120 VAC, 60 Hz. Continuous output power 2500 W, peak power 6000 W. Battery charge current 70 Amp, starter battery charge current 4 Amp. Battery connection M8 studs, 120 VAC connection 6 ga. screw clamp

Dimensions: 19”H x 10.2”W x 8.6”D

28-1069A1985.00

PHOENIX MULTI CONTROL

Remote control and monitoring for Multi and Quattro models, ON/OFF inverter control and power control. Set maximum generator or shore power current draw from 0–30 Amps; the Multi uses remaining AC loads for battery charging, preventing the generator or shore power from being overloaded. Connection requires standard UTP cable, sold separately.

BATTERY SELECTOR SWITCHES

BLUE SEA ADD A BATTERY

The Blue Sea 7650 Add a Battery package is a complete two battery bank management solution. It features a Blue Sea 5511e Dual Circuit Plus™ Battery Switch which isolates engine and house circuits and a Blue Sea 7610 120 Amp SI ACR automatic charging relay which combines batteries for charging.

28-539R.....(Model #7650)269.95

BATTERY SWITCH, DUAL CIRCUIT PLUS

Simultaneously switches two isolated battery banks or combines battery banks to all loads. Make-before-break contact design allows switching between battery banks without power interruption. Ignition protected—safe for installation aboard gasoline powered boats. Case design allows surface or rear panel mounting. Meets American Boat and Yacht Council (ABYC) requirements for battery switches.

50' "LED" CORDSET

- Watertight molded plug and connector ends for safety and durability.
- Heavy-duty, super flexible marine grade cable (30 Amp 10 gauge).
- Corrosion-resistant, nickel-plated contacts.
- ULus approval.
- 5-year warranty.
- Patented Jaw Clamp technology.
- No threaded ring required.
- Create a watertight seal every time.
- Proprietary built-in cord light.
- Added safety alert light indicates if you are still plugged in at the dock.
- Emergency flashlight to lead your way back to the dock
- Power Indicator Light on both ends Informs you that power is flowing through the cord.
- Secondary lock for added security.
- When engaged, the wings cannot be unclamped.
- Universal Connection•Connects to any brand, NEMA configured inlet.

SIROCCO II FAN

The Sirocco II 12/24 Volt fan features a unique gimbaled design that allows airflow to be directed in any direction of the cabin - 360°. The Sirocco can also be folded flat and out of the way against the bulkhead when not in use. Multiple speeds, timer settings and quiet operation.

28-1018R12/24 Volt.....159.95

Castramo

BORA FAN

The model 748 Bora fan solves any on-board airflow challenge. The fan is ideal for clearing a bridge windshield, venting a galley or providing cool comfort in the sleeping berth. This versatility has made the Bora our most popular selling fan. Three speed touch control Compact design. Mounts sideways, upright or downwards.

28-1022R.....12 Volt102.95

Castramo

KONA FAN

The model 817 Kona fan is designed for the most demanding marine conditions. Featuring a watertight motor and constructed of extruded aluminum, UV stabilized plastic and stainless fasteners the Kona is ideal for environments such as the wheelhouse dash or an exposed bridge or cockpit where splash and spray would spell disaster for other fans. The variable speed motor allows for a multitude of settings. The standard lighter plug adapter and suction cup mount option allow this fan to be moved wherever it is needed on the boat - above or below the deck.

ECOFAN

Ecofan circulates warm air throughout the room which increases the user's comfort. These fans are designed to sit on top of a freestanding wood or pellet stove. Ecofan generates its own electricity without cords or batteries. Ecofan starts automatically when placed on top of a stove and adjusts its speed with the stove temperature. As the stove heats up, Ecofan runs faster. As the stove burns down and cools, Ecofan automatically shuts off.

ECOFAN ULTRA AIR MODEL 810

- Air Flow : Up to 105 CFM
 - Temperature Range 212°F - 650°F (100°C – 345°C)
 - 3" x 5.5" x 9"
- 28-1032K.....(Gold Blade)129.95

- Air Flow : Up to 150 CFM
 - Temperature Range 185°F - 650°F (85°C – 345°C)
 - 3.3" x 5.5" x 10"
- 28-1030K.....(Nickel Blade)174.95

4" JABSCO FLEXMOUNT BLOWER

4" inlet, 3 5/8" outlet. 250 CFM. Ignition protected. Extended Life 10,000 Hour Motor. Tough Reinforced Thermoset Plastic Housing. Mounts To Any Flat Surface. Slip-On Inlet Ducting Connection. Efficient High Volume Air Flow. Low-Current Draw. Corrosion-Resistant Materials Throughout. N.M.M.A. Type Accepted. Meets USCG Regulation 183.410 and ISO 8846 MARINE for Ignition Protection. Complies with ISO 9097 MARINE 9 5/8" H x 9 3/16" W x 9 1/4" L.

- 28-067M.....12 Volt (35770-0092)451.00
- 28-068M.....24 Volt (35770-0094)457.00

PALI ENGINE ROOM HEATER

Extend the boating season and protect your engine against surprise cold snaps prior to winterization. The Pali utilizes a self-regulating PTC heating element that cannot overheat. It meets all ignition protection guidelines and standards to allow it to be safely used in the marine engine compartment. It is the only heater of its type fully safety compliant to UL and CSA standards. Dimensions 9" L x 5" W x 4.8"H

- 28-1034P120 Volt VAC355.00

CAFRAMO HOT SPOT HEATER HEATER

A powerful space heater in a small package. The PTC ceramic heating element provides a constant source of heat but is cool to the touch and doesn't get hot enough to pose a fire hazard or burn risk. Comes with a built-in adjustable thermostat that allows you to maintain the perfect room temperature. Safety features include over-heat protection and automatic shut off if tipped over. Grounded plug for additional safety. 7.5" Long x 8" Width x 7.75" Height

- 28-1025R.....110 VAC64.95

TRUE NORTH DELUXE HEATER

This rugged AC electric heater keeps the cabin warm on the chilliest of those early and late season nights in the marina. ALCI safety plug option. Steel construction. 3 heat settings (600, 900 and 1500 Watt). Option of a 'fan only' setting. Thermostat controlled

- 28-1024R.....110 VAC142.95

STOR-DRY ELECTRIC HEATER

The Stor-Dry low wattage warm air circulator is the "must have" product for the winterization season. The model 9406 Stor-Dry combats mold, mildew and musty odors in any boat that is closed up or winterized. This dual action air dryer uses a low wattage heating element and internal fan to both heat and circulate the air. The heat and circulation prevents stale air pockets which in turn prevents mold or mildew forming on the interior surface of the boat.

- 28-1026R110 VAC x 90 Watts.....139.95

ROTO STYLE FAN/HEATER

Owners can defog their windshield in just minutes using the Model 9303 12 Volt defogger. Easy to install with either a sure grip suction cup or permanent screw down base and a standard lighter plug.

- 28-1010R.....12 Volt54.95

12V CERAMIC HEATER

Fan and heat, lightweight, easy to install. Adjustable 180 degree right to left. Provides steady, radiant and convection heat. Power cord 4m with in line 30 amp ATC fuse. 300 Watts.

- Dimensions 6.5"L x 4.25" W x 6"D
- 36-199P109.95

12V CERAMIC HEATER

Instant defrost for windshields. 360 degree swivel. Complete with a 54" cord and cigarette lighter adaptor plug. 150 watts.

- Dimensions 5" L x 4" W x 1.25"D

AIS & DSC

ICOM "IC-M94D" VHF H/H MARINE RADIO

Icom M94D VHF Handheld Radio with DSC and AIS
Icom's Class H DSC VHF transceiver, the M94D is the world's first handheld to possess the power of AIS. A class-leading 1500 mW speaker and ocean-conscious features. A combination of the Automatic Identification System (AIS) and Distress Signal Calling (DSC) provides users with peace of mind when out on the open sea. Access vessel traffic information and plot up to 50 waypoints for fishing spots or man-overboard (MOB) waypoints.

The M94D's back-lit screen is dimmable for easy readability under any lighting condition. The large screen allows for easy to read icons and text.

Float'n Flash: If the M94D falls into water, the radio floats and automatically flashes, even when it is off. The LCD screen flashes to help show the radio's position to retrieve easily.

Aquaquake: If the M94D decides to take a swim, the AquaQuake draining function removes water from the grill by vibrating at a particular frequency, preventing audio degradation.

ZOLEO SATELLITE COMMUNICATOR

Meet ZOLEO, the affordable accessory that extends your smartphone messaging coverage to everywhere on Earth and provides a safety system you can count on. Ruggedly designed, location-aware and Iridium-based, the ZOLEO satellite communicator device will keep you connected and secure when venturing beyond cell coverage. Simply connect ZOLEO with the free Zoleo app on your smartphone to send and receive messages anywhere on earth, and a whole lot more.

For added peace-of-mind, built-in Check-in and SOS buttons help keep you safe — even if your smartphone is damaged or out of battery life.

- Weight: 150 g (5.3 oz)
- Size 3.58"L x 2.6"W x 1.06"D
- Ingress Protection: IP68; dust- and water-resistant (to 1.5 m (4.9 ft) for 30 min)
- Shock-resistant: MIL-STD 810G
- Power input: Micro-USB Type B connector
- Covered SOS button prevents false alarms (also cancellable)
- Audible alerts for messages (user-selected tone)
- Internal GPS chip, location-aware (accurate to 2.5 m (8.2 ft))
- LEDs for: messages, SOS, check-in, and power
- Battery: Rechargeable internal Lithium Ion
- Battery life: 200+ hours
- Charging time: 2 hours using 1.5 A charger

ZOLEO SATELLITE COMMUNICATOR

26-116H 269.99

GARMIN INREACH MINI 2

This compact satellite communicator helps you keep home with you when you're off the grid — adding peace of mind to every adventure, without adding weight to your pack.

- Exchange text messages with loved ones back home, post to social media, or communicate inReach to inReach in the field.
- In case of emergency, trigger an interactive SOS message to the Garmin IERCC, a 24/7 staffed emergency response coordination center.
- Share your location with loved ones back home at any time using your MapShare™ page or with your coordinates embedded in your messages.
- Instead of relying on cellphone coverage, your messages, SOS alerts and location tracking are transferred via the global Iridium® satellite network.
- To access the Iridium network and communicate with your inReach Mini 2, an active satellite subscription is required. You can opt for an annual package or a flexible month-to-month plan.
- Don't let the 4" x 2" size and 3.5 oz weight fool you. inReach Mini 2 is tough, durable, impact resistant (MIL-STD-810) and water-rated to IPX7.
- The TracBack routing feature navigates you back to your starting point the same way you came, should you get lost — right on your device.
- Get accurate heading information — even when you're not moving.
- The internal, rechargeable lithium battery gives you up to 14 days use at the default 10-minute tracking mode and up to 30 days with a 30-minute tracking interval.
- Get detailed weather updates on inReach Mini 2 or a paired compatible device. You can even request forecasts for your current location or other waypoints or destinations on your itinerary.
- Get free access to the cloud-powered Garmin Explore website on your computer to plan your trips, create preset messages and quick texts, sync and manage your device settings, and much more.

GARMIN INREACH MINI 2

26-115J 539.99

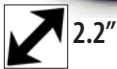

GARMIN INREACH MESSENGER

If you're venturing off the grid, this small, rugged satellite communicator goes beyond the limits of cellular networks to keep friends and family in reach with global two-way text messaging.

- A simple user interface through the Garmin Messenger app on your smartphone makes it easy to exchange text messages via satellite or cellular networks.
- Optimized inReach messaging uses a cellular connection of your smartphone when it's available, then it seamlessly switches to a 100% global Iridium satellite network when you go beyond available cellular coverage range.
- With the Garmin Messenger app, your inReach connection supports group message threading and distribution. So, you can share your adventures with multiple contacts and have group text chats with friends and family.
- In case of emergency, trigger an interactive SOS message to Garmin Response, a 24/7 emergency response center.
- Share your location anytime by using your MapShare page or with your GPS coordinates embedded in your messages.
- To access the global Iridium network and communicate with your inReach Messenger device, an active satellite subscription is required. You can opt for an annual package or a flexible month-to-month plan.
- Don't let the 3.1" x 2.5" size and 4 oz weight fool you. inReach Messenger is tough, durable, impact-resistant and water-rated to IPX7.
- If you're smartphone battery dies, just connect inReach Messenger to your phone for enough safety charge to send a custom text message from the inReach Messenger device via your phone's touchscreen.
- The internal, rechargeable lithium battery gives you up to 28 days of battery life in 10-minute tracking mode, so you can do what you love longer between recharges.

GARMIN ETREX 10

•eTrex 10 retains the core functionality, rugged construction, affordability and long battery life that made eTrex the most dependable GPS device available. We improved the user interface and added a worldwide basemap, paperless geocaching and support for spine-mounting accessories.

•eTrex 10 has an enhanced 2.2" monochrome display that's easy to read in any lighting situation. Both durable and waterproof, eTrex 10 is built to withstand the elements. Its easy-to-use interface means you'll spend more time enjoying the outdoors and less time searching for information. eTrex 10 features the legendary toughness that's built to withstand the elements. Dust, dirt, humidity, water — none are a match for this navigator.

•With its high-sensitivity, WAAS-enabled GPS receiver and HotFix® satellite prediction, eTrex 10 locates your position quickly and precisely and maintains its GPS location even in heavy cover and deep canyons. Whether you're in deep woods or just near tall buildings and trees, you can count on eTrex 10 to help you find your way when you need it the most.

•Take charge of your next adventure with BaseCamp™, software that lets you view and organize maps, waypoints, routes, and tracks. This free trip-planning software even allows you to create Garmin Adventures that you can share with friends, family or fellow explorers. Note : This eTrex 10 cannot accept detailed mapping For more information please visit www.mercersmarine.com.

GARMIN GPSMAP 79S

These rugged, floating handhelds feature sunlight readable, high-resolution color displays that are fog proof and scratch-resistant. You get access to a range of satellite constellations, so you get more reliable, accurate tracking around the world. Navigate wherever your adventures take you with options for worldwide basemap or built-in BlueChart g3 coastal charts. With more memory than previous models, you can save and track 10,000 waypoints and 250 routes. Keep your bearings with the built-in compass.

- This handheld is water-resistant (IPX7) with a high-resolution color display you can read in the sun. The glass is even scratch resistant and fog proof.
- If rough waters come and the handheld goes overboard, don't worry. This device floats.
- User-replaceable AA batteries (not included) provide up to 19 hours of battery life in GPS tracking mode.
- The 3-axis tilt-compensated electronic compass shows your heading, even while the boat is standing still.

GARMIN TREAD BASE EDITION 5.5"

26-715J809.99

GARMIN TREAD BASE EDITION

- Purpose-built for all-terrain use, Tread stands up to anything the elements can throw at it. It's IPX7-rated for water-resistance and built to U.S. military standard 810 for thermal and shock resistance.
- With its ultrabright 5.5" glove-friendly touchscreen, the Tread navigator is designed for easy viewing in bright sunlight or pitch dark. It can be mounted in portrait or landscape mode.
- Tread features preloaded topographic maps of North and Central America and detailed street maps of North America. It also includes trail maps for full-sized 4x4s, side-by-side, ATVs and motorcycles.
- Download high-resolution BirdsEye Satellite Imagery directly via Wi-Fi connectivity, with no annual subscription required.
- Use the Tread app to sync waypoints, tracks, routes and collections across your devices, including your mobile device, computer and Tread navigator. Easily import and share GPX files, too.
- For tough-terrain guidance, built-in sensors include an altimeter, barometer, compass and pitch/roll gauges.
- Pair your Tread powersport navigator with one of the compatible inReach global satellite communicators (sold separately) for two-way text messaging, interactive SOS and weather.
- Get spoken turn-by-turn directions if you choose to take Tread with you when you head back to civilization and want on-road navigation. This includes driver alerts for sharp curves, red light/speed cameras and more.
- Weather ahead? Pair Tread with your compatible smartphone, and download the Tread app to access live weather, storm alerts, animated radar and more.
- A built-in media player lets you control music loaded on your compatible smartphone on the navigator's display.

GARMIN TREAD OVERLAND & XL EDITIONS WITH INREACH

- Built for every part of the journey, this rugged all-terrain navigator has the mapping you need to stay on track and communication technology to stay in touch while you're out there.
- Purpose-built for all-terrain use, this Tread device stands up to anything the elements can throw at it. It's IP67-rated for water-resistance.
- With its ultrabright 8" glove-friendly touchscreen, the navigator is designed for easy viewing in bright sunlight or pitch dark. It can be mounted in portrait or landscape mode.
- Enjoy turn-by-turn trail navigation for traversing unpaved roads and trails using adventure roads and trails map content comprised of OSM and USFS Motor Vehicle Use Maps.
- Built-in inReach technology offers global satellite communication, two-way text messaging, location sharing and interactive SO
- Tread includes preloaded topographic maps with 3D terrain for North and South America. It also includes detailed street maps of North America with custom routing for the size and weight of your rig.
- Enjoy vivid aerial views when you download high-resolution BirdsEye Satellite Imagery directly to your device via Wi-Fi connectivity, with no annual subscription required.
- Tread comes preloaded with iOverlander points of interest and Ultimate Public Campgrounds, so you don't need a cell signal to route to the best-established, wild and dispersed campsites.
- When you're headed to tough-terrain, the built-in sensors will come in handy — including an altimeter, barometer, compass and pitch/roll gauges.
- Use the included locking magnet-assisted mount to secure the navigator to your vehicle.

RAM AMPs BASE WITH 1" BALL

Consists of a 1" diameter rubber ball connected at right angles to a 2" x 1.7" square base. The base has four pre-drilled holes at each corner, making the universal 1.5 x 1.188 (hole spacing) AMPs hole pattern.

- 26-059K14.99

RAM SPINE CLIP HOLDER WITH BALL FOR GARMIN HANDHELD DEVICES

This spine mount adapter easily clips into the integrated spine connection on a wide variety of Garmin devices. For use in nearly any application, the included B size diamond base adapter and hardware allows you to connect your Garmin handheld to any RAM B size mounting base.

- 26-795K24.99

RAM FINGER-GRIP UNIVERSAL PHONE AND RADIO HOLDER

Holds a large variety of cell phones and electronic devices. The cradle comes with (3 sets) of 4 flexible rubber coated fingers placed along sides to grip your device. The bottom of the cradle includes a back plate that adds support to the device being held by the mount. The spine plate contains the universal AMPs and 1.5" x 2" hole patterns.

- 26-080K53.99

RAM UNIVERSAL X-GRIP® CELL/IPHONE CRADLE WITH B-SIZE 1" BALL

If you are looking for a compact mount for your cell phone without that cookie cutter shape, you've found it. The RAM X-Grip® has a clean and clever four leg design that sports great holding power without hiding your phone behind foam pads and plastic.

- 26-058K58.99

RAM MEDIUM TOUGH-CLAW WITH 1" DIAMETER RUBBER BALL

The RAM Tough-Claw is the perfect mounting base for quick and easy tool-less installation and removal on round, square, odd shaped rails and bars. The Tough-Claw can be clamped on rails from 1" to 1.875" outer diameter. Ideal for mounting tablets, action cameras, smartphones, rod holders for rod storage and much more in a wide variety of applications. Perfectly suited for mounting on the yoke of an aircraft, handlebars and seat posts of bicycles, kayak rails, roll bars and much more.

- 26-066K65.99

RAM 2.38" ARM

The RAM-B-201U-A, short double socket arm, has a socket at both ends that accommodates 1" ball bases. RAM socket technology allows for almost infinite adjustment and perfect viewing angles.

- 26-053K24.99

RAM 3.69" ARM

The RAM-B-201, standard double socket arm, has a socket at both ends that accommodates 1" ball bases. A single spring inside the arm opens the end sockets, allowing you to pivot the ball and socket connection. This socket technology allows for almost infinite adjustment and perfect viewing angles.

- 26-051K26.99

RAM 6" ARM

The RAM-B-201-C, long double socket arm, has a socket at both ends that accommodates 1" ball bases. A single spring inside the arm opens the end sockets, allowing you to pivot the ball and socket connection. This socket technology allows for almost infinite adjustment and perfect viewing angles.

- 26-052K44.99

RAM BASE & SUCTION CUP FOR RAM HOLDERS

RAM diamond base with 1" ball for attaching to Ram Cradles or Twist Lock Suction Cup.

26-063K.....13.99

RAM Twist Lock Suction Cup. Attaches to RAM diamond base (#26-063).

26-065K.....24.99

NOTE:

• RAM twist lock suction cup mounts with the RAM diamond base only.

RAM BASE WITH 1" BALL

Replacement Base For Mounting Bracket. 1" diameter ball, connected at right angles to a flat 2.5" diameter base. The base has seven holes including the universal AMPS hole pattern.

26-057K.....14.99

RAM BASE WITH U-BOLT FOR HANDLEBAR

RAM-B-231 single u-bolt base for 3/4" to 1" rail with 1" ball size.

26-064K.....28.99

RAM CABLE MANAGER WITH AMPS HOLE PATTERN

The RAM Cable Manager creates an integrated route for electrical wiring and cleanly covers installation holes. A great addition to any surface mounting application. This item will work with any of the 2 5/8" round plates with AMPS hole pattern.

26-061K.....21.99

RAM DOUBLE 1" BALL ADAPTER

The RAM-B-230U, double ball joiner, consists of a 1" rubber ball on both ends that allow the connection of two 1" socket arms. When measured from ball center to ball center the arm length is 1.75". This mount is ideal if your mount arm is too short.

26-073K.....27.99

RAM EX-ROLL'R CRADLE FOR SPOT X

The form-fitting, high-strength composite RAM EZ-Roll'r cradle for the SPOT X allows for the attachment of RAM components containing the universal AMPS hole pattern. With the device in the cradle, all buttons and the power port remain fully accessible. The RAM EZ-Roll'r cradle for the SPOT X is compatible and interchangeable with a wide range of RAM diamond ball bases. Included is a set of two nuts and bolts.

26-820K.....18.99

RAM SELF-LEVELING CUP HOLDER WITH 1" BALL & COZY

A favorite world wide, the RAM self-leveling drink cup holder will bring a smile to anyone's face when they get it. The perfect accessory for any vehicle including motorcycles, ATV's, Big Rigs, and yes, even your prized riding lawn mower. Easily installed and positions to keep your favorite beverage within reach, this gem even comes with a RAM can insulator. Take a corner as hard as you like, this holder is ready to ride.

26-818K.....36.99

RAM CRADLE FOR SPOT GEN 4

The form-fitting, high-strength composite RAM EZ-Roll'r cradle for the SPOT Gen4 allows for the attachment of RAM components containing the universal AMPS hole pattern making it the ideal GPS mount for SPOT Gen4.

MARINE MAPPING

NAVIONICS + (CANADA & ALASKA)

Marine and lake charts. Get full marine coverage and more than 6,200 lakes and growing in Canada and Alaska, plus all of Puget Sound, Lake of the Woods, Rainy Lake and Canadian waters of the Great Lakes. Plug and play: Preloaded card with both Nautical Chart and SonarChart.

View detailed shorelines with marinas, docks and boat ramp locations. Increase your awareness of shallow waters and hazardous areas at any depth level including shoals, rocks, wrecks and more. Target underwater structure with up to 1 ft HD contours to find the best fishing locations: roadbeds, foundations, bridges, brush piles, culverts and creek channels. Consult tides and currents to plan your boating activities.

26-056JCanada & Alaska195.99

NAVIONICS + (CANADA & U.S.A)

For use with Lowrance & Eagle GPS units. •Get marine areas and a growing list of more than 18,000 lakes in US and Canada all on one card. Plug and play: Preloaded card with Nautical Chart. View detailed shorelines with marinas, docks and boat ramp locations. Increase your awareness of shallow waters and hazardous areas at any depth level including shoals, rocks, wrecks and more. Target underwater structure with up to 1 ft HD contours to find the best fishing locations: roadbeds, foundations, bridges, brush piles, culverts and creek channels. Consult tides and currents to plan your boating activities.

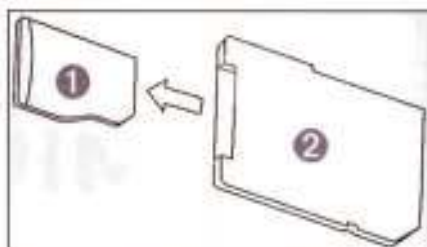

26-054JCanada/U.S.A349.99

NAVIONICS + (CANADA NORTH)

Coverage of northern, coastal, and inland Canada, including the Northwest Territories, Nunavut and northern Quebec. Includes major bodies of water such as Hudson Bay, Hudson Strait, Northwestern passage, and inland lakes.

26-055JCanada North189.99

PLEASE NOTE :

To Remove a microSD Card

If your GPS device uses the smaller microSD card (See image 1) instead of the larger SD adapter (See image 2) remove the microSD card from the adapter according to the illustration

MARINE MAPPING

GARMIN NAVIONICS + CAN/ALASKA

For offshore or inland waters, this all-in-one solution offers detail-rich integrated mapping of coastal waters, lakes, rivers, and more. The Navionics Chart Installer software also ensures the freshest chart data every time out. Multiple shading options aid in shallow water navigation and make it easy to highlight a target depth range for the best fishing spots.

26-403J199.99

GARMIN NAVIONICS VISION + CAN/ALASKA

The Premium map option for your compatible Garmin display. Inclusive of both inland lakes and coastal waters, data is sourced from both Garmin and Navionics to provide you with exceptional detail. Premium features include High Resolution Relief Shading, High Resolution Satellite Imagery, Sonar Imagery, Aerial Photography, SideScan Images and more!

26-404J329.99

GARMIN NAVIONICS + CANADA NORTH

Featuring vibrant colors, a streamlined interface and combined coastal/inland content with a popular Navionics style color palette, Garmin Navionics+ cartography makes it easy to plot your course with the world's No. 1 name in marine mapping.

26-405J189.99

GARMIN BLUECHART G3 "CANADA"

Industry-leading coverage, clarity and detail with new charts that feature integrated Garmin and Navionics content. Auto Guidance¹ quickly calculates a suggested route by using your desired depth and overhead clearance. Includes Depth Range Shading for up to 10 depth ranges, enabling you to view your target depth at a glance. Up to 30 cm (1 ft) contours provide a more accurate depiction of the bottom structure for improved fishing charts. To give a clear picture of shallow waters to avoid, the Shallow Water Shading feature allows for shading at a user-defined depth. Experience unparalleled coverage and brilliant detail when you're on the water. BlueChart g3 coastal charts provide industry-leading coverage, clarity and detail with integrated Garmin and Navionics content.

GARMIN GPSMAP 723XSV & 923XSV GPS/SOUNDER

With its sleek design, powerful processing and upgraded IPS display, this advanced 7" or 9" chartplotter integrates seamlessly into your Garmin marine system.

- Get built-in Ultra High-Definition SideVü and ClearVü scanning sonars with vivid, high-contrast color palettes to help distinguish fish from structure. GPSMAP X3 series also supports 1 kW CHIRP traditional sonar capabilities.
- Pair with Panoptix or LiveScope easy-to-interpret live sonar (transducer required, sold separately) to see all around your boat in real time.
- With its added processing power and slimline design featuring edge-to-edge glass, it's easy to retrofit this plotter in a wider range of dash configurations.
- New higher-resolution IPS display plotters offer improved sunlight readability and visibility from any angle.
- To help you avoid weather and traffic on the water, the compact 4 kW GMR 18 HD+ dome radar is available as a bundled option.
- View laylines, race start line guidance, enhanced wind rose, heading and course-over-ground lines, true wind data fields and tide/current/time slider, wind angle, set and drift, wind speed, polars and more.
- Use the polar table to see key data, including how fast you should go at a certain wind angle and speed.
- If you have multiple compatible Garmin devices on your boat, you can share information, such as maps, user data, radar and IP camera video.
- Connect to compatible autopilots, digital switching, weather, Fusion-Link audio system, media, VHF, AIS and more from one screen.
- Built-in Wi-Fi connectivity pairs with the free all-in-one mobile app for access to the OneChart feature, smart notifications, software updates, Helm, Garmin Quickdraw Community data and more.
- TRANSDUCER SOLD SEPERATELY. Maximun 2700 ft with optional 1kw transducer.**
- MAPPING SOLD SEPERATELY.**

GARMIN GPSMAP 1022XSV & 1222XSV GPS/SOUNDER

These chartplotters feature large, bright screens coupled with quick and easy-to-use keypad interfaces with user-programmable keys and multifunction control knobs to help you navigate with ease.

- Get wider viewing angles on a vivid 10" or 12" color display.
- The chartplotters include built-in single-channel CHIRP sonar plus CHIRP ClearVü and CHIRP SideVü scanning sonars with Panoptix and LiveScope sonar support on
- Enjoy built-in ANT wireless connectivity directly to your compatible Garmin devices.
- Built in Wi-Fi technology gives you access to the free all-in-one ActiveCaptain app.
- Use the polar table to view important data fields to help you trim your sails for maximum speed and efficiency. You can also see laylines, set and drift, true and apparent wind data (sensor sold separately), and more.
- The fast, responsive built-in 10 Hz GPS and GLONASS receiver refreshes your position and heading 10 times each second to make your movement on the screen more fluid.
- The GPSMAP chartplotters are fully network capable for the Garmin Marine Network and NMEA 2000 networking plus NMEA 0183 technology support.
- Easily transfer waypoints, tracks or frequently used routes from other devices via industry standard GPX software formatting.
- Garmin Marine Network support allows sharing of sonar, maps, user data, dome or open-array radar, and Panoptix and LiveScope sonars among multiple units.
- Read RPMs, fuel flow, temperature, trim and other important information at a glance. Check with your engine manufacturer for additional hardware needs.
- TRANSDUCER SOLD SEPERATELY. Maximun 2700 ft with optional 1kw transducer.**
- MAPPING SOLD SEPERATELY.**

GARMIN GPSMAP 8410XSV GPS/SOUNDER - TOUCHSCREEN

10" Touchscreen Chartplotter/Sonar Combo with Full HD In-plane Switching (IPS) Display.

Serious sport fishermen, cruisers, sailors and sail racers demand serious equipment. The easy-to-use, easy-to-install GPSMAP 8410xsv chartplotter/sonar combo delivers MFD performance in a combo-size package. It features a 10" full HD in IPS touchscreen display for wider viewing angles, superior clarity and sunlight readability, even with polarized sunglasses. Multiple displays can be flat mounted edge-to-edge to create a sleek glass helm look or can be mounted flush. Supports optional BlueChart g3 Vision HD charts for Auto Guidance and other premium navigation features.

- Features a 10" full HD IPS touchscreen display
 - Built-in support for the full suite of Garmin sonar capabilities
 - Fully network capable with NMEA 2000 connectivity and the Garmin Marine Network
 - Includes ANT technology and Wi-Fi networking
 - SmartMode station controls enable quick, one-touch access to the information you need
- For more information please visit www.mercersmarine.com
- MAPPING & TRANSDUCER SOLD SEPERATELY. Maximun 5000 ft. Depth with optional 1kw transducer.

GARMIN

26-951JAIS 8001299.99

GARMIN AIS 800 BLACKBOX TRANSCEIVER

Help Avoid Running into Trouble on the Water

- Easy-to-use, reliable communication transmits your vessel information to other AIS receivers in your area while receiving AIS target data
- 5 watts of transmit power with Class B/S0 provides faster positioning reporting than ever before¹
- Built-in GPS with connector for optional external antenna
- NMEA 2000® connectivity for easy integration with compatible chartplotters and multifunction displays
- Internal VHF antenna splitter allows VHF and AIS to share a single antenna

Increase your situational awareness and confidence on the water with the Garmin AIS 800 transceiver. It has 5 watts of transmit power and provides faster position reporting than ever before¹. It transmits your vessel information to other AIS receivers in your area while it receives their AIS target data. Garmin AIS 800 has an internal VHF antenna splitter, which allows the VHF and AIS to share a single antenna. It includes a built-in GPS (with connector for optional external antenna) and integrates seamlessly into the Garmin onboard system. The transceiver features NMEA 2000/0183 connectivity for easy integration with compatible chartplotters and multifunction displays. And it's all packed into an easy-to-install black box unit with a small footprint.

GARMIN "GMR 18HD+" 4KW/36NM RADAR

Streamlined 18-inch 4 kW dome radar. Delivers 4 kW transmit power and clear echo definition at all ranges. Dynamic Auto Gain automatically adjusts to your surroundings for optimal performance in all conditions. Dynamic Sea Filter automatically adjusts gain to changing sea conditions. Overlays radar image on the chartplotter map page (autopilot or heading sensor recommended for best results).

Dynamic Auto Gain automatically adjusts to your surroundings for optimal performance in all conditions. Dynamic Sea Filter automatically adjusts sea clutter, depending on sea conditions. GMR 18 HD+ features 8-bit true color resolution for a clear presentation on your chartplotter screen. It has a maximum range of 36 nautical miles with a minimum range of 20 meters and a rotation speed of 24 RPM. There are no complex user settings, and it's easy to install and start using.

Can use with any network compatible Garmin GPSMAP Series

26-832J2299.99

GARMIN "GMR18XHD" 4KW/48NM RADAR

Next-generation, 4 kW high-definition GMR 18 xHD dome radar pairs ease of use with advanced open-array features. Its intuitive operation makes modes and settings simple to understand so you can enjoy great performance without a lot of technical know-how. The GMR 18 xHD delivers higher resolution than our previous generation 18" dome radars. New Dynamic Auto Gain and Dynamic Sea Filter continually adjust to your surroundings, providing optimal performance in varying conditions. Choose from multiple levels of aggressiveness or use manual gain adjustment. Dual range operation allows fully independent split-screen display of far and close radar views in full 8-bit color (select chartplotters); range of 48 nm. Optional "No Transmit Zone" can protect areas behind the radar from being radiated while providing full forward-looking radar capability. This makes installation more flexible by providing more suitable installation options on your boat.

Can use with any network compatible Garmin GPSMAP Series

The all-new HOOK Reveal makes fishing easier, delivering powerful performance with proven fish-finding tools including, Autotuning Sonar, DownScan Imaging™ and now FishReveal™, which makes fish easier to see by combining the benefits of Lowrance CHIRP sonar and DownScan Imaging™ on one screen. Whether you're fishing a local spot or unfamiliar water, find the best fishing areas with included US/Canada C-MAP® Contour™+ mapping or map uncharted water – in real time – with Genesis Live.

Key Features

- FishReveal™
- Genesis Live Real-Time Mapping
- Autotuning sonar
- 50/200 HDI transducer with Low/High CHIRP and DownScan Imaging™
- Includes C-MAP® Contour+ inland and coastal charts with high resolution, bathymetric 1-foot contours on 15,000+ U.S. Lakes and 9,400+ lakes in Canada
- SolarMAX™ Display
- New fish-finding color palettes
- Optimized keypad with one-touch access to key features
- Mapping options include C-MAP, C-MAP Genesis, Navionics® and more
- microSD card slot
- Easy front-dash or gimbal-bracket mount
- Improved sonar performance in deep water

FURUNO

600W

10 Pin

FCV 628 Sounder without transducer

26-394JFCV 628..... 1195.99

FCV628 - SOUNDER

Dual-frequency (50 kHz and 200 kHz) fish finder equipped with revolutionary new RezBoost signal processing technology. Furuno's FCV-628, 600W fishfinder offers a **5.7" high resolution color display.**

Furuno's RezBoost Sonar Technology offers unparalleled clarity and target separation that the most well know of competitors can't compete with. RezBoost is a revolutionary new signal processing technology that Furuno invented which achieves CHIRP-like performance from your traditional 600w or 1kW Transducers. The FCV628 offers up to 8 times the target separation than its predecessor the FCV627.

Furuno's FCV628 600w sounder utilizes their FDF (Furuno Digital Filter) technology, and auto adjustments technology, which help adjust gain, clutter, and output power. This makes the picture clearer and easier to decipher between baitfish and larger target species.

The 628 offers a **high resolution display** which shows underwater conditions in 8, 16, or 64 colors for a brilliant picture. The FCV628 is waterproof which allows it to be installed on any bridge or center console. Audio and visual alarms alert you whenever preset limits are met for water depth, water temperature and fish echoes. The FCV-628 is a high end stand alone fishfinder providing exceptional underwater images at an affordable price point.

Transducer NOT Included. Depth penetration to 2500 feet. Unit reads in feet, fathoms, or meters.

FURUNO

600W or 1 KW

10 Pin

FCV588 Sounder without transducer

26-398JFCV588 2395.99

FCV588 - SOUNDER

Outstanding Clarity and Exceptional Target Separation Viewed on an **8.4" Display.** Furuno offers both fresh and saltwater anglers the perfect stand-alone fishfinder with a large, bright screen that's intuitive to operate. Compact, durable and housed in a waterproof case with a perfect sun-light viewable VGA polarized screen, the Furuno FCV-588 is a must have and is sure to be on many boaters wish lists for years to come.

Furuno's RezBoost Sonar Technology offers unparalleled clarity and target separation. RezBoost is a revolutionary new signal processing technology that Furuno invented which achieves CHIRP-like performance from your traditional 600w or 1kW Transducers. The FCV588 offers up to 8 times the target separation than its predecessor the FCV587.

The 588 utilizes Furuno's FDF (Furuno Digital Filter) technology to identify the transducers wattage capacity and adjust its output power to match. The digital filter helps adjust much more than just gain, STC and output power; it also helps reduce an inaccurate depth presentation when a large bait pod is right below the transducer obstructing the pulse.

Post Processing Gain Control allows you to adjust the gain not only on the returns from that point forward, but also for the existing returns that are still on the display. This is a quick and easy way to assist in determining what settings are best for the current water conditions. Every boater knows that your fishfinder functions a little differently according to the water's clarity and that will vary based on recent storms, local currents and the composition of the sea floor.

Transducer NOT Included. Depth penetration to 2500 feet. Unit reads in feet, fathoms, or meters.

GP39 MARINE WAAS / GPS NAVIGATORS

Compact GPS Navigator with 4.2" LCD Display

The Furuno GP39 offers a bright high resolution 4.2 inch display with a newly designed GPS core offering better accuracy with its integrated SBAS (WASS/EGNOS/MSAS) Technology. The unit has 7 available display modes, which includes 2 customizable modes. No need to worry about losing your waypoints and routes again. The GP39 offers data transfer via a USB flash drive and also a signal converter. **Comes with External Antenna.**

With an improved mounting bracket, the GP39 display can be mounted or un-mounted quickly and easily and can even be interfaced with a fish finder, sonar, radar or other navigation equipment for sending accurate navigation data. Receiving the TLL (Target Latitude/Longitude) sentence from interfaced fish finders or sonars the GP39 can display the received information, allowing you to easily mark fish school locations.

Internal memory allows 3,000 track points, 10,000 waypoints and 100 routes. The Furuno GP39 allows you to display data in Loran TD's which is a key feature that many other GPS units do not offer. Built with a waterproof housing to IP55 standards, the GP39 can be used as a standalone GPS or even a reliable back up.

GPS/Radars

16 MILE RADAR - MODEL 1623

The Model 1623 LCD micro-radar offers Furuno performance at an economical price! Features include: Microstrip antenna housed in a compact 15" radome weighing a mere 9.9 lbs.. Automatically changes antenna rotation speed depending on the range scale selected (25, 31 and 41 RPMs) 13 range scales from 0.125 to 16 nautical miles. 5.7" LCD display with 4 gray tones and 240 x 320 pixels. Antenna cable measures 10 Meters, (33 feet). 7.3"W x 7.7"H x 3.3"D.

- 16 Nautical Mile Range
- 5.7" Mono LCD Display
- 15" Radome Antenna
- 2.2 kWPower Output

FURUNO 1815 - 36 MILE COLOURED LCD RADAR

MODEL1815 is an 8.4" color LCD radar designed for pleasure craft and small fishing boats. The Radar has easy-to-use, intuitive controls, while maintaining the high performance you expect from FURUNO products. Even in poor visibility such as fog or storms, the radar produces detailed pictures of coastline and targets at short ranges by utilizing narrow pulses and dual IF bandwidths. The waterproof display makes it ideal for exposed installations, such as fly bridges. MODEL1815 utilizes our Fast Target Tracking™, True Trail Mode and True View Mode technologies to ensure optimum performance in detecting and ranging targets of interest. Low power consumption of 38 W at the most. Swivel mounting bracket to adjust the angle of the display unit

- 36 Nautical Mile Range
- 8.4" LCD Colour Display
- 19" Radome Antenna
- 4 kWPower Output
- 5.2 degrees Horizontal Beamwidth

GPS ELECTRONICS

Now available for compatible Lowrance, Garmin, & Furuno Sounders.

P319 Plastic T-Hull Transducer

The P319 features our 50/200 kHz, dual-frequency, single-ceramic element in a low-profile housing. The nearly-flush design minimizes drag with only 5 mm (3/16") extending outside of the hull.

Features:

- * Depth / Temp (optional)
- * 50/200 kHz
- * 600 W RMS
- * Mid-performance
- * Plastic

B117 Bronze T-Hull Transducer

The B117 features our 50/200 kHz, dual-frequency, single ceramic element in a low-profile housing. The nearly-flush design minimizes drag with only 5 mm (3/16") extending outside of the hull.

Features:

- * Depth / Temp (optional)
- * 50/200 kHz
- * 600 W RMS
- * Mid-performance
- * Bronze

SS60 Stainless Steel T-Hull Transducer

The SS60 is the stainless-steel version of our popular, B60, Tilted Element™ transducer.

Features:

- Engineered for center-console and trailered boats
- Low-profile protrusion below the hull
- No affect on your boats running performance
- Arrow on cap points toward keel when installed
- Built-in temperature sensor
- Boat Size: Up to 8 m (25')
- 0°, 12°, or 20° Tilt
- Stainless steel transducer housing

B45 Bronze T-Hull Transducer

The B45 is our smallest and most economical, dual-frequency, bronze, stem transducer.

Features:

- Recommended for planing-hull powerboats and cruising sailboats up to 9 m (30')
- Good sensitivity in a compact housing
- Fast-response water-temperature sensor
- 50/200 kHz
- 600 W RMS
- Mid-performance
- Bronze transducer housing

B744V Bronze T-Hull Transducer

These TRIDUCER® multisensors feature depth, speed, and temperature in a single housing—drill only one hole in the boat! The 50/200 kHz, dual-frequency, single ceramic element provides good target detail in shallow water at 200 kHz and good deep-water bottom tracking at 50 kHz. The B744VL's extended stem-length has the extra height needed for steep-deadrise vessels or thick, cored hulls.

Features

- * Depth / Speed / Temp
- * 50/200 kHz
- * 600 W RMS
- * Mid-performance
- * Bronze

B258 Bronze T-Hull Transducer

Sport fishermen get excellent 1 kW performance with the moderately-priced B258. Its economical, four-ceramic-element construction puts out a narrow beam for good deep-water capability with very good target and bottom definition. For the best possible results, Airmar recommends coupling it with a High-Performance Fairing.

Features

- * Depth / Temperature
- * 50/200 kHz
- * 1 kW RMS
- * High Performance
- * Bronze

MARINE JACKS

1000 LBS, single wheel

Fast, easy swivel jack operation. Factory assembled mounting bracket provides easy trailer installation. Provides up to 25" of lift. Heavy duty 3" plated steel tubing, 6" poly wheel. Fits trailer tongues from 3" to 5".

46-383P1000lb69.95

1500 LBS, dual wheel

Heavy duty swivel mechanism makes for easy operation with superior load capabilities. 1500lb. capacity heavy duty jack features 2 - 6" wide profile wheels for maximum ground support. Ideal for use on soft surfaces. Extra lift for vehicles with high platforms up to 27". Fast, easy jack operation fits trailer tongues from 3" to 5".

46-386P1500lb209.95

WINCH STRAP

Nylon webbing winch strap 2"W x 20' long. Complete with hook.

90-232P 169.95

FULTON

FULTON BOAT GUIDE

The Fulton GB150 boat guides/trailer positioners help you keep the boat centered and provide extra trailer visibility, saving time and possible damage, when launching and loading. Universal bolt-on mounting system fits all trailer frames up to 3" wide by 5" tall, no drilling or cutting required. Unique, non-marring, marine grade PVC uprights extend 50" up from frame, helping to prevent hull damage, and providing trailer visibility when backing up. Features side-to-side adjustment, allowing optimum fit to any trailer. Keep trailer lights high, dry and visible with the convenient mounting kit, allowing trailer lights to be fitted to boat guide uprights. Mounting instructions and all necessary hardware included.

90-217P 159.95

BUNK CARPETING

Marine grade carpeting allows the do-it-yourselfer to replace worn and dirty carpet on bunk trailers. The carpet protects your boat investment by reducing scratching on the hull and keeps it in like-new condition.

Small "P" Profile

"P" Profile

AIR CUSHIONED DOCK BUMPER SYSTEM

These Profiles are constructed of marine grade flexible PVC, developed not to chip or crack under normal usage. Unaffected by oil, gas or salt water. UV Inhibitors and Fungicides prevent fading, yellowing, deterioration from sunlight and unsightly blotching. Protect your investment with a durable "fender soft" Protection System. Easily installed on any horizontal or vertical surface. Large "P" section with large air volume provides excellent protection.

FULL FACE DOCK BUMPER SYSTEM

Ideal for larger applications, this Profile provides extra strength and security against damage to boats or property. Double internal channels with cross girder adds additional protection from impacts and provides a large contact area.

46-1735K.....2 1/4" x 8' Length 64.95

FENDER WHEELS

9" & 12" Smooth rolling wheels offer substantial dock cushioning and feature molded-in valves to adjust the level of firmness. Heavy-duty Hot Dipped galvanized hardware mounts securely to the dock.

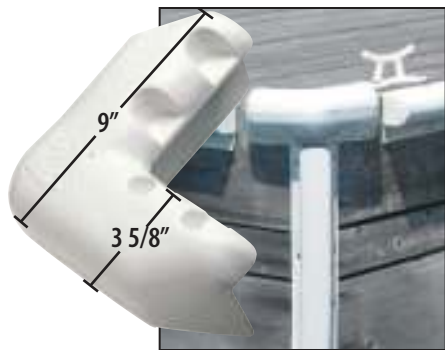

46-1730K.....9" 99.95
 46-1732K.....12" 179.95

ULTRAGARD™

Offers the ultimate in cushioning impacts from your boat. Molded in ribs on the interior of the UltraGard™ ensure it is very soft, but durable and will not collapse. The back has a slight radius allowing for easy mounting on pilings as well.

Measures 35" x 2 1/4" x 5"
 46-1745K..... 48.95

CORNER BUMPER

Protect your vessel from damaging impact with dock corners. This air-filled bumper is constructed from nylon reinforced vinyl and features a built-in air valve for inflation or deflation if necessary.

46-1741K12" x 12" 44.95

DOCKSIDE™ BUMPERS

Protect your vessel from damaging impact with dock corners. This air-filled bumper is constructed from nylon reinforced vinyl and features a built-in air valve for inflation or deflation if necessary.

46-1744K12" x 12" Corner Bumper..... 73.95

46-1743K8 1/2" x 24" Straight Bumper 109.95

CLEAT LITE™

These solar lights are mounted on top of a sturdy galvanized steel base, housed inside an attractive Colonial style 12" tall, 4" wide vinyl pillar. Easy to install and NO WIRES. The lamp is designed to illuminate your boat, dock and stainless steel cleat, and not shine in your eyes. Each kit includes, pillar, stainless steel cleat, galvanized mounting base, solar light and REPLACABLE rechargeable batteries.

46-1757K 126.95

HEAVY DUTY ALUMINUM DOCK LIGHT

Light up your dock, deck or pathways with this attractive, matte finish high-intensity aluminum Solar Dock Lite. Corrosion resistant aluminum. Bright white LEDs. Traffic tolerant, toe friendly design. Rechargeable IP 65 waterproof.batteries.

46-1761K 44.95

DOCK LITE™

The wireless solar DockLite is easy to install. It's durable, weatherproof low profile construction makes it an attractive and functional addition to Docks, Walkways, Decks and Landings. Ideal for illuminating trouble spots on pathways or transition areas such as from dock to shore. With extended duty solar charged batteries the DockLite will last until sunrise. Automatic on-at-dusk. Easily withstands pedestrian and moderate vehicle traffic such as hand carts and more. 4" x 4 1/2"

46-1758K 35.95

SENTINAL SOLAR DOCK LIGHT

Each Solar Sentinel™ incorporates stylish, durable solar lighting on an attractive, broad-based, tapered pillar to illuminate docking areas. The Solar Sentinel™ also has the capability of acting as a Life Ring station. The optional Stainless Steel "J" hook (50-015, page 268) can securely keep a Life Ring under the convenient illumination of the Solar Sentinel™ by day or through the darkest hours of night. Includes solar light, tapered pillar and replacable rechargeable batteries.

46-1756K 164.95

DOCKLITE VALUE PACK

This value pack of solar DockLites is easy to install. The durable, weatherproof low profile construction makes them an attractive and functional addition to docks, walkways, decks and landings. Ideal for illuminating trouble spots on pathways or transition areas such as from dock to shore. Automatic on-at-dusk. Weatherproof and durable. Install easily with NO wires. Traffic tolerant, toe friendly design.

46-1762K 50.95 pk/2

POST LITE™

Powerful solar charging capacity with 360° light diffusing Polycarbonate lens and convex interior reflector maximize light output. Each PostLite™ Fits Post Sizes: 1-5/8", 1-7/8", 2-3/8" OD, and 3-1/4" ID as well as Flat Surfaces with the INCLUDED adaptors. 6 Preinstalled LED colors and convenient toggles built right into the circuit board means you can change colors with the flip of a switch to match a particular color scheme or merely differentiate your dock from your neighbours. Rechargeable REPLACABLE batteries included

46-1759K 93.95 pk/2

LED SOLAR POWERED DOCK LIGHT

12VDC. 4" x 4". Use solar power to charge the battery during daytime and turns ON automatically at night

30-192R24.95

Galvanized Floating Dock Hardware

• 1/4" thick • 9/16" square holes with 3 1/2" from centre to centre.

INSIDE CORNER

For lighter duty applications where an outside corner is not necessary.

46-1711K 5 7/8" Leg length 23.95

OUTSIDE CORNER

Use with backer plates or inside corners at outside ends of docks.

46-1710K 10" Leg length 38.50

SIDE PIPE HOLDER

Bolts to side of dock frame to anchor it in place yet allows vertical movement for water variances.

3" I.D. x 7" long pipe.

46-1722K 7 1/2" Leg length x 5 1/4" H 59.95

DOCK EDGE PIPE AUGER

Pipe auger. Fits up to 2" O.D. pipe. Galvanized

46-1724K 34.95

FEMALE CORNER HINGE

Used with all styles of Male Connector Hinges.

46-1714K 10" Leg length 58.95

MALE CORNER HINGE

Use with all styles of Female Connector Hinges.

46-1713K 10" Leg length 53.95

ANCHOR CHAIN INSIDE CORNER

Offers maximum corner strength when used with Outside Corner or any corner connecting hinge. Holds up to 1/2" chain.

46-1712K 8 1/4" length 45.95

CHAIN RETAINER

Holds chain up to 1/2" to secure the dock in position.

46-1717K 6" L x 5 1/2" H 43.95

INSIDE JOIST CORNER

Use to mount stringers with washer plates. Also use as a backer plate to prevent cleats from pulling out.

46-1723K 2 1/2" Leg length 12.95

BACKER PLATE

Used to sandwich wood framing when another piece of hardware isn't used. Prevents bolt loosening and pull through.

46-1720K 5 1/4" x 5 1/4" (1/8" Thick) 9.50

FEMALE TEE CONNECTOR

Used with all styles of Male Connector Hinges.

46-1716K 5 1/4" length 26.95

MALE TEE CONNECTOR

Use with all styles of Female Connector Hinges.

46-1715K 5 1/4" length 20.95

3/4" CONNECTOR PIN

Used to join male and female connectors.

46-1718K 3/4" Dia 11.95

WASHER PLATE

Used on side of pipe holders, joist corners and chain retainers.

46-1719K 5 1/4" x 1 1/2" 6.50

MARINE EQUIPMENT

INTERLUX "BRIGHTSIDE" POLYURETHANE FINISHES

Brightside Polyurethane is the most technically advanced one-part polyurethane available. Brightside now contains Teflon® for better resistance to staining, abrasion and easy cleaning.

Brightside uses Polyflow 4000®, a unique polyurethane resin, which yields excellent flow and leveling characteristics as well as incredible abrasion and chemical resistance. Brightside also takes advantage of the latest in ultraviolet technology which insures longer color and gloss retention. Together, these technologies create a one-part polyurethane which gives the look of a two-part polyurethane with the application ease of a one-part enamel.

Coverage : Brush-130sqft/qt. Spray-85sqft/qt.

Applications: Fiberglass, Epoxy, Wood and Bare Metal. Contact us for an application guide for each of these products.

2316 SPRAY THINNER

Reducing Solvent 2316N is a fast evaporating solvent for use in specific two-part polyurethane and epoxy products.

54-562P.....Quart.....	28.95
------------------------	-------

INTERPROTECT 2000E

Interprotect 2000E with Microplates is a unique two-part epoxy coating developed to protect fiberglass hulls from water absorption, which can lead to osmotic blistering. Microplates create an overlapping barrier to help stop water migration through the coating. The Interprotect system is the system of choice for repairing gelcoat that has already been damaged by osmotic blistering. Interprotect 2000E can be used above and below the waterline as a universal primer for all surfaces and has proven itself to be an excellent primer for all metals.

SIERRA TC-W3 OIL (FOR 2-STROKE)

Sierra TC-W3 is a high performance lubricant that has been manufactured and designed to meet and exceed all (Domestic & Import) engine manufacturers warranties. Exceeds JASO, ISO, API and NMMA, for advanced generation 2 cycle lubricants.

- Ideal for oil injection systems or pre-mix applications.
- Optimum burnability for smokeless combustion. Runs cleaner, burns cleaner.
- Significantly reduced aquatic toxicity to fish compared to other outboard oils on the market today.
- Maximum lubrication and detergency allows engine to run smoother and more efficiently.

SIERRA PREMIUM GEAR OIL

Recommended for all general marine applications requiring a GL-5 class lubricant. Formulated for use in freshwater or saltwater conditions and all standard marine applications. Reduces friction and protects gears, bearings and other gearcase components.

90-270RQuart.....	16.50
---------	-----------------	-------

SIERRA FUEL STABILIZER

Gasoline performance additive and stabilizer. Promotes quick starting. Keeps carburetor and fuel system clean. Reduces gum and varnish build up. Improves engine performance. Stabilizes gasoline without ethanol up to 24 months. 1/4 oz. per gallon for everyday use or 1/2 oz for storage. A 8 oz bottle will treat either 32 gal. for everyday use or 16 gal. for storage.

90-295R8 oz.....	10.95
90-296RGallon.....	86.95

SIERRA SYNTHETIC GEAR OIL

Specially formulated for use in high-performance outboard and stern drive applications. It shares many of the same advanced properties as Sierra's Synthetic Engine Oil, making it a superior choice for longlasting protection of critical drive components. Its enhanced lubricity does a better job of reducing friction and prolonging the life of internal parts than conventional oils. Offers superior corrosion protection, making it an ideal choice for boats that see frequent use in salt water.

90-272RQuart.....	27.95
---------	-----------------	-------

SIERRA 10W-30 PREMIUM OIL

4 stroke marine outboard engine oil is a highly refined petroleum formulated with premium base stock and highly refined additives. Specifically formulated to meet or exceed the tough requirements of the Marine 4 stroke motor. Excellent anti-wear characteristics. Reduces friction. Formulated to offer maximum corrosion protection. Reduces sludge, keeps engine cleaner for better efficiency. Low temperature viscosity offers better cold starting.

90-264RQuart.....	14.50
90-265RGallon.....	50.95

SIERRA 10W-30 PREMIUM OIL

Formulated specifically for 4 stroke outboard and sterndrive engine technology. A special blend of synthetic base oil and a balanced additive system that exceeds requirements for marine engine oils. Recommended for use in both outboard and sterndrive applications. Offers faster lubrication at start up in low temperatures, excellent protection at high temperatures, and greater resistance to oxidation for lower oil consumption.

90-267RQuart.....	23.95
90-268RGallon.....	88.95

SIERRA POWER TRIM AND TILT FLUID

Formulated for high operating pressure. Anti-foam additives assure uniform flow with reduced air contamination in hydraulic systems. Designed for heavy duty use at high operating pressures in applications subject to varied tempature ranges. Provides proper lubrication and corrosion protection for internal hydraulic components.

90-293R10 oz.....	8.99
---------	-----------------	------

SIERRA PREMIUM 25W-40 OIL

25W-40 4 stroke marine stern drive engine oil has been formulated to provide excellent lubrication and corrosion protection. Stern drive and inboard engines operate under high load and running stresses. This product is developed for the marine environment and will out perform standard 4-cycle automotive engine oils. It offers excellent detergency, anti-oxidants, antiwear, and corrosion protection. Reduces wear to the internal components, protects internal parts from corrosion, cleans pistons, and prevents ring sticking. Excellent low temperature operating properties

The keel of most boats is the center line running down the bottom of your boat. It generally protrudes and slices into the water. Because of this, the keel both slices the water first, and also bumps into concrete, ramps, docks, and rocky shores first. But it doesn't have to. KeelShield was developed to protect your most vulnerable, and constant point of contact. Made of pure Urethane Polymers, this 5" wide rugged shield is the strongest and most durable protection for your keel from abrasions, scratches, and scars.

BOWSHIELD

Guaranteed bow protection from docks, trailer stops and bow rollers.

- Easy, Do It Yourself Installation
- Made of durable 316 marine grade mirror finished stainless steel
- 3 year warranty.
- Prevent costly repairs
- Maintain the value of your boat

NEW

Starbrite

ALUMINUM POLISH

Formulated to preserve the finish of aluminum pontoon boats, canoes and jon boat. PTFE polymers provide UV protection and help repel dirt and stains. Use after Aluminum Cleaner/Restorer to enhance the look of older boats.

52-607R.....16 oz.....24.95

FLAGSHIP PREMIUM MARINE WAX

Dramatically enriches color and shine of fiberglass and gel coat surfaces. Effective in removing light oxidation and dullness, restoring gloss, and adding protection from UV damage. *Use wax only after the surface has been cleaned and restored to a "like new" or "average" finish.

52-730R.....16 oz.28.50
 52-731R.....32 oz.43.95

HI-TECH YELLOW WAX

Provides ultimate high gloss protection to any previously cleaned and polished paint finish. Premium yellow Carnauba wax blended with silicones, polymers and other waxes. Adds richness and depth of color

52-732R.....16 oz.24.95

ONE STEP CLEANER WAX

A non-abrasive formula that cleans, polishes and protects all boats and RV's in one easy step. Removes light oxidation and haze, minor scratches and swirls. Provides long-lasting protection against salt air, corrosion and the sun's ultraviolet rays.

52-734R.....16 oz.24.95

QUIK WAX®

Wax your boat as you dry to create a brilliant gloss and add wax protection. Use on wet or dry surface. Quickly and easily maintains gloss between periodic waxings. Suitable for use on fiberglass, painted surfaces, stainless steel, clear plastic and other non-porous surfaces (Do not use on glass windows). Use wax only after the surface has been cleaned and restored to a "like new" or "average" finish.

52-733R.....16 oz.20.95

ONESTEP COMPOUND

This aggressive, yet safe, one-step compound will clean and restore gloss to the gel coat surface in one step. Removes moderate-heavy oxidation, scratches, stains and tough water spots on all fiberglass and painted gel coat marine or RV surfaces. Restores color and leaves a rich gloss on the treated surface. Incredible results by hand or machine.

52-735R.....32 oz.54.95

MIRROR GLAZE HD OXIDATION REMOVER

Removes moderate oxidation, scratches, stains and tough water spots on all fiberglass gel coat and painted marine or RV surfaces. Restores color by effectively removing surface degradation.

52-737R.....16 oz.22.95

MARINE BOAT WASH

64 oz. economy size. Long lasting suds. Safely removes grime and dirt. Refreshing scent. Biodegradable.

52-745R.....64 oz.13.95

PLASTX CLEAR PLASTIC CLEANER & POLISH

This easy-to-use, rich gel formula quickly restores optical clarity to both rigid and flexible clear plastics. Removes light oxidation, chemical degradation, surface contamination, stains and light surface scratches with ease. Special highly water resistant polymers provide long lasting durable protection to keep your clear plastics clear and beautiful longer.

52-748R.....10 oz.14.95

BOAT/RV PURE WAX

Meguiar's Marine/RV Pure Wax offers a durable high gloss protection for all fiberglass, gel coat marine, or RV surfaces. Blend of pure Brazilian Carnauba Wax with silicones, polymers, and resins to maintain extraordinary gloss and protection. It also protects against the sun's ultraviolet rays.

52-741R.....16 oz.27.95

BOAT/RV POLISH AND GLASS ENHANCER

Restores brilliant gloss on fiberglass and painted marine or RV surfaces after cleaning. Restores valuable oils to feed and nourish the fiberglass or painted surfaces. Especially effective on dark colors. *Use polish only after the surface has been cleaned and restored to a "like new" or "average" finish.

52-739R.....16 oz.22.50

WATER MAGNET MICROFIBRE DRYING TOWEL

Dry your car with as much care as you wash your car with the extra large Meguiar's Water Magnet Microfibre Drying Towel. Waffle texture wrings out easily, making drying more efficient and leaves a spot-free finish on the car's surface. Absorbs up to two times the water of traditional terry towels. Reuseable, simply throw it in the washing machine and reuse it again and again.

Size: 22" x 30"

52-742R.....22.95

MICROFIBER WASH MITT

Meguiar's Microfiber Wash Mitt is the ultimate choice for show car perfect finishes. Super-soft, extra-thick wash mitt lifts and traps dirt, allowing for swirl-free washing. This premium mitt also features a comfort-fit cuff and soft inner lining for comfortable use. 8" x 10"

52-743R.....12.95

VINYL & RUBBER CLEANER

Cleans, revitalizes, and protects vinyl and rubber surfaces in one easy step. Screens out damaging UV rays that can dry out or crack the surface.

52-740R.....16 oz.21.95

3M™ MARINE CLEANER AND WAX

50-242R41.95

OCEAN "RESCUE ME" PERSONAL LOCATOR BEACON

Wherever you are, at sea, on land, the rescueME PLB1 provides the reassurance that global emergency services can be alerted by the press of a button.

The rescueME PLB1 can be operated with a single hand in even the most challenging situations. A simple spring loaded flap covers the activation button preventing inadvertent use.

rescueME PLB1 works with the only officially recognised worldwide dedicated search and rescue satellite network (operated by Cospas Sarsat). As this is funded by governments there are NO CHARGES to use this service.

When activated the rescueME PLB1 transmits your position and your ID to a Rescue Coordination Center via satellite link. Rescue services nearest to you are promptly notified of your emergency and regularly advised of your current location to assist prompt rescue.

The rescueME PLB1 is provided with a flotation pouch to fit the PLB into to enable it to float. Please note that the PLB will not float in an operating position in the pouch. Please ensure the PLB is firmly attached to the pouch with the provided lanyard, using suitable self locking knots.

- 30% smaller (typ) by volume
- Easily fits to lifejacket*
- Retractable Antenna
- 7 Year Battery Life
- 7 year warranty
- 24+ hour operational life
- High brightness strobe light >1candela
- 66 channel GPS receiver
- Unique mounting clip
- Operates on the global Cospas Sarsat rescue system
- Free to use, no subscription charges
- Supplied with free flotation pouch

* Always refer to the manufacturer for specific instructions before installing this product directly to your life jacket.

50-248A P.O.R.

OCEAN SIGNAL EPIRB

The rescueME EPIRB1 provides peace of mind with an impressive 10 year battery life. The world's most compact EPIRB can always be on hand, as its small size allows it to be easily retained within its quick release bracket or placed in an emergency grab-bag or life raft. A simple protective tab over the operating keys prevents inadvertent activation, yet allows for easy operation when required.

The retractable antenna provides maximum protection and a reduced outline for stowage. When required the antenna is easily deployed with a gentle pull.

Incorporates a state of the art 50 channel GPS receiver for fast and accurate position acquisition. Extreme battery life even at low temperatures, in excess of 96 hours operation. Intuitive operating controls protected from accidental activation. Fitted with a 121.5 MHZ homing beacon and a high brightness LED strobe light for fast on-scene location.

Boating Safety

MARINE EQUIPMENT

BOAT ESSENTIALS KIT

Basic waterproof kit designed to help bring your Boat, Canoe or Kayak up to regulations. Container also acts as bailer bucket.

Compact Kit includes: waterproof Fox 40 Marine Incandescent Flashlight, Fox 40 Pearl Pealess Safety Whistle, 50 ft (15 m) braided Rope & Float.
50-230R.....15.95

CLASSIC BOAT SAFETY KIT

Housed in an ergonomic and aesthetically pleasing bailer, the kit includes all minimum safety requirements for your personal watercraft - no need to buy everything separately! Innovative design makes bailer easy to grab in an emergency. Storage-friendly!

Kit includes: waterproof Fox 40 Marine LED Flashlight, Fox 40 Pealess Safety Whistle, 50 ft (15 m) woven polypropylene Fox 40 Marine Rope & Float, Bailer capped with mirrored SOS lid, 2 AA Duracell batteries.
50-231R.....29.95

DELUXE BOATING KIT

Kit fits in black snap-lid case. Case dimensions: 15.5" wide x 7.0" high x 9.5" deep.

Deluxe Kit includes: Waterproof Fox 40 Marine Incandescent Flashlight, Fox 40 Pearl Pealess Safety Whistle, 50 ft (15 m) Braided Rope & Float, Fox 40 2.0 lb 1A5BC Fire Extinguisher, 1.5 Kg Anchor, 50 ft (15 m) Anchor Line with Carabiner Clip.
50-232R94.95

WATER SAFETY THROW

Aerodynamic shell sails through windy conditions while traditional fabric bags tend to get caught up in the wind. The integrated handle is clearly visible and easy to grasp. A quick-release plug prevents the rope from deploying inadvertently. The 50 ft (15 m) premium polypropylene braided floating rope has 900 lb breaking strength. Unique knit rope provides a degree of stretch while also providing ultimate strength.

50-233R.....29.95

MARINE "LED" FLASHLIGHT

Waterproof floating flashlight with three LED blubs. Shock-resistant casing and non-slip grip. Bright color. Bulbs project 8-12 lumens beam strength with 50,000 hours lifetime LED. **Two AA batteries included.**

50-234R.....11.75

CLASSIC SAFETY WHISTLE WITH LANYARD

The harder you blow, the louder the sound! Reliable, flawless consistent and penetrating sound. It will be heard above ambient noise, the roar of engines, breaking waves and thundering gale-force winds. The chambers are designed to self-clear when submerged in water. There are no moving parts to freeze, jam or deteriorate.

50-237R.....8.50

FLOATING NECK LANYARD AND FOX 40 MICRO WHISTLE

Our extremely functional and comfortable Floating Neck Lanyard uses flexible tubing to provide float protection. Blue Fox 40 Marine Safety imprinted lanyard includes 2 black crimp-style adjustable sliders. Includes Fox 40 Micro Pealess Whistle.

50-236R.....14.95

GUARDIAN LED LIGHT AND FOX 40 MICRO WHISTLE

Dual-function Guardian LED Light Features: Versatile, lightweight and extremely impact-resistant. Omnidirectional light is visible up to 3 miles. Flashing mode provides 250 hrs operational light. Up to 100,000 hrs lifetime bulb. Submergeable up to 330'. Heat (+50°) and cold (-40°) tolerant

MTI CO2 DETECTOR

Model FX4

Most Reliable. Boats DC electrical system or marine grade batteries supply power to the alarm. No missing or dead batteries to replace. Proven Sensing Technology. Prevents nuisance alarms which could lead to confusion and disconnected detectors. Advanced Technology.

Alarm Mute button with advanced technology that silences alarm while boat is ventilated. Rapid recovery sensor resets when silenced or reactivates alarm if dangerous levels of CO remain. Loud. 85 dB alarm alerts you to CO danger. Case Size: 2.5"W x 3.5"H x 1.25"D

50-058P84.95

FUME/FIRE/BILGE DETECTOR

Model MGD-1XL

Fumes detected: Gasoline, hydrogen from batteries, propane, alcohol, acetone, CNG and other explosive vapors. This unit will alert you to the presence of a propane or gasoline leak. Fire alarm triggers with a 180° thermal switch. Water sensor triggers during high bilge water conditions. 12V. 3 1/4"L x 2 3/4"W x 3/4"H.

50-087P136.95

FUME/FIRE/FLOOD DETECTOR

Model MGD-10XL

Sight and Sound Alarm Indicator. Dual signaling sounds an alarm / activates warning light.

Smart Fume Sensor. Detects the build up of explosive gases such as gas and propane.

Thermal Sensor. Monitors for high heat and heat from fire.

Water Sensor. Monitors bilge for high water.

On/Off/Test. For one touch analysis of detector performance. Marine Proven. Exclusively designed for the harsh marine environment. 12V. 3 1/4"L x 2 3/4"W x 3/4"H.

50-089P174.95

MTI SMOKE DETECTOR

Model SA-866

Photoelectric sensor for slow smouldering fire. Long life lithium battery (Up to 10 Years). Miniature size. Hush feature. Power & alarm test button. Low battery warning. Loud 85db alarm signal. Supplied with wall plugs & screws. Pre-warning fault signal.

IC9001-03

ICE COMMANDER RESCUE SUIT

This modular suit is completely waterproof with a water tight hood, integrated gloves, and attached boots. The flotation and insulation performance of a zip-in buoyancy liner allows users to immerse themselves for long periods of time in icy cold water and maintain mental and physical capabilities. Updated liner with zipper and velcro attachments allow easier removal for cleaning and repair. Each Ice Commander has an integrated chest harness for attachment to tether lines, ice awl pockets for storage, rubber gloves, reinforced knees and non-slip rubber soles on the attached boots. As well, each suit is 45% lighter than other rescue suits as it is made in a high visibility welded nylon shell.

MUSTANG TOPWATER FOAM FISHING VEST

Model MV4112

Secure buckles and padded adjustable shoulders ensure the safety and comfort of all users. Expanding Cargo pocket, elastic straps, and a D-ring tether hold your tackle and tools, while the drop-down fishing bridge and rod holder make the most out of your limited space. **Approval: Harmonized Level 70**

10-309K	One Size	169.95
---------	----------	--------

MUSTANG APF VEST

Model MV4111

The open-sided design allows for outstanding mobility and breathability. Padded neoprene shoulders are adjustable, and strap ends tuck neatly out of the way. Two side storage pockets hold your essentials and the front and shoulders of the durable 300D polyester shell feature reflective trim. **Approval: Harmonized Level 70**

MUSTANG DOGVEST

Model MV5020

This PFD is for your best friend. The cape-style design has four adjustment points to ensure a secure fit on every dog. Constructed to support the pup's natural swim angle and provide maximum mobility, most of the buoyancy is under their neck and chest. USCG-approved fabrics, including durable Cordura on the belly and neck panels, make this an ideal choice for keeping your pet safe and comfortable on the water. 3D mesh on the back keeps things breathable and cool, and reflective panels enhance visibility in low light conditions. A reinforced carry-handle and leash attachment point makes the Underdog an excellent flotation device for the four-legged.

MUSTANG REFLEX VEST

Model MV7020

A 200D polyester shell provides dependable durability and two expanding cargo pockets and daisy chain attachments secure your gear. A deep V neck and large shoulder openings increase mobility. Evenly distributed thin foam panels provide consistent floatation around the body. A tethered signal whistle and reflective trim on the front, back, and shoulders offer added safety. **Approval: Harmonized Level 70**

Manual

MUSTANG M.I.T. 100 MANUAL INFLATABLE PFD MD2015 03

Inflates via manual inflation cord. Will self-right most wearers (face-up) once inflated. The M.I.T.100 offers a streamlined, comfortable and easy-to-wear solution for all day wear or quick trips on the water. Adjustable waist belt offers customized fit and can accommodate outerwear if needed. Large arm cut outs mean full mobility. Manual inflation handle slides away for safety, and is easily accessible when needed to deploy. Membrane Inflatable Technology means a light, flexible fit, and easy re-packing when it comes time to recharge. Provides 28 LBS of buoyancy when inflated - 1.5x regular foam PFDs. **Transport Canada Approved.**

Automatic

MUSTANG M.I.T. 100 AUTOMATIC INFLATABLE PFD MD2017 03

Automatically inflates upon water immersion. Will self-right most wearers (face-up) once inflated. The MIT 100 offers a streamlined, comfortable and easy-to-wear solution no matter your adventure. The high tenacity nylon used in the face fabric allows this new version to be softer, more supple, and lighter weight than previous versions, and adds even more 'all day' to MIT 100's all-day comfort. Adjustable waist belt offers customized fit and can accommodate outerwear if needed. Large arm cut outs mean full mobility. Manual inflation handle is easily accessible when needed. Membrane Inflatable Technology means a light, flexible fit, and easy re-packing when it comes time to recharge. Provides 28 LBS of buoyancy when inflated - 1.5x regular foam PFDs. **Transport Canada Approved.**

MUSTANG BELT PACK - MD3070 MD3070

This inflatable belt pack has a discrete minimalist design for inshore paddles and/or skilled swimmers who are looking for a little extra safety support. The minimalist design stays out of the way until activated. Soft exterior fabric and ergonomic construction make this PFD extremely comfortable to wear. It also includes Molle webbing to keep gear accessible and secure. Activated with a manual inflation cord, the Minimalist Belt Pack provides 18 lbs of buoyancy in a pillow-style bladder when deployed.

DELUXE INFLATABLE PFD WITH HIT (HYDROSTATIC ACTIVATION)

MD3153 (Automatic with Manual Back-up) & MD3154 (Automatic with Manual Back-up & Harness)

The Hydrostatic Inflator Technology offers reliable inflation in a low maintenance design that will only automatically inflate when submerged in 4 or more inches of water and not inadvertently due to rain, spray or humidity. Exclusive to Mustang Survival in North America and maintenance-free for 5 years or until inflated. Made for the most severe marine environments the Inflatable PFD with HIT will meet the challenges of the most demanding users. It also features the patented SecureZip closure system to ensure the PFD will stay closed during even the most rigorous activity and still opens effortlessly upon inflation. This lightweight and comfortable PFD can be worn over a T-shirt on warm days or over thicker garments in colder conditions. It is low profile and allows for maximum mobility. The neoprene Comfort Collar is soft on your neck and is part of a sleek design that is so comfortable you'll forget you're wearing a PFD. Universal sizing for adults 16 years+ weighing 80LBS+ with chest size of 30-52". Provides 35lb of buoyancy when inflated. **Twice the buoyancy of most foam PFD's.** Transport Canada Approved

MUSTANG M.I.T. 100 AUTOMATIC INFLATABLE PFD - MD2040

Exclusive Membrane Inflatable Technology (MIT) and high-tenacity nylon fabric create a lightweight and durable PFD. Swapping between automatic and manual inflation modes is as easy as changing inflator caps; a zippered hip pocket lets you bring a spare wherever you go. The 1-fold design makes repacking the bladder after deployment simple, and there are no excuses for skipping safety checks with the convenient inflator window and access flap. The front entry buckle secures the vest while the design turns most wearers face up in the water. 28 lbs of buoyancy. **Transport Canada Approved.**

"CATALYST" FLOTATION JACKET MC5246 & MC5446

Safety, simplicity, and surefire warmth, all wrapped up in one does-it-all layer that lets you focus on your mission. The Catalyst Flotation Coat gives you the comfort, mobility and range of motion you want with the warmth your long days on the water won't compromise on. Kick the inconvenience of changing in and out of your PFD as you navigate on- and off-board with the PFD integrated directly into one elements-blocking jacket. Keep wind & moisture out with adjustable cuffs at the wrists. Stay covered up as you bend, twist and move with a longer cut that prevents riding up. The Catalyst Flotation Coat is your ultimate winter layer for the water. Field tested by Coast Guard training crews, fishing lodges and Mustang PRO-staff. Integrates seamlessly with Catalyst Flotation Bib Pants. **Approval: Harmonized Level 70**

THERMOSYSTEM PLUS COAT

Model MC1536

Based on our award-winning technology, the MC1536 ThermoSystem Plus Coat delivers floatation with enhanced hypothermia protection. Featuring a neoprene beavertail to slow body temperature cooling by reducing cold water flushing, it also offers an insulated hood and neoprene wrist closures for weather protection. For extra comfort and functionality, the coat includes hand-warmer pockets, extra large hip pockets, underarm ventilation, SOLAS reflective tape for enhanced visibility and an interior radio pocket. Built with Mustang's High Performance Nylon™ and AirSoft™ floatation foam, the ThermoSystem Plus Coat is the product to trust when you can't leave safety to chance. **Approval: Harmonized Level 70**

ANSI HIGH VISIBILITY FLOATATION COAT

Model MC1506 T3

Made with high visibility ANSI fluorescent Yellow Green fabric and ANSI reflective tape for CSA Z96-2009 and WCB compliance and water safety.

Based on the original Mustang Floater Coat, this CSA compliant High Visibility Flotation Coat is engineered to provide comfort, warmth, and durability. Most importantly, the Coat's closed-cell foam insulation will provide floatation and in-water insulation to delay the onset of hypothermia in the event of accidental water immersion. Combined with functional elements such as large front pockets and a full-length storm flap, this coat adds up to an unbeatable value.

CLASSIC FLOATATION BIB PANT

Model MP4212

Designed to be worn with the Classic Flotation Bomber Jacket or the Classic Flotation Coat, Mustang Survival's Classic Flotation Bib Pant provides foam insulation that will not only keep you warm during regular marine activities but will also increase your hypothermia protection in the event of cold water immersion. With adjustable elasticized suspenders and zippered legs, these pants are easy to don over boots and provide a great fit. A hit with boaters, fisherman and commercial and agency operators, the Classic Flotation Bib Pant serves as functional and comfortable outerwear.

When worn with a Mustang Survival flotation jacket or coat, flotation bib pants provide superior buoyancy and hypothermia protection to keep you safe and warm during all of your marine activities.

MS2195 FLOATER SUITS

Designed with Mustang Airsoft foam for a lighter and more comfortable fit than the Classic Floatation Suit. Featuring two chest pockets, large front cargo pockets and an inflatable head pillow for additional in-water support and buoyancy, this suit blends functionality and features to meet the demands of a wide-range of professional and industrial uses. Mustang Survival floatation suits are designed to protect the wearer from foul or cold weather, and use closed-cell foam to offer floatation and hypothermia protection in the event of water immersion. SOLAS reflective tape enhances visibility and an insulated hood is easily stowed in the collar for convenience. Transport Canada Approved

GRUNDÉNS

GRUNDENS FATHOM JACKET & PANTS

A great all-around choice for commercial fishermen. Fathom uses a rugged 480 g/m² polyester/cotton that offers both abrasion and tear resistance, with an improved drying time over traditional cotton backed fabrics. Coated with a mixture of PVC/Polyurethane, offering greater flexibility in cold temperatures while retaining the high abrasion resistance of PVC. Tailored with a trimmer, active fit that offers a higher cut for added chest protection.

GRUNDENS BALDER ZIP JACKET

The Balder is a professional hooded jacket tailored from rugged material that delivers superior oil resistance and excellent cold weather protection. No longer features button closures. The new version of this jacket is now equipped with a zipper closure. Robust construction combined with essential professional features make the Balder Jacket an ideal choice for hard working fisherman in cold climates.

GRUNDENS BALDER BIB PANT

Features: Cut to enhance mobility while improving mechanical ventilation, preventing overheating during strenuous activity, width adjustment with snap button makes it easy to create a custom fit, construction also features a solid upper panel to increase durability and extend the garment's service life, heavy-duty eyelets for the attachment of fishing tools, a roomy inside security pocket and reinforced leg cuffs to prevent wear in this critical area, a new bib suspender/buckle design that prevents unintended release while making it easy to dress for action.

GRUNDENS

GRUNDENS CLIPPER 82 JACKET

Tailored from medium weight PVC-coated polyester/cotton blend fabric with a relaxed fit and set-in sleeves for ease of movement, this professional jacket provides 100% waterproof protection for hard-working fishermen. An adjustable drawstring hood, hidden button closure and double-buttoned storm flap help seal out water and spray in even the toughest conditions. A good choice for layering in cold, rainy environments.

GRUNDENS CLIPPER 116 BIB PANT

A great all-around choice for professional fishermen, these medium weight PVC-coated polyester/cotton blend bibs are tailored for a trimmer, active fit and offer a higher cut for added chest protection. These bibs deliver both the 100% waterproof protection and rugged durability fishermen expect. Sturdy replaceable suspenders with quick-release clips make it easy to get Clipper bibs on and off. Designed to be reversible from front to back, for added convenience as well as extended service life.

GRUNDENS NEPTUNE 319 JACKET

This full-zippered hooded jacket is made from medium-weight polyurethane-coated polyester fabric for the waterproof protection, comfort and easy movement active fishermen need. An athletic cut and underarm gussets deliver protection without restricting fishing action. Features like adjustable cuffs and cord-lock hem and hood adjustments keep even wind-driven rain and spray at bay. Grundens' three-piece hood design provides full coverage without restricting visibility.

SOU'WESTERS

A traditional East Coast styled rain hat offering full weather protection for days on the water when the rain just won't quit!

The wide brim and deep fit keeps rain off your face and funnels rain away from your collar. the chinstrap will keep the sea gale from snatching your hat, and the cotton lining will keep you comfortable, no matter how nasty the weather.

18-991P.....One Size	14.50
----------------------------	-------

JACKFIELD PVC RAINWEAR

100% waterproof and windproof. Made of very resistant PVC/nylon (0.60mm) treated to prevent stiffness and cracking when under cold temperatures. Resistant to seawater, effects of sunlight, animal and vegetal fats, grease, fish oils, motor oils, chemicals and acids. The PVC is treated to be resistant to flames, but it doesn't have any valid certification in Canada. Generous sizing for appropriate adjustment and the comfort of the user.

JACKET: Heavy duty rustproof snaps. Front with double storm flap and drain pipe system. 100% waterproof heat welded seams. Four hidden rustproof snap closure at the front. Permanent hood with adjustable drawstring. One rustproof snap at the hood for a better adjustment.

PANTS: Double-bib pants can be reversed. 100% waterproof heat welded seams. Adjustable waist with heavy duty rustproof snaps. High quality heavy duty suspenders.

ALLROUNDWORK 37.5 INSULATED PANTS PANTS (MODEL 6619)

Stay warm at work in these trousers lined with advanced 37.5[®]insulation for excellent ventilation and climate control. Made from durable Polyamide fabric, with advanced cut for great functionality and protection. Cordura reinforced kneepad pockets designed for the KneeGuard Pro with expansion pleats positioning system for superior knee protection.

Each leg is striped with heat sealed reflective tape for increased visibility when working in dark conditions.

Great pockets for all your things. Ruler pocket, cargo pocket, mobile phone pocket, large back pockets, hammer holders on both sides and ID-badge on leg pocket.

Long zippers at the sides for easy dressing. Adjustable leg ends attachable to the shoe straps to keep the trousers from sliding up.

TIMBERLAND PRO HOOD HONCHO PULLOVER HOODIE

Pull on this hoodie when you need a comfortable sweatshirt that works as hard as you do. Its mid-weight, water-repellent fleece fabric features a blend of cotton that's grown and farmed responsibly with polyester added for stretch and shape retention. The 3-piece hood design stays in place better than traditional hoods and the raglan sleeves give you more freedom of movement when worn over additional layers. There's even a hidden pocket to secure your cell phone.

HELLY HANSEN WEYBURN PARKA - 76313

The Weyburn Parka is designed for the coldest winter work outside. The beaver nylon exterior is hard wearing, while the thermal pile lining provides great insulation and warmth no matter the weather. Since this parka is designed for below freezing conditions, the water repellent exterior will be perfect to retain movement and not freeze up. The fit can also be adjusted via an elasticated waist and inner wind belt.

HELLY HANSEN THOMPSON PANT - 76512

The Thompson Bib is designed for the coldest winter work outside, and pairs perfectly with the Weyburn Parka for a full outerwear kit in cold conditions. The beaver nylon exterior is hard wearing, while the thermal pile lining provides great insulation and warmth no matter the weather. Since this bib is designed for below freezing conditions, the water repellent exterior will be perfect to retain movement and not freeze up. PU-coated nylon reinforcements in strategic areas help prolong life in high wear areas, while the bib also features a two-way zipper at the front with a storm flap, and adjustable elastic suspenders and elastic at the back waist.

3M**3M HALF-MASK FACEPIECE**

This Mask from 3M includes new state-of-the-art features to provide unsurpassed comfort. A soft seal design with advanced silicone material provides a softer feel on the face, while a unique head harness design adjusts easily so the user has the option of wearing the respirator in either traditional or drop-down mode. The Cool-Flow Exhalation Valve makes breathing easier, and helps reduce heat and moisture build-up in the facepiece.

54-481R.....#7502 Med.....66.95
 54-482R..... #7503 Large.....66.95

3M**FACE MASK**

This half face mask is very comfortable and extremely light weight. Cartridges & filters are simply twisted on. Select your filter or cartridges to suit your needs. NIOSH/MSHA approved.

54-129R.....#6200 Med.....28.95
 54-149R.....#6300 Large.....28.95

3M**FULL FACE RESPIRATOR**

Soft and lightweight face piece with easy to adjust straps. No retainers or extra parts are required to attach filters, cartridges or dual air lines. NIOSH approved. Uses cartridges and filters on this page.

54-469R.....#6700 Small.....329.95
 54-470R.....#6800 Med.....329.95
 54-471R.....#6900 Large.....329.95
 54-472R.....Repl. Lens cover.....4.29

**3M COOL-FLOW RESPIRATOR**

A low profile, three panel respirator that conforms to a wide range of face sizes. Cool Flow Valve reduces breathing resistance with high comfort/feel on face.

54-486R.....#9211.....3.99 ea.

**3M PARTICULATE RESPIRATOR**

Certified as 95% efficient in removing solid and liquid particles. Removes nuisance level organic vapors and odors. 3M Cool Flow Exhalation Valve improves comfort and adjustable straps and face seal ring provide secure fit.

54-488R.....#8214.....16.95 ea.

3M**DUST MIST RESPIRATOR**

The #8210 half mask is NIOSH/MSHA approved. This mask is used for sanding fiberglass, cured paint, seam fillers.

54-134R.....#8210.....1.95 ea

3M**3M WELDERS RESPIRATOR FILTER**

NIOSG approved for environments containing certain oil and non-oil based particles. Nuisance level Organic Vapour relief.

54-489R.....#2097.....20.95

3M**3M RESPIRATOR CLEANING WIPES**

These individually wrapped wipes are designed especially for use with 3M full and half mask respirators. The alcohol-free formula cleans the respirators without any negative effect upon the facepiece materials. Sold individually but if you need 100 they come conveniently packaged in a dispenser style box that can be wall mounted for easy access.

54-484R.....#504.....1.09 ea.

**ORGANIC VAPOR CARTRIDGE**

Gives you protection against organic vapors occurring in the construction of fiberglass boats or repairs. Unit does not filter dust or mist. One pair required per mask.

54-130R.....#6001.....25.95 pr.

**3M GAS/VAPOR CARTRIDGE**

NIOSH approved against certain organic vapours, acid gases, ammonia, methylamine or formaldehyde. Use with 3M Half and Full Facepieces 6000 Series and 3M Half and Full Facepieces 7000 Series with bayonet style cartridge holders.

54-491R.....#6006.....28.50 pr.

3M**3M MULTI GAS/VAPOR CARTRIDGE**

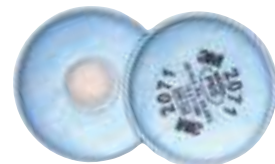

NIOSH approved for protection against certain organic vapors, acid gases, ammonia, methylamine, formaldehyde and particulates. Swept-back design allows an enhanced field of view and comfort. Bayonet compatibility allows use with many 3M half and full facepiece designs.

54-494R.....#60926.....57.95/pr.

**PRE-FILTER (FOR USE WITH VAPOR UNIT)**

This unit gives you dust/mist protection when used with the #6001 vapor cartridge. You need to use a pre-filter retainer to hold the pre-filter in place. Each unit is sold separately.

54-131R.....Pre-filter #5P71.....4.50 ea
 54-132R.....Retainer #501.....4.75 ea

**3M DUST/MIST FILTER & ACC.**

This filter system gives you protection against dust & mist only when vapor protection is not needed. Units simply twist lock on to the face piece. 1 pr. required per mask.

54-133R.....#2071.....10.95 /pr

Ladies

SPORTCHIEF LADIES DYNAMO 2.0 JACKET & PANTS

The warm Dynamo 2.0 coat also benefits from an AquateX water-resistant membrane that pairs with a fleece interior, a perfect combination for chilly mornings when the dew gets in the way. The SilentX fabric interior absorbs noise, making the "Dynamo" surprisingly quiet. A layer of Teflon tops it all off to add water resistance.

CANADA GOOSE®

The Thermal Experience Index

Canada Goose developed the Thermal Experience Index (TEI) to help you find the warmth you want for the experience you seek in each of our products. Whether you need a lightweight jacket for active pursuits or a field-tested parka for the coldest places on earth, this five-point system is designed to help you make the right selection from our expansive collections. Please note: our Thermal Experience Index is measured in Celsius.

TEI¹
LIGHTWEIGHT
 -2°C to -5°C
 Lightweight for active pursuits.

TEI²
VERSATILE
 -5°C to -10°C
 Ultimate in core warmth, comfort and versatility.

TEI³
FUNDAMENTAL
 -10°C to -20°C
 Fundamental warmth fashioned for everyday use.

TEI⁴
ENDURING
 -20°C to -30°C
 Inspired by the Arctic and made for enduring daily warmth.

TEI⁵
EXTREME
 -30°C and below
 Field-tested for the coldest places on earth.

SNOW MANTRA PARKA

Designed to conquer anything the elements can throw at it, the hard-working Snow Mantra Parka, insulated with top quality 675-fill power white goose down features 3M™ reflective tape for easy visibility, handy D-ring glove attachment point, and shoulder straps for lifting and rescue, should an emergency occur. No one working in extreme conditions should be without this kind of protection. **For more detailed specs on the Snow Mantra Parka, visit our website at www.mercersmarine.com.**

CONSTABLE PARKA

Developed in co-operation with Northern Police and Special Forces members, the Constable Parka services a uniquely demanding combination of needs complicated by a challenging environment. It provides extreme weather protection as well as easy access to zippers in the event of emergencies. Recessed, heavy-duty, flexible, nylon rib-knit cuffs keep out the cold. Centre back length: 31.5" (80cm). Removable hood designed with a drip flap and snap-secured collar allowing the option of obtaining maximum coverage around the neck and chin. Two lower front pockets secure with Velcro® flaps. Two lower side slash pockets. Hip-length for increased mobility while still maintaining ample protection from the elements. Waist draw cord provides an additional element of warmth when tightened. Option to hang your parka using the strap on the back. (Ladies Model , Inquire).

LADIES KENORA JACKET

Designed for elevated performance in a lightweight package. This essential jacket provides easy transitioning for whatever nature brings your way. Fully seam-sealed and stowable for travel and effortless movement. Fully seam-sealed construction and exposed Aquaguard water-resistant zippers keep rain out. Jacket is lightweight enough to roll up and easily stow into hood. Once stowed away, cinch drawcord to pack down even further for easy travel. Hood has single adjustment point at back that cinches two ways at once. Extended brim construction with a head skirt underneath allows the hood to move with you and stay out of your line of sight. Signature double-stripe reflective details at brim and back add low light visibility. Mesh venting underneath the back panel adds breathability and air flow while keeping rain out. Edge is reflective for added visibility in low light. Articulated sleeves and underarm gussets enhance fit and add range of motion. Scalloped cuffs provide extra coverage and adjust with hook-and-loop closures to seal out rain. Edges are reflective for added visibility in low light. Stormguard with reflective detailing underneath 2-way zipper keeps the elements out. Unzip from the bottom for added range of motion or venting.

2023-24 FXR

COLD INSULATED RATING ICONS

1 UNINSULATED

MILD WEATHER / AGGRESSIVE RIDING GEAR

A value of 1 has no thermal insulation and is suitable for mild climates or situations where intensive perspiration occurs.

10 INSULATED

COLD WEATHER / LOW ACTIVITY RIDING GEAR

Values between 7-10 have extremely high thermal properties and are able to withstand extreme temperatures, well below -40°C/F and will keep you warm during sedentary outdoor activities.

10 INSULATED COMBO

SHELL & FIXED LINING COMBINED INSULATION RATING

If the item is a 2-in-1 or 3-in-1 (indicating it has a removable liner), both the "SHELL" and "COMBO" (combined) value of the shell and liner will be displayed.

F.A.S.T.
FLUOROPOLYMER ASSISTANCE
SAFETY TECHNOLOGY

F.A.S.T. insulation is made from an expanded, low-density polyethylene foam membrane that offers buoyancy assistance for up to two hours. FXR jacket and pants with F.A.S.T. must be worn together as a suit to achieve buoyancy properties.

Floatation

Rift Jacket (INSULATED)

In pursuit of enhanced winter safety, we've engineered the Rift Jacket to offer floatation assistance, protection and comfort in the extreme conditions trail riders face. This is the first float assist GORE-TEX jacket in the world and it doesn't need to be used with floatation bibs to work properly. Ascent Float System (AFS) is a flexible, breathable closed cell foam that we integrated in specially mapped channels that offer floatation benefits without compromising mobility and comfort. AFS foam doesn't absorb water and provides significant insulating properties for warmth on top of the standard insulation. The Rift Jacket is a comprehensive trail snowmobile jacket for riders looking to maximize every winter riding experience. For more details go to www.mercersmarine.com

Floatation

Ladies Flare Jacket (INSULATED)

In pursuit of enhanced winter safety, we've engineered the women's Flare Jacket to offer floatation assistance, protection and comfort in the extreme conditions trail riders face. This is the first women's float assist GORE-TEX jacket in the world and it doesn't need to be used with floatation bibs to work properly. Ascent Float System (AFS) is a flexible, breathable closed cell foam that we integrated in specially mapped channels that offer floatation benefits without compromising mobility and comfort. AFS foam doesn't absorb water and provides significant insulating properties for warmth on top of the standard insulation. The Flare Jacket is a comprehensive trail snowmobile jacket for riders looking to maximize every winter riding experience. For more details go to www.mercersmarine.com

Heated

Klim Resistor Heated Glove

Take your cold weather adventures to new "lows" with the Resistor HTD Gauntlet Glove and it's intuitive 3-level heating system. The heating filaments are durable while long lasting lithium-ion batteries ensure consistent heating for your hands and fingers. The high heat mode runs for 10 minutes and automatically switches to medium heat to preserve batteries and avoid overheating your hands. The heating element covers your backhand and fingertips, providing full hand heat when used with heated grips on a snowmobile.

Heated

Klim Tundra Heated Gauntlet Glove

Take the legendary warmth of the Tundra split-finger gloves, add our 3-level heating system and you get some of the warmest, most comfortable gloves ever to fight the cold. This design uses a 1-3 split with your index finger free from the other three, providing better control and feel on the handlebars while providing excellent warmth. The heating filaments are durable and long lasting, powered by lithium-polymer batteries to ensure consistent warmth. The heating element covers your backhand and wraps the fingertips, providing full hand heat when used with heated grips on a snowmobile.

Klim Caribou Mitt

Winter riding is unpredictable. Prepare for the unknown with the KLIM® Caribou Mitten. Fingers can get cold and in extreme cases, even be frostbitten. Designed to create a method of re-warming cold fingers and abate frostbite. Keep in your kit for emergencies, for when the weather gets bitterly cold or for an extremely comfortable and warm everyday winter glove. Add a KLIM® Glove Liner to the mix and you have an unbeatable combination for the ultimate hand warmth on the snow. Mittens are also compatible with hand warmers.

CLOTHING

Ladies Klim Allure Glove

Built specifically for female hands in search of maximum comfort, the Allure Glove incorporates GORE-TEX protection with dual chamber insulation technology for adjustable insulation (one position maximizing warmth, the other maximizing grip). If you're looking for the women-specific glove that does it all, this is it.

Ladies Klim Allure Mitt

Winter riding is unpredictable. Prepare for the unknown with the KLIM® Allure Mitten. Fingers can get cold and in extreme cases, even be frostbitten. Designed to create a method of re-warming cold fingers and abate frostbite. Keep in your kit for emergencies, for when the weather gets bitterly cold or for an extremely comfortable and warm everyday winter glove. Add a KLIM® Glove Liner to the mix and you have an unbeatable combination for the ultimate hand warmth on the snow. Mittens are also compatible with hand warmers.

Glacier Balaclava

Our most technical head sock for the aggressive rider who encounters the harshest conditions. Featuring an over-the-collar design, the Glacier Balaclava is the perfect blend of extreme weather protection and active riding functionality.

13-11178J79.95

Klim Balaclava

The KLIM Balaclava is a long-standing staple in our line of winter headwear, offering a moisture-wicking head and a windproof neck for cold weather protection. The redesigned KLIM Balaclava has improved fit with longer torso extensions and more comfortable seams.

13-11180JBlack.....44.95

13-11184JKnockout Pink.....44.95

Arctic Balaclava

Specifically designed for the coldest riding conditions on Earth, the Arctic Balaclava features a massive feature list fit for the most extreme climates. From the base, the Arctic Balaclava bring a massive ultra-wide skirt to ensure it stays put. Add in full WINDSTOPPER frontal attack with KLIM's variable fleece backer thicknesses around eyes, full neoprene nose piece/breath deflector, lycra stretch back, conformed neck fit, and super stretchy fleece over the head.

13-11181J84.95

Covert Balaclava

The Covert Balaclava offers a blend of weather protection and breathability for taking the chill away from your neck and forehead while allowing heat to escape during physical activity. Redesigned with more comfortable seam placement and a more effective mouthpiece breath area.

13-11182J64.95

Shadow Balaclava

This simple but effective balaclava uses super-soft stretch fleece and DRI-RELEASE wool, which allows the shadow balaclava to be extremely comfortable while maintaining wind protection and warmth.

13-11183J39.95

Rogue Balaclava

Minimal design using WINDSTOPPER and COOLMAX fabrics allows the Rogue Balaclava to be extremely comfortable still offering the functional benefits of technical fabrics. WINDSTOPPER over-the-collar design stops cold air and weather from entering.

13-11187J54.95

Klim Neck Warmer

The Neck Warmer offers soft, comfortable wind-resistant protection against winter chills. With breathable 4-way stretch material that wicks moisture, the Neck Warmer is a great addition to your gear bag or to stash in your glove box for extra cold days.

Klim Edge Goggles

The Edge Goggle delivers maximum field of view, undistorted optical perfection and tireless fog resistance. This frameless design creates massive FOV, rewarding you with increased awareness and reduced fatigue. By injection molding the cylindrical, dual-pane lens we also achieve virtually perfect optical clarity. The multi-density frame comfortably seals out the elements and OTG-compatible frame cutouts accommodate your glasses if needed. The locking magnetic quick-release mechanism is intuitive and secure. The bottom line is the Edge Goggle is the sleekest, most functional snow goggle you can buy. For more details go to www.mercersmarine.com

Klim Oculus Goggles

The KLIM® Oculus Goggle is designed with one purpose in mind: to give you the best possible vision on the snow. This was accomplished by addressing the three main pain points of all goggles: changing light conditions, fogging and field of vision. The Oculus system with KLIM® Slide-Lock™ technology allows you to quickly and easily change lenses in the field to deal with changing light conditions - essentially it's like having [up to] three goggles with you in a very compact package. The Oculus is engineered with the latest anti-fogging technologies. For more details go to www.mercersmarine.com

Duke Trigger Fingers Mitts

For the coldest days on the sled, pack along the 509 Duke Trigger Finger Mitt. Super warm thanks to Thinsulate™ insulation on the back of the hand and the palm, combined with a waterproof lining, these mitts get their biggest benefit from the trigger finger, which adds dexterity for reaching the brake when you need it. For more details go to www.mercersmarine.com

Freeride Gloves

Coming in hot with a full tech overhaul, the 509 Freeride Gloves have been redesigned for a superior fit, have a new velcro closure and sled-specific, pre-curved fingers. Warmth from 70g back and 40g palm Thinsulate insulation, a waterproof/breathable Hipora membrane lining, and top grain goat leather help make these the go-to gloves for riders who explore on and off the trail. For more details go to www.mercersmarine.com

Footwear

A NEW STANDARD OF COMFORT, SAFETY AND DURABILITY IN FOOTWEAR

"Purofort" polyurethane boots have to be worn to be appreciated! Totally different from rubber or PVC boots, polyurethane (PU) boots provide "All Day Comfort"! Their unique microfoam polyurethane compound makes Purofort boots warmer, lighter and longer wearing (up to 3 times longer). Flexible in extreme low temperatures....Try them once and you'll see why they are Europe's favorite footwear

Kneeboots

PUROFORT "THERMO+"

CSA grade 1 approved steel toe and midsole. Extra thick sole and uppers give this boot a -50°C rating. Like all Purofort boots, lightweight and softness make this boot a real winner!

PUROFORT THERMO+ FULL SAFETY "OMEGA/EH"

The Purofort Thermo EH (Electric Hazard) is constructed and manufactured so that the outsole can provide a secondary source of electrical hazard protection to the wearer against the hazards of stepping on live electrical circuits, electrically energized conductors, parts or apparatus. Ideal boot for use in cold environments. Safe, thanks to its steel-tipped toe and suitable for conditions down to -58°F (-50°C). **D652033-11**

GRUNDENS DECK BOSS BOOT

The redesigned Deck-Boss 15-inch Boot features an updated design that sets the new standard for what a fishing boot should be. The Deck-Boss Boot provides all-day comfort, high performance fit and superior traction. Designed to be tough, durable and long lasting, the Deck-Boss Boot is built with a flexible and protective toe cap and an injection molded upper that eliminates delamination and cracking. The Patented "Herkules Grip" compression molded rubber outsole is certified with SRC Slip Resistance, the most stringent level of slip resistance certification; providing best-in-class traction on wet surfaces. The flexible upper folds down when the full 15-inch height is not needed, and a 1-inch groove holds a durable silicone band that keeps pants out of the muck and legs dry.

YAKTRAX RUN

The Yaktrax Run is an ice traction device anatomically designed for use with running shoes. Run naturally on packed snow and ice with the Yaktrax Run's combination of removable spikes and steel coils, providing 360° of unbeatable traction. Continue your training during the winter with the same stability you are accustomed to on dry surfaces.

ICE TREKKERS SPIKES

Highly durable tungsten carbide soikes in an all steel housing. Very effective on icy surfaces and packed snow. Fits well over all footwear. Lightweight and easy to stow. Easy on and off. Unisex sizing.

14-10012KSm/Med29.95
14-10013KLg/XL29.95

MID SOLE ICE TRACTION CLEAT

one-size-fits-all winter traction solution ideal for a defined heel work boot. The practical and easy-to-use design drives compliance in the workplace and reduces the chance of slip and fall injuries on ice and snow. The cleats are made with durable ice-penetrating tungsten carbide spikes. The Mid-Sole cleats are different from traditional cleats as they can be rotated to the top of the boot, eliminating user hassle of removing them on work sites that require frequent indoor/outdoor transition, driving, or climbing.

Blundstone Size	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11	12	13

Rule of Toe:

- For women subtract 3 sizes from your Canadian size.
- For men subtract 1 size from your Canadian size.
- For kid's subtract 1 size from your Canadian size.

It is not abnormal for there to be some initial movement in the boot, particularly in the heel area. Length is the most important element when trying them on. All Blundstone boots have reinforced toes which help keep the shape of the boot intact. The boots will never stretch in length. However, they will stretch and mold to the top of the feet, and will easily stretch in width if required. If the fit is initially tight on the top of your feet—be patient, it will stretch, or can be easily stretched by a cobbler.

All Blundstone styles aside from the Women's series, are unisex. This size conversion chart provides a simple guideline.

BLUNDSTONE GREENPATCH CSA RUBBER TOE CAP

Jobs like tiling, trim, landscaping and concrete work seem to chew through work boot toes, a death by a thousand cuts, scrapes and dings. Rubber toe caps just make sense. Blundstone CSA Greenpatch Rubber Toe Cap boots combine legendary Blundstone comfort with even longer wear than before. Multiple safety features that meet CSA requirements keep feet safe. Chelsea height over-the-ankle protection. Dry, lightweight all-day comfort even on concrete. As always—no lace no trip.

BLUNDSTONE #180 - WAXY RUSTIC BROWN

Introducing Blundstone #180 Work & Safety in New Waxy Rustic Brown. Packed with safety yet remarkably light on the foot, saving energy and reducing fatigue. One-finger pull-on, easy kick-off, to save time and limit debris spread. Fewer seams, fewer stitch holes to leak for dry, all-day, all-weather comfort. And underpinning it all, Blundstone patented Shock Protection System (SPS) disperses shock at heel strike and reduces skeletal stress absorbing up to 90% of the impact as you walk. Blundstone Work & Safety in Waxy Rustic Brown just plain works.

BLUNDSTONE #181 - WAXY RUSTIC BLACK

New Blundstone #181 Work & Safety in Waxy Rustic Black meets most company uniform colour standards, even if the standard is blue jeans. The waxy finish protects the leather, packing more days into each boot. The patented Blundstone SPS (Shock Protection System) disperses shock at heel strike and reduces skeletal stress absorbing up to 90% of the impact as you walk. Seams over the instep, a key source of irritation, are avoided along with many potentially leaky stitch holes. Lightweight, one-finger easy, all-day comfort. Oh, we could wax on!

FOOTWEAR

BLUNDSTONE DRESS #068 - BLACK

Blundstone #068 Chelsea Black is a versatile all-weather boot crafted for dry, all-day comfort. A thinner sole profile gives 068 Chelsea a leg up for people who require black footwear at work. We hear that pilots love this boot for its sensitive "foot-feel" on flight foot controls. Chelsea boot height adds excellent support and all-season protection from the elements.

GRUNDENS 6" DECK BOSS BOOT

The DECK-BOSS™ collection was designed to provide anglers with comfortable performance driven footwear options that will outlast even the longest days on the water. We've prioritized a thicker insole to promote noticeable shock resistance and the Anti-odor cooling liner will ensure you leave the typical footwear stench behind. Built in razor siping helps move water out from under the shoe improving grip on wet surfaces and combined with a natural gum rubber outsole, you'll be standing upright on deck all day long.

Features

- All-Day Comfort Foot-Bed
- Asymmetrical Top-Line
- Temperature Regulating Liner
- 100% Waterproof
- Anti-odor cooling liner

GRUNDENS 6" DEVIATION BOOT

The Deviation Ankle Boot was designed to provide anglers with a comfortable, performance driven footwear option that will hold up on/off the water, including non-marking lugged rubber outsoles with razor-cut siping to clear mud and other debris while maintaining the much needed traction on a wet deck. We've prioritized a thicker insole to promote noticeable shock resistance and the anti-microbial cooling liner will ensure you leave the typical footwear stench behind.

- 100% waterproof
 - Anti-microbial cooling liner
 - Razor siped outsole improves traction on wet surfaces
 - Thicker insole for shock resistance and cushioning
 - Durable built-in silicone boot band

All Acton Prairie Waders \$184.95

AQUASEAL

Repair all types of gear failures with Aquaseal FD. It's a clear, waterproof urethane adhesive that comes in a handy 0.75 oz tube. After it cures, it becomes a flexible, rubber glue that is ideal for fixing outdoor gear that's in constant motion. It also offers excellent abrasion resistance. So, when fishing waders rip on the river or a wetsuit tears while diving through prickly corals, don't throw it away. Fix it with Aquaseal FD. It's also useful as a seam sealer. Don't let rips, tears, and holes stop you. Patch it up with the all-purpose Aquaseal FD and stay dry.

20-2130M0.75oz.....	12.95
---------------------------	-------

STANLEY LEGENDARY CLASSIC BOTTLE - 1.5 QT

Campsite, job site or even in the RV—the iconic style and rugged durability of this bottle means it's made to go anywhere. The double-wall vacuum insulation keeps all your drinks at the ideal temperature and the twist-and-pour stopper allows for a smoother pour. The collapsible handle is made for easy grab-and-go and the insulated lid doubles as a cup for drinking.

Dimensions: 4.7"L x 3.9"W x 14.1"H

STANLEY LEGENDARY CLASSIC BOTTLE - 2 QT

This bottle is built big for all your big adventures. Stanley's signature vacuum insulation will keep your coffee hot and your iced drinks cold for up to 2 days. The folding handle allows you to take it anywhere (and prevents it from rolling around in the back of your truck bed, boat or trailer). It's also leakproof, packable and easy-to-pour which makes it a welcome companion at any tailgate or camp out.

Dimensions: 4.5"L x 5.5"W x 14.6"H

STANLEY LEGENDARY CLASSIC BOTTLE - 2.5 QT

Keep the adventure going all day, all night, and straight into the next morning. This bottle can hold an entire pot of coffee—or whatever else you may be drinking—keeping it hot or cold for up to 48 hours. It's also leakproof, packable and easy-to-pour which makes it a welcome companion at any tailgate or camp out.

Dimensions: 5.5"L x 4.7"W x 15.6"H

TOUGH-TO-TIP ADMIRAL'S MUG - 20 OZ

This retro-inspired mug is made to stay put, no matter where you set it down—truck dashboard, boat console, or even that wobbly desk in your office. The wide base and non-skid bottom are designed for stability, while the double-wall vacuum insulation keeps drinks hot or cold longer. There's even a leak-resistant flip lid that locks in place for security.

Dimensions: 4.88"L x 6.57"W x 5.59"H

COAST CL40R RECHARGEABLE CLAMPABLE LIGHT

The COAST CL40R Clamp Light packs bold power into precision task lighting. An impressive 3900 lumens from its Wide Angle Flood Beam. Featuring a high-strength aluminum clamp and bigger light body, this rock-solid work light attaches firmly to a wide variety of supports. The clamp also doubles as a dynamic stand when rested on a flat surface. Once in place, the light rotates up to 360 degrees and tilts up to 115 degrees for the ultimate in lighting control. CL40R runs on a built-in ZITHION Rechargeable Battery, the CL40R can also be continuously run using standard AC/DC power. To continuously run the CLamp Light, plug the USB-C cable (included) into the Clamp Light and plug the cable into an available power source. Constructed of top-grade materials, the CL40R is rated IP54 for water resistance.

TENACIOUS TAPE REPAIR TAPE

Quick fix for tears and rips - Tenacious Tape is a strong and weatherproof tape that can fix tents, ski pants, and puffy coats. Available in clear and various colors, it's backed by an ultra-aggressive adhesive that won't peel off on technical fabrics. Instantly repair gear and make it machine washable after 24 hours.

20-2105MBlack.....7.95

20-2106M.....Clear.....7.95

TENACIOUS TAPE REFLECTIVE

Keep visible and safe with Tenacious Tape Reflective. This fabric tape uses glass bead technology to reflect light better than colored or fluorescent tape, making it perfect for use on jackets, backpacks, shoes, bike gear, helmets, and pet accessories. The ultra-aggressive adhesive sticks to almost any surface without peeling, and the tape is washable.

20-2107M.....9.95

ZIPPER REPAIR KIT

Compatible – Fix zippers like a pro with the most common zipper sizes with sewing tools included in one kit

20-2108M.....15.95

SEWING KIT

Make durable repairs on the go with this complete sewing kit to repair outdoor gear and fabrics

20-2109M.....11.95

ZIPPER STICK

High performance zipper lubricant for water tight and air tight zippers. Protects against rust, corrosion, chlorine and salt in all temperatures. Provides UV protection for nylon and plastic zippers. Non-toxic and biodegradable. Repels dirt, sand and organic residue. Contains no silicone or paraffin

20-2110M.....8.50

AQUASEAL FD REPAIR ADHESIVE

Aquaseal FD is a clear, waterproof adhesive that quickly repairs outdoor gear. It offers excellent abrasion resistance and cures to a flexible rubber glue. Ideal for fixing gear in constant motion, it can also be used as a seam sealer. Don't let rips, tears, and holes stop you, fix it with Aquaseal FD.

20-2130M.....12.95

AQUASEAL FD REPAIR KIT

This small but mighty package contains everything you need to permanently repair rubber, neoprene or waterproof-breathable waders, including Gear Aid's powerful Aquaseal and Tenacious patches. At 3.5" x 1", the Aquaseal Wader Repair Kit fits in your fishing vest and is ideal for keeping that cold, wet feeling out of your favorite waders.

20-2131M.....12.95

NI GLO GEAR MARKER

A rechargeable, glow in the dark keychain and marker for keys and outdoor gear. It charges by sunlight or artificial light and glows brightly at first, then fades to a constant glow that can be seen all night. It is IPX8 waterproof, dust-proof, and weatherproof, can be attached to various gear and is small and lightweight.

20-2111M.....Green7.95
 20-2112M.....Orange7.95
 20-2113M.....Yellow7.95

AQUASEAL NEO CONTACT CEMENT

Repair torn or ripped neoprene wetsuits and waders permanently within 30 minutes using this contact cement, which cures to a black, flexible rubber

20-2132M.....11.50

AQUASEAL SR SHOE REPAIR ADHESIVE

Fix footwear permanently at home or in the field with Aquaseal SR. Formerly known as Freesole, this shoe repair adhesive is waterproof and dries as a clear, flexible glue that lasts for years.

20-2133M.....11.50

BURI UTILITY KNIFE

The Buri is a compact utility knife with a titanium-coated 3" drop point blade, suitable for cutting line, slicing food, breaking glass, and opening bottles. It features a full tang blade made of 5Cr15 stainless steel and a quick-release sheath with multiple attachment options. The knife also has a built-in glass breaker and is MOLLE compatible for mounting on packs or camp gear.

Hultafors

HULTAFORS AXE WITH CASE

A small axe for outdoor use in forests and open land. Made from blasted and clear-lacquered ironwork, it is also suitable for work in the garden. The shaft is curved and made from hickory. Leather axe sheath is included. The steel is struck several times, increasing its density and thereby the durability of the axe. Has a clear tempered zone within which the axe can be sharpened whilst not detracting from the strength of the edge. The shaft is made from hickory and treated with linseed oil.

Lodge Cast Iron

As the only full line of American-made cast iron cookware, Lodge boasts quality that has been unmatched for over a century. Even heating, a natural easy-release finish, versatility and durability are the hallmarks of our great cookware. We don't just make cast iron; we make heirlooms that bring people together for generations.

Kitchenware

3.2 QUART CAST IRON COVERED DEEP SKILLET

With an extra inch of depth added to the traditional 10.25 inch skillet, this versatile pan by Lodge can do it all from deep frying to bread baking, and includes an iron cover for even more possibilities

70-1901K.....3.2 qt115.50

FAJITA SET

Add sizzlin' color to your fajitas with the Lodge Fajita Set. Includes oval fajita griddle, red stained 1/2 inch touted wooden underliner and chili pepper hot handle mitt. Griddle maintains food's warmth. Can be used on all stovetops, ovens and grills.

70-1906K.....6.5"71.95

CAST IRON SKILLET

Foundry seasoned, ready to use upon purchase. Use on all cooking surfaces, grills and campfires. Oven safe. Sauté, sear, fry, bake and stir fry to heart's content.

70-1902K.....6.5"26.95
70-1903K.....8"41.50
70-1904K.....10.25"57.75
70-1905K.....12"76.95

CAST IRON TRIVET/MEAT RACK

The Lodge trivet prevents scorching when used in the bottom of Dutch Ovens and Camp Dutch Ovens. 8.13" diameter.

70-1907K.....25.95

LODGE SEASONING SPRAY

Lodge cookware is known for lasting generations, but like any heirloom, our Cast Iron and Seasoned Steel require a little TLC to preserve that prized finish. Seasoning is an ongoing process that builds up with use and maintenance, giving you the familiar black patina that is naturally non-stick.

The origin of MASON CASH pottery goes back to the 1800's. By the 1900's the company was producing domestic kitchenware in ceramics - the best known example of this line today is their traditional mixing bowls. This has become a classic and is recognized all over the world. Mason Cash is proud to be the only company making traditional mixing bowls, from traditional materials, in the traditional way.
